HOPE TO PASS NEW AREA TO TAKE EFFECT JAN. 1, 1948

Members of the Aurora high school board and school trustees from Schomberg met with Reeve Elmer Brandon of Swansea, chairman of the county education committee and representatives of his committee to discuss the proposed Aurora high school area. Inspectors Duffin and Howitt of the department of education and county auditor Jack Bounty were also present. It is hoped to have the new area passed at the June session of York county council to take effect on January 1, 1948.

Fear that the increased assessment resulting from the area would take the school area out of its present classification for obtaining Ontario grants approximating around 75 per cent, appear groundless. Bus services required for the area were estimated at around \$10,000 per annum. At present it is costing around \$80 per pupil for this service paid in each instance by the individual school section with a government grant so that taxpayers in the rural areas might well expect a tax reduction.

Schomberg, whose continuation school will be absorbed by the new plan, will gain considerably as at present the school section pays 6.04 mills per year. Aurora now at 2.6 mills will not increase it is expected but will likely show a small decrease to the ratepayers. King whose general secondary school tax is now 1.04 mills, should also show a decrease. Figures for Whichchurch were not available but there should be no tax increase if the plan is adopted.

Whichchurch west will be part of Aurora and Newmarket for high school purposes, while the east side of the township will form a school area with Stouffville. The boundaries have been decided on, and the new area will become effective in January 1948, Mr. Brandon said and providing the bylaw passes county council in June which is a foregone conclusion the chairman reported.

VANDORF
 (March 13)

Mr. and Mrs. Howard Davis of Toronto visited Mr. and Mrs. Aylett on Sunday.

Miss Jessie Britton and Miss Grace Beech of Toronto accompanied Miss Ruth Oliver home on Sunday afternoon.

Mr. and Mrs. Kenneth Bacon visited relatives in Stouffville on Sunday.

Mr. Cullingham has been a patient at York County Hospital for two weeks.

Congratulations to Mr. and Mrs. Norman Heintzman who have a baby girl born on Friday, Feb. 28th at York County Hospital.

Vandorf School was closed four days last week following the snow-storm and opened again Monday morning this week. The Aurora sideroad has been completely blocked with snow since last Monday, March 3rd. It was opened as far as James Wright's to Aurora on Saturday Traffic other than motor is travelling via Wright's fields. Until Saturday the milk was taken by sleigh through eight different farms including Oliver's, Crawford's, McTaggart's, Austin's, Richardson's, Jim Porter's, Ewart Pinder's and G. Timber's. The fourth concession was also cleared on Saturday. All the available man power in the community was working, many of them until 2.30 a.m.

There was Sunday School and church service at Wesley on Sunday morning as usual.

Vandorf has lost another well known and highly esteemed citizen in the passing of Mrs. George Staley.

Mrs. Staley retired as usual about eleven o'clock on Saturday night. Her little girl Betty became alarmed when her mother didn't answer her so she went next door and called Mrs. Robert Brown, a trained nurse. Mrs. Staley had suffered a heart attack.

She was born 51 years ago at Bethesda. Her maiden name was Elma Grace Pointon. She lived later on the third and the fourth concession of Whichchurch, spending her entire life in this community. She attended Wesley church and Sunday School—regularly. She was a member of the Women's Institute and the Women's Association. She had a friendly nature and was a good neighbor and a devoted wife and mother. Her husband predeceased her a few years ago.

All the family were present at the funeral service including five children, Miss Erla Staley of Streetsville, Erma (Mrs. R. Mannen) of Copetown, James, Robert and Betty of Vandorf; four stepsons, Lorne, Clifford and Ernest Staley of Brantford and Howard Staley of Toronto; three sisters, Ruth, (Mrs. Walpole) and Miss Cora Pointon of Toronto and Ella (Mrs. Millard) of Sault Ste. Marie.

Rev. Ernest Moddle conducted the funeral service at Wesley Church on Tuesday afternoon. Interment was made at Heise Hill cemetery.

The pallbearers were Peter Mackey, Stephen Eade, Ernest Eade, Colin Pattenden, Robert Brown and Loy Carr. Deepest sympathy is extended to the sorrowing relatives.

REPORT OF EMPLOYERS NEEDED

There are at the present time in Canada thousands of veterans who are receiving through training schools, or training on the job, basic knowledge of many and varied trades and businesses. These veterans are using their re-establishment credits to make themselves better workmen and thus to gain for themselves great job security, higher wages and greater happiness in their work.

One of the most successful projects in the work of rehabilitation of Canada's servicemen and women is the training being afforded through schools operated by Canadian Vocational Training. Basic knowledge is being imparted in concentrated form to alert young workers who have had the vision to see that mastery of a craft improves their chances of success. Years of apprenticeship are being telescoped into months of intensive work in these schools, and through a program of training on the job, in the actual process of production.

The actual training is only half the story. The final chapter in a veteran's rehabilitation will be written only as he is given an opportunity to put these new skills, which he has acquired, to work—an opportunity to gain experience and confidence in his chosen vocation. If you have need of additional help in your business or factory why not get in touch with the Canadian Vocational Training organization and see whether they have a veteran who has received training, or could receive training on the job, to fill your needs.

BEEF PRICES

To encourage a steady movement of cattle during the next few months, when marketings are usually light, Wartime Prices and Trade Board has announced an upward adjustment in the ceiling price of Red, Blue and Commercial grades of dressed beef, which became effective Mar. 3, and which were reported in this paper at that time, but the exact date was not certain and local butchers made no change in price.

This controlled increase will be two cents per pound at wholesale, carcass basis, and three cents per pound to the consumer on standard or primary retail cuts. These increases apply to the three top qualities only, and prices on all other qualities of beef will remain unchanged.

The amount of the increase allowed in the new schedule, it was

The amount of the increase allowed in the new schedule, it was emphasized, will permit cattle buyers to pay approximately 15 cents per pound for top quality cattle, basis the Toronto market.

GIVE YOUR CHICKS A FLYING START!

FEED PURINA CHICK STARTENA
 THE STARTER WITH "INGREDIENT POWER"

Remember last fall's egg market? Everything points the same way for this year. Anyone who has a flock of well grown, fully developed pullets in production next fall is going to be "in the money."

How about your flocks? Will you be "wishing" or "cashing"? It depends partly on the kind of chicks you start, partly on the way you start them; partly on the way you grow them.

We can supply Purina Chick Startena, the starter with "ingredient power" to get your chicks away to a flying start.....Chick-R-Tabs to protect their health (drop one tablet in each quart of drinking water)..... and a good Purina growing feed to grow them out big and strong, once they're past the starting period. Use these helps to better pullets and next fall you'll not be merely wishing — you'll be cashing.

Let us fill your Coal Bin Now with Fuel for next Winter - good Anthracite or Soft Coal as you desire
