

Swift Mosquito set new record for the London-to-Cape Town flight, making two stops for

refueling. Members of the crew were Squadron Leader H.B. Martin, left, and Squadron

Leader E.B. Sismore, third from the left, studying route map with airmen.

Mother Hound Has 25 in Two Families

With the second litter of pups within a year, a valuable fox hound belonging to Walter G. Byer, 8th concession, Markham, may boast of having mothered no less than twenty-five of her own offspring in that period.

One year ago this hound had a family of eleven, and as if to out-do that remarkable sized family the fox hound last week gave birth to a family of fourteen, to reach the grand total of 25 in just a year. Latest family is divided nine males and five females.

Described as one of the finest types of the breed, Mr. Byer says last year's pups turned out well, and proved an intelligent lot. The owner has been booking orders, but didn't anticipate the "rainfall", consequently he can fill further orders.

SEEDING AGAIN HELD UP

For a second time seeding has been completely brought to a standstill in Stouffville district, excepting possibly on the sand loam north in Ballantrae and Vivian districts, and in Uxbridge township.

South, west and east the clay lands are a mire of mud, but so far no fear is felt that seeds have been drowned out. Intermittent showers every day has prevented any work on the land this week going ahead, and as we go to press on Wednesday anything but good prospects for fair weather were promised.

While almost every farmer has some seeding done not more than a third of the total has so far gone in the soil.

Everything depends on fair weather within the next ten days, failing which a serious situation would be facing the province.

Send The Tribune to absent friends.
