RATCLIFF & CO.

The Rev. Jesse W. Route, pastor of a negro church at Jamaica, Long Island, is shown as he was interviewed during a radio broadcast regarding his experiences in evading anti-Negro customs during a recent visit in Mobile, Ala. Rev. Route, wearing a rented turban, as shown, and speaking a "slight Swedish accent" spent a week in the southern city where he was treated like a "visiting dignitary," by white civic and political leaders.

ALTONA BRIDE WEDS CHERRYWOOD FARMER

A happy wedding was solemnized at the home of Mr. and Mrs. David Nighswander, Altona, when their daughter Mary became the bride of Wilbur Barkey, son of Mrs. and the late Elias Barkey of Cherrywood. Mr. Abram Smith was the officiating clergyman, witnessed by guests of the contracting couple.

The bride was attended by her cousin Edith Nighswander, while the groom was supported by Jos. Barkev.

Following the ceremony the couple left on a motor trip to Pennsylvania, and on their return will take up life together on their farm near Cherrywood.

MAY LOSE HIS FOOT

Back at Christie street hospital last week Harry Lintner suffered the amputation of another toe from his injured foot received at the battle of Dieppe in war days. It is feared that he may ultimately have to have the whole foot removed, if the injury does not heal satisfactorily. Harry is a son of Mr. and Mrs. Edward Lintner, and one of the owners of the Morden Transport.

SPARKS FIRE BARN STRAW

Renfrew, Dec. 1.—Fire destroyed the barns of Samuel Holmes Saturday evening when sparks from an engine operating the milking machine ignited straw. All the winter feed was lost. The farm is located about three miles from Renfrew. With the exception of one cow which had its neck burned, the owners, with the help of neighbors, managed to save the live stock and machinery.

TRAFFIC ACCIDENT PREVENTION

Many motorists neglect hand signals during the winter months because of the closed windows. But advance hand signals are more than ever important during winter weather, says the Ontario Department of Highways, to give the drivers behind plenty of time to stop on slippery pavement. Any driver can stand a little cold air from a lowered window for the sake of safety. So don't neglect those hand signals—it's a common courtesy that pays uncommon dividends in safety.

BUILDING IMPROVEMENTS AT MAPLE LEAF DAIRY

Extensive building improvements are going ahead at the plant of the Maple Leaf Dairy. The front of the building is being extended to the sidewalk, with a modern display that will add to the attractiveness of the building. The apartment above the dairy is also changed around and an outside entrance up the west side of building is being put in, so that the old stair case will give way for more room on the inside. Robt. Windsor and his carpenters are the contractors.

APPLY FOR PROBATED WILL
