NEWS and VIEWS

The Stouffville Athletic Club is planning to hold a street carnival and dance here on August 15th.

The Athletic Club executive met Monday evening, and received a report from the financial committee on the recent May 24th field day. A couple of hundred dollars were cleared from the affair.

On Friday night, Stouffville will drop down to Markham to face Doug. James boys. Newmarket Intermediates have all but dropped from the local ball group without so much as a game. The Newmarketers have called for a practice on several occasions, but can't seem to round up the Intermediate team they had hoped for, and can be counted out, we are told. This leaves only Aurora Juniors, Stouffville Intermediates and Markham Juveniles to form a group. A rumor that Manilla might drop from the Tri-County setup leaving a spot for Stouffville, has so far not materialized. Sunderland are understood to be pulling hard to get the local nine into the northern league. They have memories of the rivalry that used to prevail between Sunderland and Stouffville, each proving a real drawing card for the other. Certificates have been okayed by OBA secretary Snyder for the Stouffville Intermediate lineup, but no definite word has been given regarding a bye into the playoffs. According to local manager Laushway, this matter may await the big OBA conclave on June 24th, for ironing out.

Men's Softball Revived Opened Season at Goodwood

Goodwood 14, Stouffville 12
Friday night the Intercommunity Softball League opened up with a win for Goodwood over the league's newest entry Stouffville. The Stouffville boys led by Geo. Alliston were on the short end of the score 14 to 12 when the game ended. The play was good to watch, as both teams were trying for the first game and few errors showed up that counted in the scoring.
The Goodwood team with several of last year's team and many new recruits replacing the ones out of town, showed promise of a good entry for the Bruce Gould Trophy. Morden on the mound for Goodwood pitching his first game of the season, was well supported by Swifty Todd at the plate. Blackburn in Ace Staley's spot at short was getting the feel of the game and Watson on third in Dbe Cooper's place, only made one error, but has a peg for first that will come in handy. H. Walker and J. Todd along with Harper made up the field and gave good support, and at the old reliable Slack on first was picking off the high ones and Hopkins on second played a steady game, holding the Stouffville boys down.
Goodwood team—G. Todd, c; Morden, p; Slack, 1st b; Hopkins, 2nd b; Blackburn, s.s.; W. Watson, 3rd b; Harper, f; Walker, f; J. Todd, f; sub. C. Watson, D. Watson, B. Jones.

TENNIS PLAYERS

A Meeting of local tennis players is called for next Monday at Bert Bell's office at 8 p.m. to organize a club for this year. The local Athletic Club will have a representative at the meeting, and are understood to be ready to lend some assistance in getting play going.

Stouffville Midgits chalked up another win on Monday night, downing Richmond Hill 5-2. The Midgits are playing in the Hill this Wednesday night, and will entertain Aurora here on Monday night, June 21st.

Aurora Pulls Triple Play in Downing Locals 5-4

Aurora came through with a double play last week in their game with Stouffville to down the local Intermediates 5-4. A line drive was taken by the Aurora second baseman; he doubled the Stouffville runner off second by throwing to the shortstop, who in turn rifled a pitch to the first baseman to complete the three out.
Stouffville had a four to nothing lead up until the fifth innings, when the local defences slipped, and a few timely hits by Aurora tied the count. Baggs, the local left-hander, who started on the mound, allowed only two hits and a walk in four and a half innings, when he was relieved by Orv. Rouse.
Procenko was the big gun at bat for Geo. Smith's boys, clouting a triple with the bases loaded. Norm. Stunden pitched the entire game for Aurora.

Earl Cook Makes Initial Start for Inter.

Earl Cook, ex-pro started on the mound for Stouffville Intermediates against Sutton in the Lake Simcoe town on Friday night, and held the fort for three innings, when he was relieved by southpaw Lefty Baggs, who handled the game for five innings, giving way to Orv. Rouse who threw them up for a single frame. Stouffville defeated the lakeside team 7-6. Sutton Intermediates play in the Tri-County League.
Stouffville might have come through with a bigger margin, but for a bad innings, when errors allowed Sutton to pile up three unearned runs.
More changes have been made in the lineup by Manager Ken. Laushway, and were in evidence at Sutton. Keith Jewitt and Don Campbell have been dropped, and Ross Wideman, former Stouffville Intermediate, who was a star third sacker here some years ago, and a potent hitter, has been added. Ross was at second base in the Sutton game.

VICTORIA SQUARE SOFTBALL CHAMPS

Victoria Square won the York County junior farmers softball championship from Schomberg, as seven clubs participated in the Junior Farmers annual sports day at Musselman's Lake on Saturday. Vellore won the tug-of-war honors from Sharon in another of the many events in which the youths participated. Ideal weather prevailed.

This Wednesday evening, Stouffville will meet Aurora in Memorial Park. Nick Preckenko will dawn the pads and mask behind the plate in the absence of catcher Ken Schell. The starting pitcher has not been named at press time.

EWES HAS TRIPLETS, ONE TWO MONTHS LATE

London, Ont., June 9—Add this event to wonders in the animal world: An 11-year-old Shropshire ewe on the Alfordale farm, two miles north of nearby Talvotville, gave birth to twin ewe lambs Mar. 13. Just 2½ months later, on June 2, the same ewe gave birth to another lamb. "Never heard of anything like it," said agricultural officials.

Plan \$150,000 Uxbridge Hospital

Erection of a 20 or 25-bed hospital, at a cost of about \$150,000, was approved unanimously at a public meeting here in the neighboring town last week. The funds will be raised by public subscription.
Named to the Cottage Hospital executive were: President, Mayor R. J. Harris; vice-president, John M. Lowe; secretary, Mrs. T. R. Rosebrugh; treasurer, George Calbeck, and directors, Mrs. A. Knight, Mrs. W. Rand, Mrs. R. J. Harris, Dr. W. C. McClintock, Dr. R. B. E. Wilson, James S. Wilson, James Connaty and Bruce McDonald.
Plans will get underway at once for a campaign, including social functions early this fall to raise funds.
In pointing out the desperate need of the community for a public hospital, Mayor Harris said there has been agitation throughout the community for years to have a suitable hospital.
Dr. Harvey Agnew, executive secretary of the Canadian Hospital Council and professor of hospital administration at the University of Toronto, told the meeting that with the rapid advance in medicine more and better hospitals are needed across the Dominion.
"You are on the verge of taking a step which will improve the happiness and health of the district," he said. "During the past century great discoveries and cures have been made, but in many cases hospitalization of the patient is necessary to effect a cure."
He added that it is not only beneficial to the patient but also to his or her family to have the hospital near the home. He said this improved the mental attitude for the patient as well as his family, and does a great deal to assist in making a cure.

Jean Elliott is seen at the Swiss exhibit with a genuine reproduction of the \$20,000 diamond-smothered wrist watch Switzerland gave to Princess Elizabeth as a wedding gift. After the fair, this watch is to be taken apart so that Elizabeth's will be the only one in the world. Nations from all over the world are participating in the Canadian International Trade Fair.

AUCTION SALE

DOUBLE LOT & BRICK HOUSE
The undersigned has received instructions to sell by public auction at

Sale at 3 p.m.
Immediate Possession
Terms Announced Time of Sale
Sellers & Atkinson, Auctioneers

"CORNELL 595" NEW TYPE WHEAT STANDS FIVE FEET HIGH

A new variety of fall wheat, five acres of which is being grown this year on Jim McMorrow's "An-carol Farm," three miles west of Whitby, has the neighbours gawking. No wonder, because the stand is already five feet high all over the field and well headed out. A very conservative estimate is that, in early August, it will yield over 62 bushels to the acre.
Jim got the seed from his father-in-law Wm. McCriskin who lives up Agincourt way. William got it last year from the Maple Leaf Milling company of Toronto, which had, in turn, obtained a small portion from

Cornell University, where it has been developed. It's got a lot of growing to do yet but Jim McMorrow thinks it will stand up to the weather. If it doesn't—well, it's an experimental patch, anyway. However, progressive farmers believe he has something there and some of the seed is already on order. It is not a registered seed. Estimates last year in other similar crops were that they should go over 60 bushels to the acre—perhaps a lot over. Normal wheat yield around here (and this is wonderful farming country) is 40-43 bushels per acre.
Watch the label on your paper. It tells you when your subscription expires.
