

Rural Gathering Held in Mt. Albert

Over thirty members of the Toronto East Presbyterian Women's Missionary Society of the United Church and friends enjoyed a drive through the country side to the 21st rural gathering held in Mount Albert United Church where a sincere welcome was extended by Mrs. W. Burgess, local auxiliary president and ladies of the church. Spring flowers were everywhere. Mrs. A. M. Wood presided at the morning session, theme was, faith and truth.

Be true to the best that is in you. Have faith that's ever so strong. A team that will truly guide us Ever upward and onward to God. Mrs. A. E. Nourse, president, opened the meeting. Mrs. G. L. Third brought highlights from the Conference Branch and said "if we wish to serve God we must serve man and by going to the other side of the world we would see the bloom on this side." Mrs. F. R. Snarr, Replacements Committee of Dominion Board and Mrs. Nourse held a discussion on opportunities and responsibilities. We must meet, work and study together

Together
Some have a share in the beauty

All have a part in the plan— So what does it matter, the duty That falls to the lot of man?

Some one has moulded the plaster. Some one has carried the stone. But neither the man nor the Master Ever has builded alone.

Making a roof from the weather Or building a house for a king Only by pulling together Has man accomplished one thing.

They stressed the need of accurate reports sent in and said Stewardship was service for others.

Mrs. A. E. Nourse introduced the executive to the gathering. At a very delicious luncheon served by the hostesses, Rev. Wm. Burgess brought greetings from the church.

Theme for afternoon session was "the crest and crowning of all good Life's final star in Brotherhood and was presided over by Mrs. F. A. Bunt. Worship service and a selection by a trio was conducted by members of Bethesda Affiliated Society and Uxbridge Auxiliary.

Conference Branch Highlights were brought by Mrs. W. Shier and Mrs. A. Baker who said "Love is the greatest thing in the world and surpassed all human love and is the gift of God Himself." Reading Burgess.

books was like a door opening into the lives of others. Some good, some spicy and some garbage. We should try to influence the lives of the young for the mission fields as the need is so great.

The address of the afternoon was given by Mrs. A. Roger Self, Dominion Board president, who took us on a trip to our Home Missions. She said "doing the impossible is the glory of living." Our board realized new areas could be opened up if we had the money and with God as our helper ways and means did open. Worth while work is being carried on in Manitoba at Tvelou Boys' Home at Portage La Prairie Indian residential school, Saskatchewan, Alberta, Edmonton, Boneville boys and girls school and hospital, Cold Lake hospital, also kindergartens in Vancouver. The workers have caught a vision and have gone to do their bits of work. Our job is to keep on creating interest and admonished us to pledge ourselves to tell one this summer.

A selection by Mount Albert Mission Band, in India costume, was greatly enjoyed.

An invitation was accepted to hold next year's gathering in Zion church, Wexford. Meeting was closed by Rev. W. Burgess.

VICTORIA SQUARE

The W.M.S. Fiftieth Anniversary was very well attended, with friends from Toronto, King, Richmond Hill, Brown's Corners, Headford, Unionville, Melville, Gormley and other points. Mrs. S. L. Fear, president of Toronto Centre Presbyterian, gave a splendid address and other officers brought greetings. The historical account of the Auxiliary was read by Mrs. McRoberts. A life membership certificate was presented to Mrs. Collard by the Auxiliary in memory of her mother, the first president, also to Miss Mabel Sanderson by her mother, to Mrs. D. Gee by Mrs. R. F. Boynton. The W.A. very kindly served sumptuous refreshments with Mrs. E. A. Currey and Mrs. Frank Brumwell pouring tea. Miss Fierheller of Toronto cut the birthday cake.

FROZEN FOOD

The length of time a product may be stored in a freezer-locker without loss of quality is determined by temperature. Best results, advise the refrigerator authorities are obtained by storing at zero to 5 degrees F. above. There is no particular advantage, they say, in storing at below zero. Micro-organisms dangerous to health will not grow below 14 degrees F., and botulinus toxin has not been known to develop below 40 degrees F. Pork, fish, ground meat, and cut poultry keep longer if packed in tough moisture-resistant material.

PRICE FIXED FOR STRAWBERRIES

The Ontario Farm Products Marketing Board has approved a unanimous recommendation of the negotiating committee of the Ontario Berry Growers Marketing Board, reached at a meeting in Hamilton, that the minimum or floor price on strawberries purchased for processing in Ontario this year be 17½ cents per quart box of 20 ounces, with crates and boxes to be returned where furnished by the growers, or to be supplied by the processors.

The negotiating committee also agreed that because the demand is so far in excess of the expected supply, no minimum price will be established for raspberries for processing, leaving this crop to be absorbed by the open market. Strawberry crop prospects at this date are most promising. It is emphasized that the 17½ cent price is a floor price only, with the industry free to pay any price above that level that may be reached by mutual agreement between the grower and the processor.

BIBLE QUESTIONS and ANSWERS

Question—Do you believe that wicked men get all their reward before they die?

Answer—According to the Bible, wicked men do not receive all their just reward in this life. 2 Peter 2:9: "The Lord knoweth how to deliver the godly out of temptations, and to reserve the unjust unto the day of judgment to be punished."

Q.—What is meant by the word "millennium?"

A.—This word itself is not found in the Bible. It is composed of the two Latin words for thousand and year, and simply means one thousand years. This period begins at the second advent of Christ and ends with the second resurrection, which is that of the wicked. (See Revelation 20.)

Q.—Is there any chance for the worst man in the world?

A.—The Bible says that Christ died "for the sins of the whole world." 1 John 2:2. And in Jeremiah 31:3, it is written: "The Lord saying, Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee." This ought to give hope to that "worst" man.

Q.—Where do the little babies go after the resurrection? They surely have not sinned, have they?

A.—In Deuteronomy 1:39, we read that "your little ones.....had no knowledge between good and evil." And in James 4:17: "Therefore to him that knoweth to do good, and doeth it not, to him it is sin." No, they have not sinned. Jesus said in Matthew 19:14: "Suffer little children, and forbid them not, to come unto Me: for or such is the kingdom of heaven."

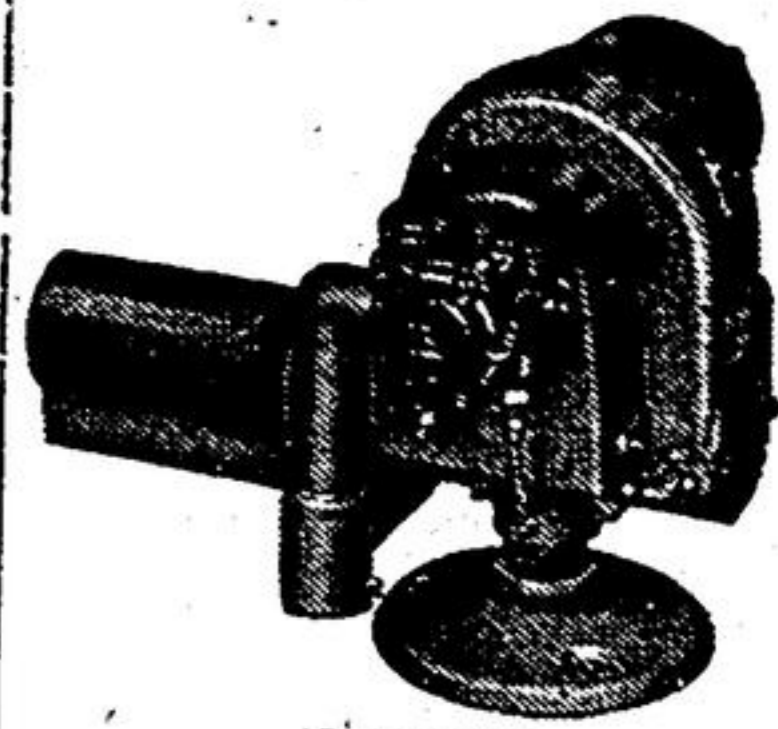

Q.—Can one born out of wedlock enter the kingdom of heaven?

A.—Why not? The civil status of one's birth has nothing to do with his personal salvation. We read in Romans 10:13: "For whosoever shall call upon the name of the Lord shall be saved"; and in Revelation 22:17: "The Spirit and the bride say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely." The Levitical law of Deuteronomy 23:2 has nothing to do with the salvation of any human being.

"There has always been a great Christianizing of thought in India although the number of Christians is comparatively small," declared here B. R. Ralla Ram, president of the National Christian Council of India, during a visit to Ottawa.

Hundreds will testify to the good results obtained in Tribune classified.

FREE CHEST X-RAY

IT COSTS YOU NOTHING TO BE SURE YOU'RE HEALTHY

• It is well worth your while to have a free X-Ray . . . to make certain you are healthy. The X-Ray is the only sure method of discovering tuberculosis in its early and curable stage. There may be no signs, or symptoms. An X-Ray can detect it. The menace of T.B. can strike an apparently healthy person and cause suffering, misery and expense for many years. But discovered early, and treated immediately, T.B. can be cured.

Plan now to have all members of your family over 6 years of age X-Rayed in the community survey.

Protect your family! Rid yourself of uncertainty! Have your chest X-Rayed!

Christmas seals paid for this survey.
