

Claremont and District

By Staff Correspondent

Local dealers—Madill's Store and Overland's Store.

Miss Doughty, a former Claremont school teacher, has been visiting with Miss S. E. Evans during the past week.

Mr. and Mrs. E. K. Douglas of North Dakota, and Mr. Ira Calder of Bayville, Montana, cousins and uncle respectively of Mr. and Mrs. John Norton, Mr. and Mrs. Cecil Redman, and Mr. and Mrs. All Robinson, have been visiting during the past week among the relatives, and intend taking in the Exhibition on Monday. They will also accompany Mr. and Mrs. Robinson on a motor trip starting Tuesday, to Nova Scotia for a couple of weeks vacation.

Mr. and Mrs. Gordon Overland and son are holidaying for a week at the C. A. Overland, and David Tran homes.

Nearly fifty lime and fertilizer spreaders a week, are being sold by Chas. Cooper Equipment here in Claremont. The implements as advertised in this issue of The Tribune are finding a wide demand in the surrounding district.

We are sorry to report that Mr. Will Thompson has not been in good health for the past few weeks, while Mr. Frank Hutchings has a severe attack of shingles.

Miss Olga Rhodes of Brampton has been visiting with her friend Miss Marian Middleton.

Dr. and Mrs. N. F. Tomlinson have returned from their vacation in Muskoka.

W. N. Palmer has finished the "new look" on Mrs. W. Cowie's house, a fresh paint job in attractive white and black.

Miss Jean Gregg has arrived home after a tour of Western Canada and the United States. She is one of a group of Ontario teachers who travelled west in three specially built pullman style buses.

In 55 days the group covered about 9000 miles, the farthest point being San Bernadino, Calif. The scenery was varied and extremely interesting. They saw prairies, badlands, mountains, the Pacific Ocean, the Great Salt Lakes, waterfalls, forest of giant redwoods, deserts, canyons, geysers, hot springs and rich farmlands. There were a few snowbanks at Crater Lake, Ore., and ice on the water early in the morning at Yellowstone National Park, Wyo., but Ontario gave the girls a warm welcome home at 101 degrees in the shade.

Mrs. David Gregg has been visiting her son Gordon and wife at Malartic, Que.

Nearly a thousand pheasants were freed last week by the local township game committee and this should be quite an improvement over the past few years, when so many losses were realized from the skunk hazard. No dates for the annual pheasant shoot have been announced as yet.

Rex W. H. Bexton of Toronto who has been conducting the joint church services in the Baptist

Hot Spell Means Short Season for Local Canneries

The F. Loyst canning factory commenced operating last Friday, and expect to continue during this week. The hot weather has played havoc with the tomatoes in some sections, and it is feared that the season's pack will be greatly reduced. Mr. Gordon Hodgson, 7th con. reports the loss of his entire acreage of nine acres, and one would naturally assume that most plantings would have been injured somewhat because of the intense heat wave of the past week. Cucumbers, squash, celery, corn withered, while the drying up of buckwheat, clovers saved for the seeds, and pasture lands will reduce the former's income very considerably.

Over near Brooklin, Heber Down, prominent farmer with close to 20 acres of tomatoes, will barely harvest enough to pay for his work.

Williamson's Claremont Canning Co. factory expected to go into production last weekend, but the drought has set starting date back a few days, and the running season when it does open will be a short one.

BALSAM AND MT. ZION

Mr. Rodd Appleby had the misfortune to have the end of his little finger taken off in a beet-topping machine one day.

Miss Ruth Carson is helping with the peach crop at Grimsby.

Mr. and Mrs. Cecil Jones and Myrna attended the Lewis-Harper wedding at Goodwood on Wednesday.

Mr. and Mrs. Reg. Hoskins and Linda and Mr. Gordon Wilson spent the weekend at Muskoka.

Mrs. R. Day sustained a sprained ankle from a fall one day last week.

Misses Mavis Kerry and Eileen Carson of Oshawa spent the weekend with Mrs. Errol Carson.

Miss Marion Chidley of Toronto spent the weekend at the Appleby home.

Mr. and Mrs. Lorne Parrott and Allan of Ashburn spent Sunday at the Carson home.

church and park during the month of August, spoke of the value of teaching religion in the public schools, basing his remarks on the passage in Proverbs 22:6—"Train up a child in the way he should go, and when he is old he will not depart from it." Mr. Howard Mills of Toronto favoured with a solo as of last Sunday morning entitled "The Lost Sheep." Rev. I. E. Kennedy of the United Church is expected to resume his services on September 5th.

Here's a holiday treat for the whole family—"Mr. Blandings Builds His Dream House" will be showing at The Stanley Theatre on Labor Day night, next Monday.

BROUGHAM

Congratulations to Mrs. T. C. Brown who celebrated her 86th birthday on Aug. 27 when she was at home to her family and several friends who called on her.

Mrs. V. Wright of Georgetown is visiting with her brother, Mr. Bert Beer, and other friends.

Mr. and Mrs. H. Malcolm, also Mrs. Robt. Miller and little daughter visited Mr. and Mrs. John Knox and also attended the re-opening of their newly-decorated Eldad Church on Sunday.

The flower show on Sept. 16th which was to be sponsored by the Women's Institute will be cancelled owing to the extreme hot weather of the past week.

Mr. Russell Gray has been busy during the past week wiring the buildings on the farm of Mr. Carter of Scugog Island.

Mrs. Lemmon and Mr. Ross Middleton visited with friends in Toronto on Sunday.

Mr. Thornton of Woodstock called on his sister-in-law, Mrs. T. C. Brown, one day last week.

Mr. and Mrs. Allan Miller of Toronto spent last week with his mother, Mrs. John Miller.

Mrs. Sheppard spent a few days last week with her daughter in Toronto.

Mr. and Mrs. E. L. Crocker also Mrs. R. W. Witter of Toronto visited Mrs. L. Matthews one day last week.

Mr. Russell Gray spent the weekend with friends at Oshawa and also attended the Hamps picnic held there on Sunday.

Mr. and Mrs. Wm. Duncan of Green River called on Mrs. F. C. Brown on Sunday afternoon.

Mr. Donald Wannopp spent the past week at Bobcaygeon visiting with his old school mates, the Lamb Bros.

It seems like fall and the opening of school when we hear that the Cod Liver Oil has been ordered through the Red Cross for the usual distribution through the schools.

Mr. and Mrs. H. Philip and family also Mr. and Mrs. Al Harvey and John, and Mr. and Mrs. Frank Barclay and Beverley returned after spending a pleasant holiday at Tall Pines, Carnarvan.

Miss Brown is visiting at the home of her aunt, Mrs. M. Harlock. John Harvey and Dickie Wannopp spent Monday at the Exhibition.

Brougham Fire Brigade drew two calls the end of last week. A summons for help came at about 2 o'clock Sunday morning for a brush fire at Cook's bush, Green River, while the local firefighters answered another call on Saturday on a sideroad near Brougham, where it was believed careless campers had left a smouldering fire. The call to Green River was somewhat delayed when the party in need of assistance failed to ask the telephone central for the correct party. "All one needs to do, if they need us, is call for the Brougham Fire Brigade, and the call will come in all right," Chief Annis told The Tribune.

About 80 of the Pickering Village ratepayers attended a public meeting recently to hear an address by Dr. Berry of the Provincial Department of Health on the question of water for Pickering. It is generally known that many of the wells in the village have gone dry during the past few years and that most of the wells tested are unfit for human consumption.

Some negotiations have been made with Ajax Village to pump water through thier lake channel into the village. Little was done on the project for some time as it was not definitely known whether or not Ajax would be a permanent village. Dr. Berry suggested that a survey could be made of the Ajax water source at not too great a cost and then it would be known where the village stood on the cost of bringing water from Ajax to Pickering.

All that is needed in order to cook the Beanery Gang, said a visitor to the newspaper office on Monday, is an application of the strap on a few of the smart-alecs and the whole thing would disintegrate over night. Amen, but unfortunately a magistrate cannot order the strap for this offense, hence there should be no time lost in changing the Ontario statutes in this regard.

Pickering Village Discusses Water Supply

AUDLEY

The recent hot spell has done considerable damage to pastures, corn and the canning crops such as tomatoes.

Mrs. Cox had the misfortune to break a bone in her arm lately. This is the second home fracture this season.

Miss Olga Erickson, a missionary from Alaska, showed some colored slides illustrating her work and the local settings there, before several at the home of Syd and Mrs. Wonnacott last week.

Messrs. C. S. Bryant, W. H. Westney and F. M. Chapman have had a bulldozer clearing creek bottoms and levelling land recently.

Chas. Morden sold some of his dairy herd to buyers for shipment to the U.S. Many of our cattle are being sent over there at good prices.

Seven young men from Pennsylvania called upon our local Jersey herd last week and selected some animals for delivery to their homes there. Alfred Baggs of Edgely accompanied them.

F. M. and Mrs. Chapman attended services at Brooklin and at Solina on Sunday last. The re-opened Eldad church at Solina makes it one of the finest rural churches in Canada. Mr. A. L. Pascoe, chairman of the board there, is married to a former resident here in the person of Miss-Minnie Bray who lived on the farm now owned by Urban Blake.

Word has just been received of the death in Edmonton of Mrs. Luella Kennedy, mother of Orvis Kennedy, the organizer of the Social Credit party in the province of Alberta. In her early life she was known here as Miss Luella Orvis and lived near the four corners.

Sympathy is extended to Walter Brown on his south upon the recent death of his mother. Her nephew Principal Ballard of the Moose Jaw high school, who happened to be on a visit East, attended the funeral.

John and Mrs. Logan of Cleveland, Ohio, (an engineer in the erection of a two million dollar cement plant in Illinois) was a recent caller at Grasmere.

We congratulate the horticulturalists of Ajax upon the excellence of their recent flower show.

Nearly everybody here at one time or another will be in attendance at the C.N.E.

Local directors of the Oshawa fair board met this week to get ready for their big fair which this year comes at the end of the week instead of on the beginning days as formerly.

During the hot spell, Mr. Sheridan was sleeping out under the trees on his lawn when after midnight a truck drove in to his lane near his chicken pens. When he awoke and approached the pair they took off rather unceremoniously.

The hydro workmen are stringing new wires on the new feeder line to our west and will then carry power to many of our people over this line, which will remedy the low voltages that many have been complaining about.

MAN USES 31-YEAR-OLD TICKET

The New Haven Railroad out of New York is looking for one of its passengers who took 31 years to complete a 60-mile trip. It wants to give him a cake.

The railroad publicity office said the man boarded a New York-bound train at South Norwalk, Conn., a few days ago and handed the conductor a ticket bought in 1917 for a trip from Ridgefield, Conn., to New York.

It said the ticket had been punched for the ride from Ridgefield to Branchville, Conn., over a line which has since gone out of existence, and for the trip from Branchville to South Norwalk.

Conductor Dante L. Del Vecchio was so surprised he failed to ask the passenger's name.

Anyhow, the railroad thinks his use of the ticket after 31 years "takes the cake," and thus wants to present him with one—if the railroad can find him.

BLAMED THE LOWLY WORM

The lowly worm took its place among Detroit's traffic hazards. After making itself comfortable in the upholstery of James Alexander's automobile, it had the ill luck to be discovered by Alexander's girl friend. She made a wild pass at the critter, loosing it neatly on Alexander's neck. Alexander, five feet nine and weighing 173 pounds, told traffic referee Andrew Wood frankly he couldn't take it. "I just let out a yell and the car crashed into a parked automobile," he said. "I'm scared to death of worms." Wood placed Alexander on probation for 30 days with loss of driving privileges.
