

C-I-L SEED Disinfectants

Provide a low cost seed treatment for every major crop. Of all plant diseases, those carried by seeds are most important. Smuts of small grains, root rots of corn, damping-off of flower and vegetable seedlings and many other diseases, are surface seed-borne. C-I-L Seed Disinfectants help destroy these seed-borne disease organisms before they can do damage; promote better stands of more vigorous plants and increase yields.

"Ceresan" for Wheat, Oats and Barley.
"Semesan" for Vegetables and Flowers.
"Semesan Bel" for Potatoes.

ORCHARD SPRAYS

Niagara Brand Spray Products are known in Canada and represent the latest in scientific research and development. Mrs. Herbert Lee has been spending a week or two in Toronto with members of her family there.

Every Town Has Them

The editor of the Lucknow Sentinel comments on a specimen of human being on which that community has no monopoly. Every town has them and usually they are among the most vociferous of our citizens. They are the ones who are critical because the town is dead. There is no tennis court, no swimming pool, no amateur dramatic society, in short, they tell you there is literally nothing for the young people to do. Yet these same people are the last to come forward with their services when such things are planned and they are first to criticize when some well meaning souls do accomplish something for the good of the town. There is no greater detriment to any community than the person who will do nothing of a public nature himself, yet pokes fun at those who make an attempt to do so.—Dutton Advance.

Local and Personal Happenings

The price of newspaper paper has increased \$32 a ton in the past year, with previous increases from pre-war levels before that.

Mr. and Mrs. Jas. Evans and Keith of Toronto were Sunday visitors with their aunt, Miss Sadie Stewart.

Grant Turner has rented the former Mrs. Williamson house on Church street, and with his wife will move in shortly. The house was recently purchased by Robert Burnett.

Good's ambulance removed Mr. Robert Winterstein from his home in Whitchurch to the Brierbush Hospital last weekend. In poor health for some time Mr. Winterstein became a hospital patient in hope that his condition may soon be restored to normal. However, he is reported to be very weak.

During the blizzard that passed over Ontario the early part of last week, without missing Stouffville, a terrific gust of wind on Market street drove in the plate glass front of the new Stouffville laundry and dry cleaning plant. However, the up-and-going Mr. Hewlett soon replaced the broken plate with one heavier than ever, so that it will take more than a mere blow from Old Man Winter to clean up on the cleaners in the future.

The Horticultural Society have available a reasonable number of maple trees for planting on the boulevards. If you would like a tree in front of your premises this spring, let the president or secretary know and in all probability one will be planted without charge to the property owner. Nothing looks more attractive than a nice row of shade trees along any street.

Tomorrow is Good Friday the first holiday of the spring season. Many residents of Ontario will be enjoying their first long weekend holiday this year, a thing that city folks are very fond of. Of course, we in the country, are not in a position to enjoy such holidays, nor are we in need of them to the extent as city folk, who are more or less cooped up in cramped quarters for long periods.

Wait and See

In the very early days among Indian tribes, children were not given a name until some feat, some accident, or some personal peculiarity identified the youngster, and determined his name for him. The custom had some merit, we suggest. For instance, you could readily think of some older people or some youngsters you could apply a more fitting name to than the one bestowed on them at time of birth.

More Light at School

The very place where more light is supposed to shed there has been a noticeable lack of it. We refer to the school building, but this poor situation has now been remedied, since the Board of Education has increased the number of lights in the hallways and placed a light or two at the front entrance to the building which never before had been lighted at all. Certainly the additional lights will be appreciated by parents and others who from time to time visit the school in the evening time. Lighting in the rooms has been steadily improved from time to time, and we trust is being well taken care of. It is expected that some repair work will be done at the school during Easter holiday, including repairing plaster and perhaps decorating some very dirty hallways in the basement area.

OTHER TOWNS UP WATER RATES

Alliston water rates are to be increased fifty per cent which seems to be a general increase in many municipalities. In the case of the town of Alliston the old rates were higher than the new rates recently imposed in the village of Stouffville, and which local increase was accepted here without so much as a ripple from the water consumers. They realized the rates were ridiculous and needed jacking up if the system was to have money spent on it. Old rate in Alliston was \$10.60 for a dwelling house, one family and the new rate will be \$14.40. The new rate in Stouffville is \$8.00, a point we make just to indicate to the local people how fortunate they are to have such good water at bargain rates.

WEDDINGS

YUERS—WIDEMAN

On Saturday, March 22nd, 1947, in Toronto by the Rev. Crossley W. Krug, Welma Kathleen Elizabeth Wideman, daughter of Mr. Noah Wideman and the late Mrs. Wideman of Gormley, Ontario, to Mr. Albert Yuers, son of the late Mr. and Mrs. Henry Yuers of Chesley, Ontario. The happy couple will reside in Toronto.

Mrs. Burnham of Uxbridge, has been visiting at the home of her brother, Mr. John Scott in town.

While the definite date is not yet known for the Junior Hockey finals, we have been asked to post the fans that there will be a bus going to both games. Stouffville's home game will be in Oshawa, but where the winner of the Orangeville-Goderich series will take home ice is not definite.

Russel Nendick, former Stouffville boy, who has been carrying on farming in Scott Township north of Uxbridge near Leaskdale, is giving up farming and will hold an auction sale there on Thursday, April 10. Russel may return to the home district, and will be available to take up some employment here at an early date, we understand. A. S. Farmer has been engaged to sell the auction, which is announced in the sale register.

The Stouffville Women's Institute met at the home of Mrs. B. Lickorish with the Pres. Mrs. Malloy presiding. The meeting opened with the ode followed by the Lord's Prayer. The motto was given by Mrs. Gordon Lemon. Folded hands are ever weary, selfish hearts are never gay, life for these hath many duties, active be then while you may. Many items of business were dealt with. Mrs. Davey gave a report of the work of the War Branch. Many cards and letters of thanks were received. Mrs. Kellington gave a report of the directors' meeting held in Toronto, also a paper on "Citizenship". There was also a sale of household articles, closing with a social half hour.

Leaving Birthplace for Town Life

Mr. and Mrs. Clayton Baker moved last week to their remodelled apartment on Church street, recently acquired from Mr. Jacob Meyer. The former Baker house on Main street will be occupied right away by the new owner, Mr. William Conner who is retiring from the farm west of town. Mr. Conner was born on the place he is leaving on the townline just west beyond the outskirts of the village, and it was acquired by his father about seventy years ago. It has been sold to W. Ferguson, son of Mr. and Mrs. Peter Ferguson, 9th concession. The change will be quite an important adjustment for Mr. Conner since there have been comparatively few nights in all his life that he has not slept on the home acres where he first saw the light of day. It was here, too, where he brought his wife as a bride, and Mrs. Conner of course will also find town life quite a change.

GOODWOOD

(March, 27)

Glad to report Mr. F.A. Forsyth is able to be out of bed after a very severe illness. We hope he will continue to recover.

Mrs. Samuel Davis is still not very well, yet we are hoping for a speedy recovery.

Congratulations to Mr. and Mrs. Bruce Walker (nee Margaret Bowen) on the birth of their daughter at Toronto Western Hospital, March 22nd, 1947.

Mr. and Mrs. Bert Ashenurst of Toronto spent the weekend with their parents Mr. and Mrs. Jno. Ashenurst.

Miss Jessie Reid of Toronto was a recent visitor with her parents Mr. and Mrs. J. F. Reid. Property is again changing hands in Goodwood. The former Legate place, which Mr. Wm. Wilkinson bought has been sold to a Toronto man. The house now occupied by Miss Minnie Lee has been sold to John Todd, while Mr. Jno. Thompson and R. Komack have purchased the Jos. Crawford property formerly owned by E. Mantle.

Mr. Wm. Brown is to move from the house on the Robert White farm to one of the apartments in the old Forsyth hotel owned by Stanley Slack. Mr. J. Mitchell is moving from the Geo. Pockler house to the house on the White farm.

Mr. Wm. Hackney is looking for a house to rent or maybe buy in Goodwood. So anyone wanting So Goodwood or a house and some 10 acres of land better see Mr. Jno. Thompson or Mr. Komack at Lincolnville.

We expect our new neighbors from Ottawa who purchased the Wm. Whittleton house to arrive soon. Some of the old timers in Goodwood will have to get some of the present residents to introduce you to the new comers.

Rev. Sam Henderson of Toronto will be the preacher in the Goodwood United Church and is anxious to have a good Easter service with music and special singing. He requests all to assist in making these services a success.

Mr. and Mrs. D. McDonald attended the wedding of their nephew Earl McDonald at Aurora on Saturday also Alfred McDonald attended the wedding of his son.

E. A. Grubin, R.O., Optometrist will be at his office in Stouffville on Monday, April 14th.

Stouffville Arena closed its doors on Saturday night to probably the last public skating crowd this season.

Don't be caught with a 1946 marker on your car. Time has elapsed for the use of these markers.

Dr. L. S. Klinck, Vancouver, B.C. who is in Ontario on a business trip, is visiting his mother in town, Mrs. Thos. Klinck, and his brother Harry and sister Mrs. F. C. Rowbotham and their families.

Eldon Fairles, Lincolnville farmer, is nursing a fractured left arm as a result of a kick from an animal which he happened to be passing behind at the right instance to receive the blow.

Home from Jamaica

Hector Batt returned last week after spending nearly three months down in Jamaica at the home of his sister Mrs. Knight. Two and even three crops a year for some products is the common run in that warm moderate climate. Mr. Batt flew part of the way home, or from Jamaica to Miami, and then travelled the balance of the journey by train. He had a fine holiday, liked it very much, with just one complaint—the Tribune does not reach the Knight home until six weeks after publication day. The publishers will see if anything can be done about that, since it is poor service on the part of postal authorities somewhere along the line.

Markham Takes Sundridge Round in Oshawa, Monday

Markham held a strong Sundridge team to a 3-3 tie to capture the O.H.A. Intermediate "B" semi-final round, 9-7. A crowd of 3,100 watched the thrilling game. Markham jumped to a two-goal lead midway through the final period, but when Bucko McDonald moved to the Sundridge forward line, his assistance brought the teams on even terms.

Feature of the game was the fine performance of Pectura in the Sundridge goal. This is the same lad who played on the wing for Oshawa when they last captured the Memorial Cup.

Bucko McDonald was the star for Sundridge going the full 60 minutes except for a couple of trips to the cooler. Sundridge gained an early lead when Sedore took a pass from Waldriff to open the scoring at the six-minute mark of the first period. It wasn't until the 16-minute mark that Lawrie knotted the count. The middle frame was goalless. Markham put up a strong offense as the third period got underway, and with M. Bangay displaying some tricky stickhandling, took a two-goal lead.

ATTEND MASSEY-HARRIS BANQUET

Road Superintendent Wm. Clark of Markham township and Councilor Fred Timbers of Whitchurch were among the guests at the Massey-Harris centenary banquet held in Toronto last week.

Easter Sunrise Services

SUNDAY MORNING 7 o'clock
GORMLEY MENNONITE BRETHREN IN CHRIST CHURCH

When the rising sun observes the Anniversary of Christ risen, Easter services are their most inspiring... most inspired. There's a treat in store for you spiritually if you attend your first Easter Sunrise Service this year.

A CAN
OF MILK

WOOD'S Milk Cooler

TAKES TEMPERATURES OF FRESH WARM MILK DOWN 50c. IN ONE HOUR

More Canadian farmers bought Wood's Milk Coolers last year than all other makes combined—evidence of the satisfactory service Wood's Cooler gives. Rapid circulation of the water by the Wood's design, Cools Milk Fast—brings mild down below 50 degrees in one hour. Accurate controls automatically keep temperature within 3½ degree range—avoid spoiled milk losses.

Wood's Milker

CUTS MILKING TIME IN HALF

Wood's Milking Machines cut the work and time of milking in half. These machines have a number of exclusive features; seamless one-piece pail, entirely rustless—easily cleaned. They are available for use with gasoline or electric power. In these days of help scarcity, make your electricity save you work and money. With a Wood's Milker one man can milk a herd that would take at least two men to milk by hand. The Wood's Milker is easy to operate, simple and trouble-free in construction and attractively priced.
