

GMC TRUCKS FOR

Any Load... ON ANY ROAD

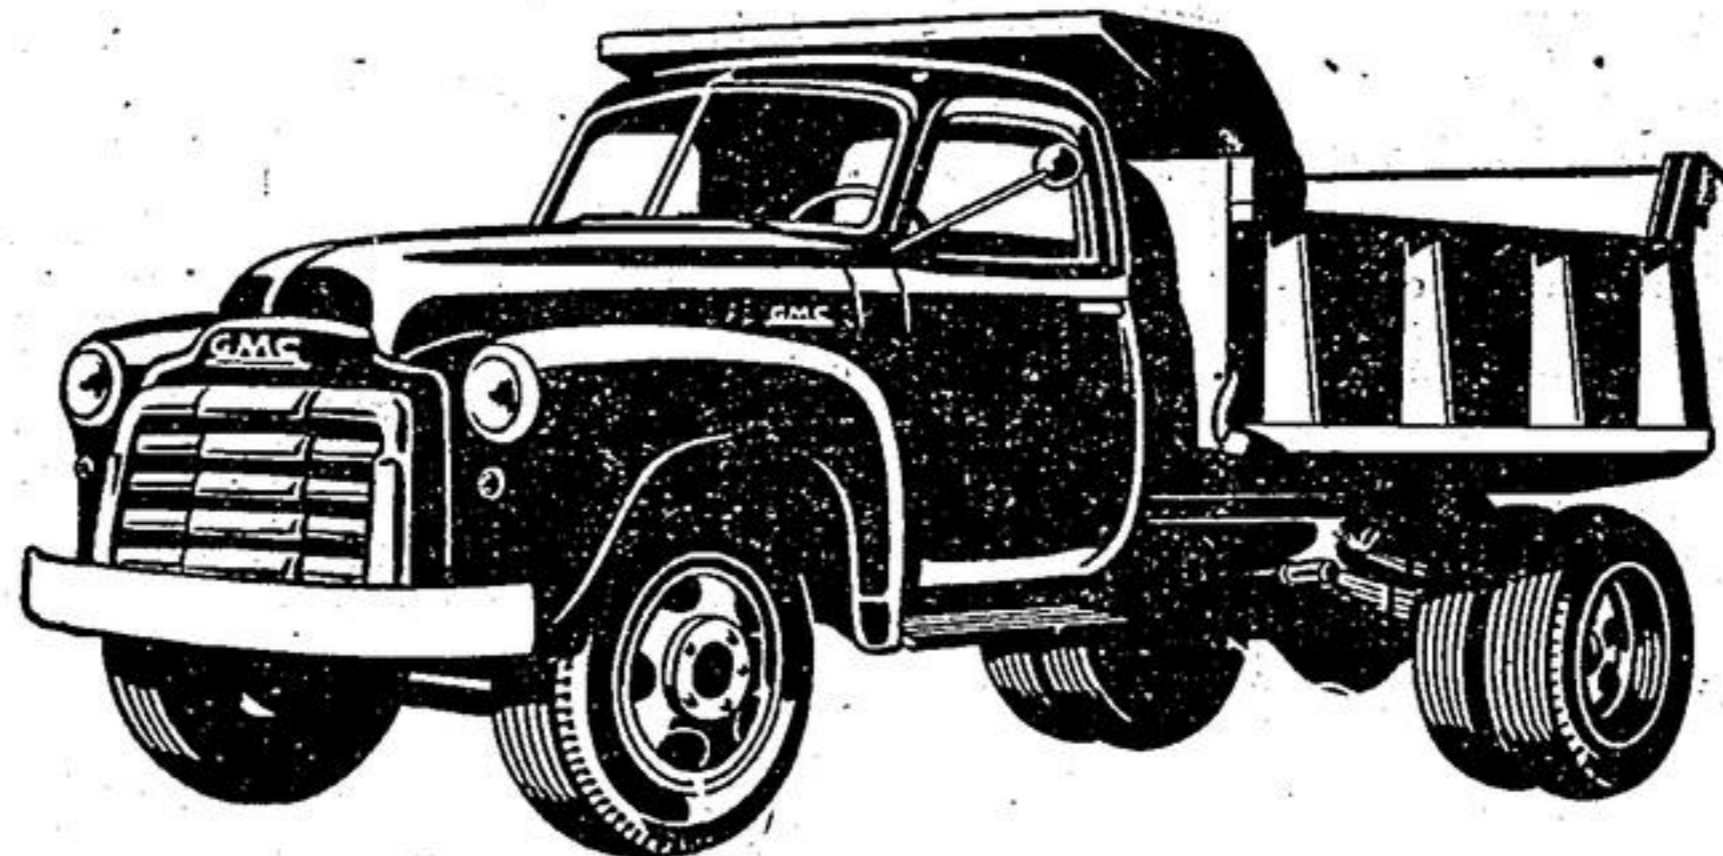

GMC offers a wide selection of chassis for delivery of milk and packages in built-up areas — chassis engineered to provide just exactly the performance you want — thrifty, dependable, long-lasting.

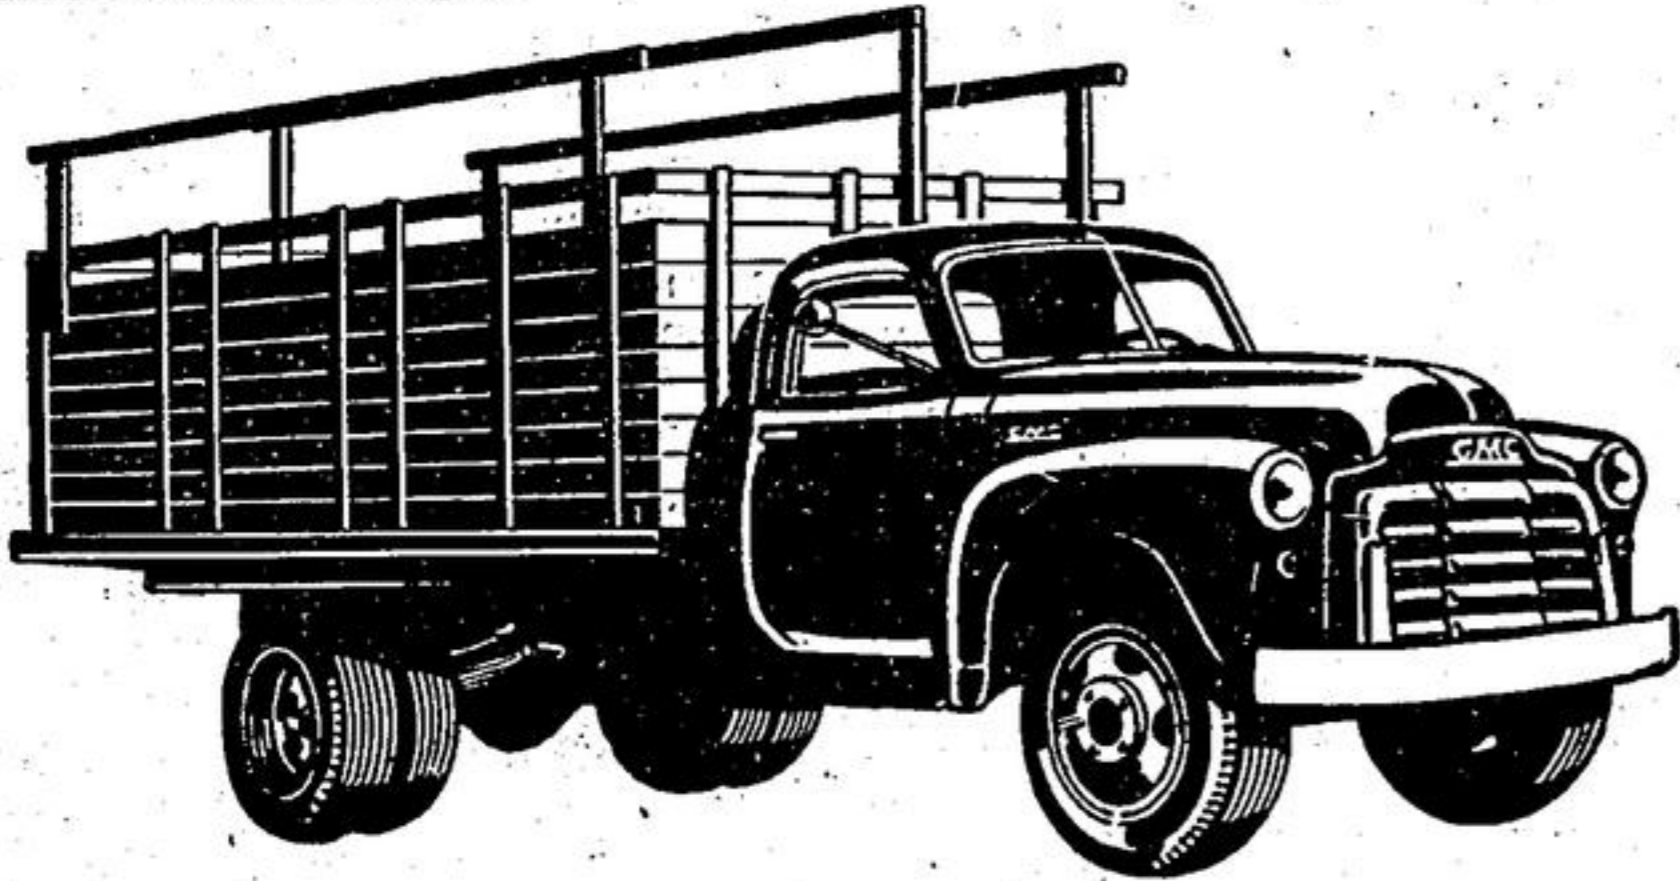

The GMC forward control chassis has ample space for light, bulky parcels . . . meets the needs of department stores, laundries, cleaners, florists. Forward control feature gives a short turning radius for city driving and a clear driver's compartment for easy access to load.

The truck of a thousand uses! Offered in 1/2-ton, 3/4-ton and 1-ton models, the GMC Pick-up is even more convenient now, with removal of wheelhouses. Bodies are 50" wide, fitted with stake pockets. And it's powered by the trusty GMC Valve-in-Head Engine.

The GMC 2 1/2-Tonners are the Number 1 choice wherever a hauling job calls for heavy-duty trucks that can stand up and take it . . . and wherever operators demand top quality, strength and stamina . . . combined with economy of operation and price. Offered in several wheelbases to take various types of dump and other bodies.

The GMC 3-ton heavy duty truck comes in five wheelbases which will accommodate a wide range of bodies, stake or dump. Powered by the economical 100 H.P. GMC Torquemaster Engine it is particularly efficient in tractor trailer operations.

Chas. McKay, M.O.H.
Mary Stiver, R.N.

DICKSON HILL

Things have been moving along nicely since our last report in the Tribune. With the opening of school, holidays are officially ended. Local young people were present at the Youth Conference at Stayner, and the Christian Resort at Keswick. Mrs. Wm. Grove has arrived home after a wonderful trip to California to visit her brother and family. Mrs. (Dr.) Hargrave spent a week with her daughter and family in Montreal. Mr. Ross Wideman made a flying motor cycle trip to Pennsylvania, U.S.A. in marked contrast with the time required by his forerunners, who made the trip by foot in six weeks, more than a century ago. Others contented themselves by motoring to the Niagara fruit district or a most interesting visit to the C.N.E.

We regret to have lost Mr. and Mrs. Wright, Gladys and Floyd, who have moved into their new home at Mt. Joy. We wish, however, to welcome Mr. and Mrs. Sherwood and family, who have taken up residence in the W. A. Jones' house. Mr. Sherwood is a member of the staff of the Stouffville High School.

Farmers are busy sowing fall wheat, and recent rains have permitted preparation of a good seed bed.

During a family party at the Moyer home, birthday greetings were extended to Miss Mildred Barkey of Stouffville. Lawrence Barkey, who has spent the summer with the Toronto Bible College Evangelistic group and Warren Moyer. Members of four generations present, included great grand parents Simeon Hoover, A. C. Barkey, and Mr. and Mrs. Alvin Eby of Calgary Alta. Of special interest, were the babies, Judith McDowell, Jonathan Edward Wideman, and Stephen Bruce Clark. September, the eleventh was also the birthday of the late Mrs. Simeon Hoover, highly esteemed, and greatly missed grandmother, who was called to her heavenly home twelve years ago. Pastor and Mrs. Berry and Wayne were present, and a short impromptu program was enjoyed by all.

Six little boys and girls commenced their trips to the little red school, where Miss Milligan of Kingston is conducting classes. We extend a warm welcome to her, and trust she may soon feel at home in the community where she is partaking of the hospitality of the Walker home.

Mennonites Prepare Europe Yule Parcels

A new warehouse has been acquired in Kitchener by the Mennonite central committee.

The red brick two-storey building is a stone's throw from the former upstairs quarters and is located at the rear of the Mennonite book store on King St.

Prime reason for the new warehouse is the easier access to traffic for outgoing and incoming articles.

Slightly smaller than the previous building, it is crowded almost to capacity with Christmas parcels which will shortly be shipped to Europe.

During the last few weeks more than 1,800 bundles were received from all points of Canada.

This marks the third year parcels are being sent to the destitute children of Europe.

This year they will be directed largely to relief posts in Germany since access to Poland, Yugoslavia and other countries is barred by the Reds.

Urging the workers on to greater efforts in the project are letters such as this, received after the distribution of packages last year: "My but I was a fortunate child, and I will never in my whole life forget the beautiful Christmas of 1948. Thank you a thousand times."

Wrapped in striped towels the parcels include such articles as wearing apparel, handkerchiefs, writing paper, soap, combs, sweaters, underwear, toilet articles. Each bundle has one toy.

Many of the parcels have been made up by Sunday School classes, Bible schools, clubs and families.

Christmas greetings and self addressed envelopes are enclosed. Supervising the packing of the parcels is Miss Clara Snyder. Assisting her is Miss Elva Snyder and a number of voluntary workers.

If all the dividends paid by Canadian industry to persons with incomes of more than \$5,000 a year were distributed equally among all Canadians it would amount to \$5.00 per person.
