Change System Auto Numbers Plan for 1950

Phenomenal growth in the number of motor cars and other vehicles in operation in Ontario, has Ontario highways department officials playing a "numbers" game. In 1951 there will be a new set-up for the number of motor car licenses. Several new combinations of letters and numbers will be used to take care of the increased numbers of cars. Revamping of the present system will permit the use of combinations that are not too confusing to the traffic-strained eyes of the motor cop. This coming year will see the same system of numbering in operation as was in effect this year. What form the 1951 plates will take is a deep dark secret being guarded, for the present, with all the care usually given a military secret. There was a hint, however, the 1951 plates are likely to follow those number-letter combinations in use in some of the states to the south.

Heber Down Heads Crop Improvement Association

The annual meeting of the Ontario County Crop Improvement Association was held in Uxbridge last week with approximately 60 members in attendance. Interesting reports were given on the various tests and demonstrations that have been carried out under the Ontario County Crop Improvement Association during the year. In most cases, the farmer on whose farm the demonstration was held, reported on the project. A progress report on weed and brush control in Ontario County, was given by the County Weed Inspector, Ryerson Beare. Mr. Beare, pointed out that considerable demonstration work on both weed and brush control had been carried out with very good results. Mr. Beare pointed out that it was very difficult to cover the entire County with the small supply of spraying equipment available in the County. He expressed the hope that a number of townships would purchase spraying equipment for use another year. It was decided to hold the Ontario County Seed Fair in Brooklin in March; the date to be decided by the Executive and the Project Committee. It was decided that the Ontario County Crop Improvement Association would set up an educational exhibit in connection with Soil Conservation at the annual meeting of the Provincial Crop Improvement Association in Toronto, the week of January 16th. This educational exhibit would feature the farm models of the Heber Down Farm that were built by the Brooklin Junior Farmers and displayed at the Conservation Day last September. At the conclusion of the meeting, an interesting set of slides on Conservation were shown. These were all taken at the Conservation Filed Day on the farm of Heber Down, Brooklin. The following officers and directors were elected for 1950:

- Honary President, Howard Harper, Goodwood; President, Heber Down, R.L. Brooklin; 1st Vice President, Vince Beaton, Blackwater; 2nd Vice President, George McLaughlin, R.R.1 Oshawa; Secretary-Treasurer, H. L. Fair, Uxbridge; Auditors, Wilmot Croxall, R.R.3 Uxbridge; Clarence Armstrong, R.R.4 Uxbridge.

**CROWLAND MAN MUST REPAY \$500 TO BANK**  
Welland, Dec. 8—Michael Marak of nearby Crowland was ordered to refund \$500 allegedly over-paid him when he cashed a \$500 Dominion of Canada saving bond at a Dominion Bank of Canada branch here.

The hearing, headed by Magistrate H. E. Fuller, overruled a magistrate's court ruling last year which failed to uphold a claim by the bank that a teller accidentally paid Marak \$1,000—\$500 too much.
