17—Visit small farms in the Lowlands

18—Party will break up to visit friends in any part of the country.

BORN IN MARKHAM OVER SEVENTY YEARS AGO

After being in poor health for the past three years and following an operation last summer from which she was making excellent recovery, Jeanetta Louise Titus, beloved wife of Thomas Linton, passed away at her home in Uxbridge on Friday, January 3rd, 1947, in her 72nd year, a report in the Uxbridge Times-Journal says. Mrs. Linton had been feeling very well up until Thursday when she suffered a heart-attack from which she failed to rally passing away Friday.

The late Jeanetta Louise Titus was born in Markham in 1875, a daughter of the late Levi Titus and Esther Cockerell and over sixty-five years ago they moved to Uxbridge, where she met and married Thomas Linton, and has lived there ever since.

She was a member of the Free Methodist church

19 to 26—A week of free time

27—Assemble in London

28—Sail from Southampton

Richmond Hill Lions Give \$25,000 Hall

The Richmond Hill Liberal Lions Club in that town is about to build and hand over to the village there a modern \$25,000 Community Hall, free of all encumbrance. This is a sharp contrast with the Lions Club in Stouffville, where the organization even decided against "showing their hand" in giving organized support on the recent vote on the hall issue here.

The Richmond Hill Liberal states: "Richmond Hill will have a community hall to cost in the neighborhood of \$25,000 and answer about every conceivable purpose that could be suggested, and without cost to the taxpayers.

It will be a gift to the village from the Lions Club, and at the meeting of the village council Monday evening the club's decision to proceed with the project was revealed by Lions Tom Lamb, Paul Angle and J. A. Greene.

The meeting was one of the most dramatic ever held by a municipal council in Ontario in as much as perhaps seldom if ever have public representatives encountered such high ideals of citizenship and public service as those suggested by the Lions committee.

"The hall," said Mr. Lamb, "is to be an out and out gift from the Lions to the people of Richmond Hill. We will finance it and build it and hand it over to council with the suggestion that a commission be appointed to look after it and see that it is self sustaining."

The Lions have already had architect's plans for the hall drawn, and these plans Mr. Lamb put before council for examination. The building will be 75 feet in length, north and south, the hall proper being about 50 by 32 feet, and it will contain also wash rooms, storage room and a first class, well equipped kitchen, etc."

IMPORTANT GOVERNMENT NOTICE

Respecting Price Control

The Wartime Prices and Trade Regulations (Order in Council P.C. 8528 of November 1, 1941) established basic period maximum prices for goods and designated services. These regulations were passed under the authority of the War Measures Act and continued in force under the National Emergency Transitional Powers Act, 1945.

From time to time these basic maximum prices have been varied or the fixed maximum has been suspended in the case of particular goods and services by Orders issued by the Wartime Prices and Trade Board under the authority of the above Regulations. A few days ago a substantial number of suspensions from price control was announced.

I believe it is desirable therefore that a summary should now be published of those goods and services on which a legal maximum price remains in force under the provisions of the Wartime Prices and Trade Regulations so that all citizens may be given an opportunity to inform themselves of the law.

The complete price control regulations are contained in Wartime Prices and Trade Board Order No. 684 which is available to the public at any office of the Wartime Prices and Trade Board, and to which reference should be made for exact details.

Douglas Cooney
Minister of Finance.

Summary of

GOODS AND SERVICES REMAINING SUBJECT TO MAXIMUM PRICES

Under Wartime Prices and Trade Board Order No. 684

FOODS

- All flours, flour mixes and meals.
- Yeast.
- Bread, bread rolls, biscuits and bakery products.
- Processed cereals, cooked or uncooked, including breakfast cereals, macaroni, vermicelli, spaghetti, noodles and other alimentary paste products.
- Rice.
