A bylaw has just been enacted by Markham township council that is designed to order goats off the streets in Unionville. Beginning now owners of dogs will be liable to a fine if they permit their canines to run at large. Probably in the winter season the constable will not enforce the bylaw too rigidly, but with the coming of garden time, it will be enforced.

## in Marmill Feeds

We are firm believers in the use of Vita-Gras in Marmill Poultry Mash and Pellets. Vita-Gras, a product derived from dehydrating succulent green cereal grasses grown on specially prepared land, are cut before they start to grow coarse and treated the same day as they are cut; they make a valuable addition to Marmill Chick Starter, Growing Mash, Laying Mash, and other Marmill Poultry Feeds.
