

T.C.A. FLIES TO THE CARIBBEAN

Linking the land of the pine with the lands of the palm, this winter Trans-Canada Air Lines North Star skyliners are flying between Montreal and Toronto

and the romantic West Indies islands of the Bahamas, Jamaica and Trinidad. Planes leave Canada every Monday morning for Nassau and King-

ston and every Thursday for Nassau, Kingston and Port-of-Spain. In a few hours the rigors of winter are left behind and the snow and ice give way

to coral beaches basking in the warm sun. Photographs give a glimpse of these enchanting isles.

Wishing all the compliments of the season. Again thanks a million.

FRANK DISNEY.
