91 CANDLES ON BIRTHDAY CAKE AS "GRANNY BELL" CELEBRATES

Long known to many friends and acquaintances as "Granny Bell," Mrs. William Bell celebrated her 91st birthday at the home of her son, George Bell, St. Clair Gardens, Toronto.

Born in Vaughan Township, near Temperanceville, King Twp., she is the sole surviving member of a family of six girls and two boys born to Mr. and Mrs. George Dibb, pioneer settlers from Yorkshire, England. She became a bride at 19 and settled on a farm on Yonge street near Bond Lake, until the land was sold to the old Metropolitan Railway for an amusement park.

After operating a store and post office at Sherwood for a short time, she went to Toronto 47 years ago, and took up residence in the Earls-

court district, where she became popularly known by her nickname.

Three sons, two daughters and several of her 16 grandchildren and 10 great-grandchildren took a keen interest in the celebration and the lighting of the 91 candles on her birthday cake. Mrs. Bell recalled riding on a lumber-wagon and seeing bear and deer in Vaughan and King Townships.

Going to market, 15 miles away in Toronto, she recalled leaving many times at 2 a.m. and not getting back until 11 p.m. She also told of the laying of the tracks for the old Metropolitan Street Railway and recalled when Temperanceville was known as "Love's Corners."

Miss Reta Nicely, R.N., London, was in town this week visiting her mother, Mrs. John Nicely west of town.

Mr. and Mrs. Stanley Robinson of Colborne were visiting her parents, Mr. and Mrs. Alfred Pugh over Sunday last.

Miss Marie Anderson and Miss Mary Campbell of Toronto were weekend guests of Miss Aurelia Jennings.

Rev. C. S. McGrath of Kapuskasing has been spending a few days with F. Glen Ratcliff.

Isn't it remarkable the influence the weather holds over people, and after all there is little of more importance than the weather when considering our physical existence. Monday it rained and seemed as though the sun might never shine again. People were more or less gloomy. Then Tuesday broke with a beautiful sunshine, and spirits rose. The weather warmed, and prospects for a better crop improved immediately.

Son of the late Harry Perry, painter and decorator, Ray went to school in Stouffville, learned the telegraph operating under the late John Hodgins, and at the time of his death was a despatcher at Belleville. The death of Herbert J. Love in Toronto on Sunday is learned with regrets by old friends in town, who recall that Bert Love retired to this town, but owing to ill health returned to the city four years ago. While resident here he took an active part in the Lions Club and served as secretary. His affable manner won for him scores of friends. To Mrs. Love who became acquainted with many people here the sympathy of all goes out at this time.

Correction

In reporting the passing of George Peck at Ringwood in our last issue, the name of his only son George was omitted from the obituary notice, and friends called the matter to the attention of the newspaper. We regret the oversight. Besides his wife, Mr. Peck is survived by an only daughter, Mrs. Len. Wilkes, and by the son George whom we omitted to mention last week. Geo. is carrying on the farm work in which his father took such a keen interest before his illness.

GET YOUR FUEL IN EARLY

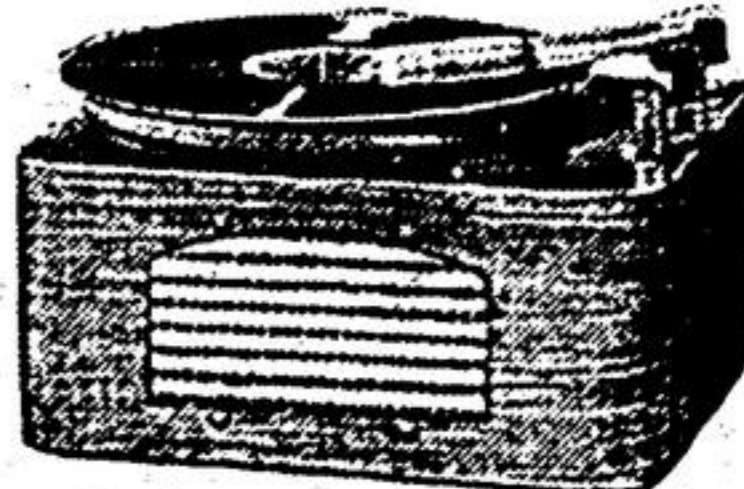

Householders are urged by the government at Ottawa to put in their coal for next winter without delay. The situation foreseen next fall is critical, it is stated, so far as fuel is concerned, and this not only applies to coal, but even more so in the field of fuel oil. Efforts are being made to stop the installations of oil since it is claimed there is not enough to go around. Even with so-called firm contracts, if the oil is not available, the contract is not of much help.
