Echoes from the Silver Jubilee

It is estimated that four hundred attended the anniversary meeting held in Veterans' Hall on April 11th. John F. Clark, as chairman, did a fine job. Our veteran secretary, Miss Margery Mertens, was recipient of a silver tea service in recognition of over 23 years of faithful service on behalf of the Society. The whistling numbers by Mr. Ross Edwards, accompanied by Cliff Salmon on the piano, were greatly enjoyed by all. Thanks, Ross.

Mr. Vern Lewis is in charge of the new grist mill now in operation by the Stouffville Co-op. The opening of this second mill in town, is something of a history maker, since it is many a day, if ever, that Stouffville had two grist mills. For a few years Stiver Bros. have filled the gap when they bought out the Burkholder business and built a modern new plant that has been running often night and day to keep up with demand. Now with two mills in town the farmers should have their demands attended to in quick order, but requirements are heavy in this dairy, and mixed farming district.

Another Corner Sales Station

Local Ford salesman Mr. Archie Campbell has purchased the lot at the east corner of Main street and the 9th concession of Whitchurch, where according to reports a modern sales station will be erected. The vendor was Mr. John Smits. This location is directly east of Les. Wilson's garage, so that both corners will be occupied by garage and sales places. Likewise, the 9th of Markham has at least one service station, with Mr. Alf Mole's modern building, while the east corner of the ninth and Main street is still a vacant lot. This property is often sought by buyers, but we understand the property is entailed and the sale of it presents a problem that the owner or owners have never solved. Fifty years ago this corner lot was dubbed, "the zoo," and was piled high with everything imaginable in the wreckage line.

May be an Ontario Record

In another few weeks Miss Nora Stapleton will have completed 42 years as a church organist. She was first appointed organist at Bloomington Christian Church back in 1907, and has served in this capacity in the Stouffville church for thirty years. When The Tribune checked up on this item with Miss Stapleton we believed we had something of a provincial record, and so we have. However, organists have been known to serve even longer than Miss Stapleton, although there are none with a longer record in Ontario so far as we can learn. At Bridgeport, N.S. Mary Bishop had been organist at the United Church for 64 years, according to announcement only made recently. Incidentally, Nova Scotia town claims another record for an organist. Across the street from the United Church Julia Jackson, the organist, is only 14 years of age.

Mrs. Clayt Baker has been relieving during Miss Weldon's absence.

Dr. and Mrs. John Button and their three young daughters moved last week to their palatial new home at the south end of O'Brien Avenue, which is just being completed by the contractors. Dr. Button will still retain his office uptown as heretofore and should be sought there as usual. However, any time at his disposal will be enjoyed in the delightful new home he has created.

Miss Margery Mertens came in for special recognition at the 25th anniversary gathering of Stouffville and district Horticultural members. In recognition of her twenty years as secretary, Miss Mertens was presented with a silver tea service. This interesting part on the program was not mentioned in our last week's report on the big night.

Butcher Shop Close Call

Schell's butcher shop was threatened by fire last Wednesday afternoon, when a kettle of fat rendering on a coal oil stove in the rear of the building, boiled over. Firemen answered the call for help, and had quite a time getting the creeping fire out of the partitions. When the fire was noticed the whole room seemed to spring into flame. Only recently the Schell shop has been considering a modern new-type rendering furnace to care for the expanding business of rendering fat.

Services in all town churches on Sunday had special significance to the Easter season, and special music was rendered in most churches as well. Easter services were very well attended, and certainly the weather was no deterrent to persons getting out on Sunday to attend divine worship. At the morning service in the United Church, standing room only was available for late arrivals, while some were seen standing outside unable to get in.

In the Baptist church little Shirley McMullen sang at the morning service and Mr. Eugene Baker and sister Mrs. Gilbert rendered a duet in the evening. The Easter Cantata was repeated at the evening service in the United Church. Nineteen young people joined the church being received into membership by the pastor, Rev. D. Davis.

Mrs. Louis Brillinger from Cedar Grove spent the weekend with Mrs. C. Harper at Stouffville.

Miss Greta Smith, Toronto, spent the Easter holiday at the home of her brother, Dr. Neil Smith.

The Tribune is indebted to Mr. Phillip Meyer for a copy of the Vancouver Province daily newspaper, giving a complete account of a plowing match held at Chilliwack, in which tractors took the lead, leaving horsemen who have dominated the matches since 1873, in the background.

Auxiliary Hears Mrs. Chapin

The Easter meeting of the Garrett Evening Auxiliary of the United Church was held in the church with the afternoon Auxiliary as guests. Worship service was led by Miss Eva Hoover who took as her theme "A New Advance in Christian Missions." She was assisted by Miss Jane Burkitt, Miss Gladys Brooks and Miss Margaret Hosie, Miss Erma Downswell favored with two numbers accompanied on the guitar. A solo "There is a Green Hill Far Away," was beautifully rendered by Mrs. Claude Brillinger. Mrs. D. Davis introduced the guest speaker, Mrs. Roscoe Chapin of Melville who gave an inspirational Easter message as it related to every day life. Mrs. C. Nolan at the organ and Miss Anne Lehman at the piano played a number which all enjoyed. Miss Gladys Brooks moved a vote of thanks to the speaker and to all those who had helped to make the meeting so worth-while. All assembled in the school room where a dainty lunch was served.
