### PILKEY DESCENDANTS GATHER IN LOCAL PARK

An interesting family gathering met in Stouffville Memorial Park last Sunday when descendants of the late George Pilkey of Scarborough, together with a few friends, totalling all 65, enjoyed themselves in meeting each other.

Two daughters of the late George Pilkey are still living of a large family. They are Mrs. Jane Pedlar, aged 97, and Mrs. John Montgomery 85, both of Toronto, who proved interesting members of the Sunday afternoon gathering. Everybody enjoyed a delightful supper served in the cool and pleasant park surroundings.

### CENTURY U.S. COIN FOUND ON RATCLIFF FARM

An American half-cent minted nearly a hundred years ago, in 1857, was found by Leslie Grove while engaged in digging a post hole on the farm of Mr. Robert Ratcliff & Sons, west of town, last week.

At the time this coin was minted President Buchanan was at the White House. He was succeeded by Abraham Lincoln, hence it will be realized that a lot of U.S. history has been made since the day that piece of money passed out of the mint.

Mr. Grove and Mrs. Ratcliff both say that the coin is in excellent state of preservation despite its age and probable long neglect. How it came to be dropped there, of course, will always be a mystery. The money piece indicated there were thirteen states in the union at that time.

### Strong Church Appeal of Great Merit

The Board of Management and the ladies organization of Stouffville Christian Church are putting on a drive to raise funds for the very necessary work of repairing the church building and the parsonage. In order to more forcefully bring the matter to the attention of members and adherents, letters have been sent out, and if one fails to reach any of the supporters of this congregation we give the list of the appeal with the assurance from Pastor Frank Muir that large or small, your help will be thankfully received. The appeal signed by the Board and the Pilgrim (Ladies) Workers reads:

'Dear Friends: Warm greetings to our large family of those who have a common interest in this church. At a recent meeting of the board of management it was felt that several major needs demanded immediate attention. Two have to do with repairs and others with re-decoration. The repairs include the rebuilding of the south-east corner of the church, the basement door, and the re-roofing of the parsonage. The re-decoration includes the church interior and exterior and parsonage. With the cooperation of the men we think we can accomplish the church corner for one hundred and the exterior of the church and parsonage for the cost of the paint. The re-decoration of the church interior will be three hundred and fifty dollars, and parsonage roof one hundred and fifty, a total of at least six hundred dollars.

That these need our immediate attention is so very obvious that we hasten to announce an important event to take place Friday evening, August 20, which you are invited to attend. Representatives from the board of management will receive your special offering, the ladies will serve lunch and we shall all have a social time together. There will be added interests.

We send this letter to you simply because we know you might be interested in this church. Some of you may not feel you have any financial responsibilities to this church because you give regularly to others. Perhaps however you live in the community in which this church serves, the community where your children will be growing up, or where you or your children have gone to Sunday School. Or you may have gone from the community and would like to send a love gift to a cause which meant something to you when you did live here. Whatever your connection may be we extend a hearty invitation to come on Friday evening or if you can't come in person we invite you to send your gift along with someone or mail it to the treasurer, Mr. Clarence Stafford, R.R. 3 Stouffville.'
