Pickering Township Voters' List is just off the press, having been delayed this year, owing to changes being made in the method of assessment. However, the list was posted in the office of the clerk on December 6th, and with 21 days allowed for appeals to be filed will be in ample time for use at the forthcoming election, if such is demanded. Running over 180 pages the list is steadily growing, and only a few years ago was a volume of 160 pages, which indicates the growth in the township. There are 1800 persons entitled to serve as jurors.

It is the duty of ratepayers to examine the lists posted in the clerk's office or any school or public building, to see that he or she has not been omitted from the list.
