next fall, because pullets eat less feed, lay better and live better than old hens.

Feed Carefully to Avoid Waste

Use the right kind of feed hoppers and don't fill the hoppers too full.

Take Advantage of Grass Range

and whole oats, two of the finest feeds for growing good pullets at low cost.

Market Your Cockerels Early

Sell as soon as they reach marketable weight and save the feed for the pullets.

When Using Ful-O-Pep Mash

be sure to follow the Ful-O-Pep Plan of Restricted Feeding.

Canada's Feed Supply is the Shortest in Years Feed Carefully. Make Every Pound do a Better Job!

Our Nation Faces a Feed Crisis

and every poultry raiser must co-operate in saving feed and stretching available supplies as far as possible. Feed ingredient shortages have so seriously curtailed the production of poultry mash that it is up to every individual poultryman to do the best possible job in the face of limited feed supplies.

Here's Where Ful-O-Pep Users

find the Full-O-Restricted Feeding Plan help to them. By following this economical plan, they may grow big, profitable pullets with less than it would take with ordinary feeding plans.

The Rich Feeding Benefits

in Ful-O-Pep Mash enable users to take full advantage of fresh green grass... to feed larger amounts of oats... and to restrict amount of mash and grain at eight weeks.

So If You Are Feeding

Quaker Ful-O-Pep Chick Starter and Growing Mash be sure to follow the Ful-O-Pep Save-on-Feed Plan of restricted feeding to grow heavy layers on less feed.

Hockey Club to Supper

John Scott, well known retired farmer in town was on hand after Saturday night's hockey triumph with a real sporting gesture, as he treated the entire team and management to a fine lunch with all the trimmings, at the Mayfair. A BIBLE THOUGHT

In the Mark 13:31 we read that "heaven and earth shall pass away." I cannot see where the righteous will go if heaven is destroyed along with the world.

There is no need of worry. The heaven referred to in Mark 13:31 is the atmospheric heaven which surrounds the earth. The apostle Peter describes this event as a great explosion: "But the day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up." 2 Peter 3:10.

The Right Number, but The Wrong Horse

Newmarket Era, Feb. 27: "As we see it Aurora must get the call to take the round in two straight games. At one time we fancied Stouffville over Aurora but the Aurora kids have developed such a will to win that should carry them over the hurdle. Stouffville, according to reports, is suffering from illness and injuries, but this may be well intentioned publicity." In referring to the recent Junior O.H.A. hockey finals, this well known Newmarket weekly sports columnist sure came out on a limb when he wrote the above quotation, and it looks as if the limb broke.

Trounce Aurora Handily in First Game of Playoffs

Stouffville 10, Aurora 6

Stouffville won the "big half" of the championship hockey series, just completed when they trimmed Aurora in the first game 10-6. The game meant a great deal to each team, and while Aurora were granted an edge on having their home ice, the Stouffville lads felt they were capable of a much better performance than that in which they lost to Aurora 4-2 during the schedule, and which proved to be right. Gord Lewis proved to be the big gun for the locals, scoring goals eight, nine and ten for his team. Keith Jewett, Gord Minton and Bill Mabbett were right on his heels with two each, while Mac Clement started the boys off with the first counter.

Mundell and Wilkinson scored two each for Aurora, with McGhee and Simmons getting one each. Stouffville put the pressure on right at the start and scored twice in the first five minutes, Clement's goal was a solo effort, while Jewett and Rumney came in for assists on Minton's tally. Aurora countered with one, while Minton slipped Jewett a perfect setup just before the bell, to end the period 3-1.

Penalties proved costly in the second period, as with Campbell in the cooler, followed by Jewett, Aurora tied the count, and looked for a time as if they were well on their way for more. However, Moore held them off and at full strength again Stouffville countered four times before Aurora could reply. Jewett and Lewis set up Minton and Mabbett for two quick ones, while Jack Rumney broke through to slip Mabbett another pass making the count 6-3. Aurora were dazed by the sudden turn of events but their continued trusts were rewarded at 16:05 when McGhee made it 6-4, on a pass from Attridge. At 18:05, Jewett got his second goal, Minton and Sellers getting the assists, ending period two, 7-4.

Mac Clement suffered a twisted knee in this period, but returned to the ice early in the last round. Mundell had cut Stouffville's lead to 7-5 when Lewis started his barrage. Lloyd Pascoe who had been flying all night, but just couldn't get a bead on the net, set Lewis up for goal number eight and Jack

There were numerous cancellations of events on Monday and Tuesday, including the Men's Christian Fellowship meeting and the minor hockey tournament for the King Clancy trophy at Markham, in which two local teams were participating.

300 POUNDS BUTTER STOLEN AT CREAMERY

Three hundred pounds of butter were stolen from the Newmarket Creamery by thieves, who gained entry by forcing the rear door.

Rumney passed out for Lewis' ninth counter. Wilkinson beat Moore from the corner with just five minutes left, but Aurora's luck was gone, and Lewis completed the hat trick at 17:00, unassisted, flipping in the rebound from his own shot. Pascoe drew a minor penalty in the last period, but no damage resulted. Patrick and Andrews were the only two offenders for Aurora. Jack McEckerman was the O.H.A. official.
