The Baker Hill Baptist Sunday School enjoyed a picnic at Midhurst Park on Tuesday of last week.

We regret that Mr. Abram Grove is under the doctor's care.

About fifty from Ringwood were among the one hundred and seventy-five present at a delightful picnic sponsored jointly by the Christian Churches of this area. Bloomington and Altona were well represented, and Rev. F. Muir was present with his Stouffville congregation.

Lloyd McLean is holidaying this week at Balsam Lake, where Mrs. McLean and Sharon and Barry are spending their second week at the cottage.

Mr. and Mrs. A. J. Graves of Oshawa left last week on a visit to relatives in England. Both over 80, Mr. Graves will be remembered by many as bandmaster of the 116th battalion organized at Uxbridge by the late Col. Sam Sharpe during the first world war. As chaplain of the Veterans Association for many years that organization in Oshawa presented Mr. Graves with a gold watch just before his departure.

The second drive is now on for investors in the Stouffville Arena Limited, to cover the cost of the artificial ice contract which was let this week. Stouffville will have one of the finest arenas around the district this winter, but it must have artificial ice, and be debt-free when the doors open in October. This is the goal of the company officials. You could make no more worthy investment, than one in a project of this kind which will be a tremendous boon to the community and district at large. Call at the office of the Company (McCullough & Button) today, and pick up an application. Your share is needed to finance the undertaking. Shares are \$100. each.

On Thursday evening the United Church W.M.S. members, and friends of the afternoon and evening auxiliaries gathered at the home of Mr. and Mrs. A. M. Wood, Main Street, next the Presbyterian Church, to honor Mr. and Mrs. Frank Muir and sons. They have served in this community for a number of years and Mrs. Muir has been guest speaker at many of the W.M.S. meetings while in Stouffville. During the evening a purse was presented to the Muirs with good wishes for their future work in China. Mrs. Muir's mother and father, Mr. and Mrs. Mileson who have just returned from a trip to England, were in attendance.

Mr. Fred Pense of the Kingston Whig-Standard called on The Tribune on Monday during a trip in this district.

Miss Patsy Miller is spending two weeks holidays at Scarborough Bluffs with her sister, Mrs. Geo. Davies.

Mrs. Harry Wilson of Shelbourne was in town last week the guest of Mrs. J. K. Agnew. Former resident on Main street, her husband Dr. Wilson is on the county health unit in Dufferin County, a position he assumed when the family left Stouffville a couple of years ago.

Enforcement of a new regulation for minimum size potatoes comes into force this week at an unfortunate time, when early tubers are a failure in many fields. It would seem that the new larger size tubers demanded could well have been delayed in face of the drought situation.

Jack Sanders, who is managing Bill Ball Motors, during the vacation absence of Mr. Ball, had the misfortune to sustain severe burns on both his hands last week, when they came in contact with a sudden hot spurt from the exhaust of a car.

Mrs. G. R. W. Thomas, Church St., accompanied her son Alfred of Toronto on a motor trip last week, visiting friends and relatives, and calling on such points as Peterboro, Omeme and Bobcaygeon.

Members of the Scarborough Township Council and the local newspaper staff at West Hill were guests of Mr. S. Fingold when he opened his new Roxy Theatre at West Hill a few evenings ago. The new show house is described as modern and spacious with every convenience for its patrons who it is estimated will come for miles around.

Mr. Percy Hewlett who built a couple of houses and dry cleaning plant when a resident in town, before leaving to open a similar cleaning plant in Whitby, which he sold, is moving to Pembroke. He is about to build a dry cleaning plant in that town of some 10,000 people. Mr. Hewlett was in town one day last week on business.

Mr. and Mrs. Norman Farr who recently returned from their wedding tour, will occupy the apartment in the Button block over the hardware, recently vacated by Dr. John Button, who now only retains office space in the block since his wife and family occupy their new home on O'Brien Avenue.

Laying water mains along Stouffer Street from the Christian Church north last weekend, the digging machine encountered numerous springs, and water flooded in at such a rate work was abandoned until the situation could be dealt with. This week the town power pump was brought into action, and sections of the trench blocked off and mains laid under more difficult circumstances than was expected. The extension will service three houses waiting for water. This job will complete all the 4" main extensions that will be made this year. However, it has been one of the big years for laying main extensions, and the investment has consumed all the available money held in the water works account. Borrowing for extensions is not contemplated, and persons buying vacant lots for building should make sure they are on a water line before making any investment in land.

The Rev. William H. Wallace whose death was reported last week was pastor of Stouffville Baptist Church from 1902 to 1905, a fact we were unable to obtain when we published the obituary. During the pastorate of Mr. Wallace the church worshipped in the former brick building that stood on Main street east about four doors west of the school grounds.

Miss Marion Hall of Zephyr is spending her holidays with her grandparents, Mr. and Mrs. W. D. Hall, Blake Street.

Spofford and Co. staff outing this year took the form of a lake shore drive around Simcoe from Keswick to Port Bolster with a bang-up shore supper. As a climax to a perfect day, a good show was enjoyed at the new Rio Theatre at Uxbridge.

Take advantage of the big reduction in hats and dresses at Mrs. M. Watts' store this Thursday, Friday and Saturday, July 14th, 15th and 16th, after which the shop will close until further notice.
