FIFTY VOICES TO BE HEARD BIG EVANGELISTIC MOVEMENT

A choir of 50 voices from the Toronto Bible College will be entertained in the homes of Stouffville and district during the week of Nov. 28 to December 5. The choristers will sing and preach at a series of special meetings to be held in the town churches during the period. Messages by eminent christian ministers of all denominations are arranged for, and children's meetings, also teacher training course will be conducted.

The ministers of Stouffville and district are sponsoring the movement which is hoped to stir the people of this locality as they have seldom been stirred before. Set apart the week of Nov. 28 so that you may not miss a single gathering.

"More people than ever before, and to a greater degree, are lovers of peace," asserts an editor. Naturally—"absence makes the heart grow fonder."

Local and Personal Happenings

Miss Vivian Sadler of Toronto spent the weekend with her aunt and uncle, Mr. and Mrs. Geo. Lee.

Mr. and Mrs. John Scott were in Toronto over the weekend taking in the "doings" in connection with Varsity Old Home Week.

Mr. and Mrs. Tom Williams of Ajax were Sunday visitors with Mr. and Mrs. Edward Williams, Mill Street.

Mrs. Harvey Young of Calédonia, Mrs. Robert Hamilton of York, Mr. and Mrs. Bart Lymburner and children of Fergus, were recent guests of Mrs. Jas. H. Ratcliff.

Miss Frances Ratcliff of Brantford, paid a flying visit to Stouffville on Thursday for the opening of Ratcliff's store.

Mr. and Mrs. James Jarvis, Main street opposite the public school, attended the funeral of his sister-in-law Mrs. Robert Jarvis, at Markham on Sunday. Deceased was the former Adeline Petch, and died at the home of Mrs. Reg. Clendening. Interment followed a public service at the funeral home of R. G. Clendening.

Reeve Charlie Reesor of Markham village found time to roam the northern woods on a deer hunt for just two or three days at the opening of the season for deer. He reported that game was scarce and that he only saw one deer and it was about a mile away. Mr. Reesor hurried home to attend the fall session of York County Council.

Markham Rural Adds Over 500 Customers

Markham Rural Hydro system added no less than 510 new services in their area during the last year, which must add to the present problem when current is doled to the local system in quota amounts. Two-thirds of the new service installed required three-wire lines indicating that the customer was bent on using a sizeable amount of current.

It is not much wonder there is consternation abroad when after all these people were permitted to become customers of the great H.E.P.C. it is suddenly realized there is not enough current to go around. It is not suggested that the new customers should have been denied service, but it might have been better to recommend strongly that hydro is perhaps a poor buy today and may be until such times as a constant service can be restored again. Of course rurals have not been interfered with in a serious way, and so no doubt service from hydro is better than any other kind of power.

Mrs. Leslie Hodgson and Miss Sadie Stewart spent the weekend in Uxbridge visiting their cousin, Mrs. R. Ashenhurst.

Despite a drizzling rain, a large crowd turned out for the auction sale of farm stock, implements, and household effects on the farm of Ray Yake, just east of town. Bidding was brisk, and total receipts reached \$6,500 at the close. The herd of cattle averaged \$205. Sucking pigs sold at \$12.80 and sheep brought \$24. Oats were knocked down at 80c a bushel with mixed grain going for \$2.35 a cwt. This is understood to have been the first auction sale ever held on this Pickering farm. Sellers and Atkinson were the auctioneers.

Dr. H. Garfield Kelly, son of Mr. and Mrs. Howard Kelly, 35 Wellington Street, Kingston, has been awarded a Nuffield Travelling Fellowship for the year 1948-49. He will do research work in cardiovascular diseases (of heart and blood vessels) at the British Post Graduate Medical School, London, Eng., during the tenure of his fellowship. Dr. Kelly graduated in medicine in 1940. He is a fellow of the Royal College of Physicians of Canada and is a member of the Canadian Rheumatism Association. Dr. Kelly is a grandson of the late Mr. and Mrs. William Lewis who resided just west of Stouffville on Evergreen Farm.

A well attended meeting of the Garrett Evening Auxiliary of the United Church was held at the home of Miss Gertrude Todd. Miss Eva Hoover, vice-president, was in the chair. The scripture lesson was read by Mrs. Walter Atkinson, and the devotional period under the leadership of Miss Erma Dowswell was impressive, the theme being "Remembrance." Two piano numbers played by Mrs. Charles Nolan and Mrs. Frank Branham were appreciated. The second chapter of the study book was well reviewed by Miss Margaret Hosie, assisted by Miss Eileen Weldon. The theme "Women With a New Look," did not refer to their apparel, but to the new way the Chinese people lived after being converted through the influence of the missionaries. A beautiful vocal number was given by Mrs. Harold Spofford accompanied by Mrs. Charles Nolan. A suitable verse for each month of the year was read by Miss Ida Lehman as the members contributed their birthday offering. A reading on stewardship was given by Mrs. Herbert Lee. A vote of thanks to those contributing to the program was expressed by Miss Edna Hoover and the meeting closed with prayer. Lunch was served, including a delicious birthday cake.

Power cutoffs are a reminder that the light problem has its dark side.

Porch or veranda lights must not exceed a 25 watt lamp and should only be lighted while persons are passing in and out of a residence.

Mr. and Mrs. Dan Gibner last week reached their 49th wedding anniversary. Of eight children born to them, six are living. Mr. and Mrs. Gibner reside on Main street and enjoy very good health. Mr. Gibner is caretaker of the Christian church, and works daily at other tasks.

Industry Installing Power

The Stouffville Machine and Tool Works have now got an additional power unit to help out the town in the present emergency. The company is able to generate enough power to operate the main line shaft in the plant, thus they are able to operate during the blackout periods. In addition the company is running the line shaft at other periods of the day in order to contribute something toward the emergency power shortage. This effort is certainly appreciated, and we hear the Stouffville Bakery is giving consideration to some sort of installation that will furnish them with needed current while power cuts become more numerous.

By making a real effort to keep within our quota Stouffville has experienced the minimum of inconvenience in respect to hydro. At that we do not quite reach our daily quota, and additional cuts are in the offing unless we do. Householders are making a real contribution, commercial users are doing their best. It is hoped that power loads will not have to be cut, as this would mean loss of work, and loss of service to customers. Notwithstanding, this branch of the service will be hardest hit if further cuts are demanded. The power shortage is a great disaster to the province of Ontario, and so far no immediate solution is forthcoming that will solve the situation.

ABOUT YOUR TRIBUNE SUBSCRIPTION

Persons who make remittance should watch the label on their paper to see that the date is marked up giving credit for the payment. Some persons ask for receipts, which are not issued by mail unless return postage is provided. The mark-up on the label of your paper is your receipt.

Remittances should be made in cash, postal notes or by cheque payable at par. The rate of subscription is \$2 per year in Canada, and \$2.50 in the United States.

'MARRYING PARSON' MARKS 94th YEAR

Hespeler's "marrying parson" has just celebrated his 94th birthday. Rev. J. J. Lowe has married 1,300 couples and only recently performed six marriages in one day, one short of his record set several years ago. For years Rev. Lowe was pastor of St. Andrew's Church at Galt.

Engagements

The engagement is announced of Audrey Isobel, daughter of Mrs. Albert Smith, Stouffville and the late Albert Edward Smith, to Mr. Alvin James McQuarrie, son of the late Alexander McQuarrie of Mount Forest. The marriage will take place Saturday, Dec. 4th, at her home.

Winner in the turnip competition in Walkerton district grew 999.6 bushels to the acre, of good quality stock.

Due to evening backouts the post office wicket will close at 6.30 p.m. Post office lobby will remain open until nine o'clock as usual, Postmaster Leavens announces.

The Mothercraft Advice Room will be open in the United Church basement Tuesday, Nov. 23rd, from 10.30 a.m. to 5 p.m. All mothers and babies welcome.

Deputy-District Governor Bud Logan will pay his official visit to the Stouffville Lions Club next Monday evening. Bud Logan is president of the North York Lions, and an ardent service club worker.

On Motor Trip to Florida

A couple of our Sth concession Markham farmers, Mr. and Mrs. Wesley Wideman left on Monday on a motor trip to Florida. They will not return until near Christmas, it is expected. The couple are being accompanied by her brother Derhart Workintin and his wife from Dunville district. Friends hereabout wish the quartette a happy holiday which no doubt it will prove to be.

The Stouffville Ladies' Bowling Club served afternoon tea for the grand re-opening of the fine modern Ratcliff & Co. Groceteria last week. The Club wishes to acknowledge with thanks, to Mr. Glenn Ratcliff for his generous remuneration, for the service rendered, which was a pleasure, when we remember that the late J. H. Ratcliff, Mrs. Ratcliff and Glenn, have all been valuable members of the Club.

Deer hunters returning home report deer hard to locate this year. Messrs. F.L. and E.A. Button and William Birkett were at Ard-beg, their customary hunting grounds, although F. L. Button had not been back north on such a trip in eight years. He shot a deer the first half hour on the trail, but never saw another until his last day in camp. The twelve men in the party brought down seven deer however, which was better than some camps reported. Sam Armstrong, Frank Baker and Art Baker dropped off at their own camp out from Zebra Siding. They are members of the Sutton Club. Elgin Wagg, Nels. Byer, Elmer Daniels, Bill Armstrong, Jack Johnston and Bill Armstrong, Jack Johnston and Dr. Ron Smith are also listed among the local nimrods.

Sales Totalled \$450

There is good demand for used clothing, particularly for youngsters. This was most evident last week when the Nursery School Committee sold goods totalling \$450 at their sale held in the hall in the municipal building. Mrs. John Button said there were excellent buys and sales were many, although not everything offered was disposed of. The Committee did the selling for the owners on a percentage basis. Children grow out of things so fast, and excellent garments are cast aside it would seem, for the lack of some means to dispose of them. Many articles are sold through The Tribune classified columns every week, but there is still need for some sort of clearing house. Aside from making a small percentage of profit, the ladies who undertook this work rendered a service that must have been greatly appreciated.
