Local dealers—Madill's Store and Overland's Store

Sarco plant has shifted working hours to meet the increasing power shutoffs. Employees do not start in the morning until 10 a.m., while hours are extended in the afternoon, and on Saturdays.

One of Claremont's most familiar figures, Thos. Gregg, will be due for the congratulations of his fellow citizens next week when he marks another of life's milestones. The Tribune joins in extending its congratulations.

Claremont Baptist Church Anniversary services will be held on Nov. 21st. Fuller announcement will be given later.

Mrs. Ruth Middleton and Mr. Reading won the ladies' and gents' store prizes at the C. A. Overland general store on Saturday. The two prizes were part of the special anniversary week staged by Mr. Overland. There was a large turnout of customers at the store on Tuesday, actual anniversary date, when tea was served in the afternoon. Mr. Overland is indebted to Mrs. Fred Evans and Marion, and Mrs. McIntyre, who poured tea, and to Mrs. Al Robinson who assisted in the store. As a further inducement to trade, Mr. Overland announces that a lucky purchase prize will be given away each Saturday from now until the end of the year.

Rev. I. Kennedy conducted the service in the United Church in the morning and the regular choir contributed a couple of fine anthems, assisted by Miss Peters of Uxbridge, who sang two very appropriate soprano solos in a lovely voice. The communion service followed at the close. Two long standing faithful members of the session have been called to Higher Service since this fellowship was last observed. At the evening service a full choir of men, members of the two churches, led in singing and contributed two fine numbers, with Rev. Luffman of Greenwood preaching the anniversary thanksgiving sermon, assisted by Mr. Davison, student pastor of the Baptist Church.

Mr. Mac Forsythe, we regret to say, has not been feeling so well lately, due, no doubt to excitement caused by the recent fire in the creamery, near his home.

Mr. and Mrs. Roy Brignall of Peaches attended the Harvest Home service and had dinner with Mr. and Mrs. Melvin Johnson last Sunday.

The Woman's Association will hold their bazaar on Friday afternoon, Dec. 3rd, commencing at 2.30 o'clock in the United Church Sunday School room.

Claremont school children, both public and continuation, are in for a treat this Friday, when two large buses, will be sent into Claremont by the Ontario Hydro Commission to transport the local pupils to Niagara. There they will tour the Queenston Hydro plant, as guests of the Commission. The trip is entirely free to pupils and teachers, with the exception of lunch which they must provide for themselves.

The Woman's Institute will hold their regular Nov. meeting on Wednesday afternoon, Nov. 17th, at the home of Mrs. J. Badgerow. The Roll Call will be a "recipe for a supper dish." The topic will be given by Miss E. Evans. Lunch committee, Mrs. Tomlinson, Mrs. Beare, Mrs. F. Evans, Mrs. Coates, Mrs. Palmer. Everyone cordially welcome.

Say: Mon and Dad! Did you know there was a place where we kids could go next Monday night, and have all we wanted to eat for 35 cents? Yes Sir! And you and Dad could fill up for 75c. And that isn't all the treat either, for there is a grand concert put on by a big

## Over Eighty Appeals Against Pickering Assessment Roll

Over eighty appeals against the assessment of Pickering Township, are slated to be heard by the council sitting as a Court of Revision next Monday, Nov. 15th, beginning at 10 a.m. Since scarcely any of the appeals involve changes of property which are easily disposed of, it is thought that the court may extend over a couple of days.

## McEwen Gets Support On Secret Ballot Issue

Despite the opposition expressed and felt against Dr. McEwen's suggestion that the warder should be elected by secret ballot, there was an apparent change of heart for this week the suggestion is finding real support.

Now the proposal being fully accepted by the county representatives, the provincial government will be asked to amend the statute that demands an open ballot. Method of open voting places members in a very embarrassing position, and tends to make bad friends between members.

To share their experience, British and U.S.A. officers in the armed forces in Europe will be exchanged.

## GREENWOOD

The W.A. will meet this Thursday afternoon in the church basement at 2 o'clock.

The anniversary services of a week ago were well attended. The ministers, Rev. Mr. Luffman, and Rev. Linstead of Hampton, delivered very worthy sermons. The choirs added much to the day's success, and the beautiful mums were a real decoration. Everyone appreciated all that was done to make the day a real success.

The drama "It Looks Like Rain" from Soliva was given in the church last Monday to a large gathering. Each and everyone did their part well.

Some of our hunters have left for the north country in search of deer. They will probably run into colder weather before their return.

We are sorry to lose Mr. and Mrs. J. Warden and family from our village, having to give up house-keeping on account of Mrs. Warden's illness.

The Euchre party in the school last Friday night with something like fifty attending, provided everyone with a good time.

Mrs. G. Courtice and son Lloyd and lady friend of Pickering visited with Fred and Mrs. Byers last Sunday afternoon.

## Pickering Sends Deputation To County Council

"It took the heart and soul out of Pickering when highway 2A opened up," said Dr. Neil McEwen of Pickering in county council Thursday. He was speaking in support of a deputation from the village which is asking a further 20 per cent cut in their assessment obsolescence rate.

Dr. McEwen's contention was borne out by figures quoted by county assessor Ralph Wilson who said that whereas 8,000 cars per day had been counted on the highway west of Pickering in January 1947, now the count would be something close to 1,500 per day. He stated that he realized this change during the past year had hit restaurants and gasoline stations and that this would be taken into consideration in future assessments.

Cyril Morley speaking for the deputation said: "We are quite in sympathy with the work of the assessor but we realize that some adjustments are necessary." Mr. Morley commented on the points in the petition.

Thomas Harding of the council said that he recognized Pickering has a problem but that assessment is a county-wide problem at the present.

Reeve Muir: "If we start now to create new ideas for the assessor, it would be a miracle if we were able to satisfy everybody. What some members of this council would have him do is assess by a rule-of-the-thumb. As far as highway trade lost last summer is concerned, Whitty is entitled to obsolescence rates too. Instead of that the suggestion is that commercial properties be raised and farms be lowered."

T. D. Thomas: "We must realize that this is an entirely new system of assessment and it is to be expected that some mistakes will

have been made. But remember this system is a great improvement on the old one—which was no system at all.
