**Say, Seat, to the Cat**

There are still lots of mean or sneaky people hereabout, in this class we place folks who bring kittens into town and dump them on the street to become a nuisance to householders. Recently two lots of kittens were dropped on Main street by unknown persons. Persons who find themselves with unwanted kittens could easily drown them in a very humane way, rather than sneak them off on other people.

At a special meeting of the municipal council on Monday evening, it was decided to proceed at once with the installation of water main extensions from Baker avenue east to a point in front of Bert Tait's house, thereby cutting off pipes under the roadway there that freeze every winter. Other extensions will be proceeded with when more 4-in. main pipe arrives, but which is in very short supply, and requires 90 days to get delivery.
