BEAVERTON REJECTS LIQUOR STORE PROPOSAL

By a 17-vote margin Beaverton voters last week said that they preferred to keep a proposed liquor store out of the village. Vote was 274 in favor of the establishment of a liquor store and 291 opposed However, a 60% vote would have been necessary to make any change in the status of the village. The vote was taken under the provisions of the Liquor License Act. More than 570 people went to the polls.

CLAIMS BARN PAINTING RACKET BEING REVIVED

According to the National Better Business Bureau, the old time barn painting racket has been revived schedule accordingly. This is the and many farmers are becoming prey to these racketeers. The Bureau reports that gangs of itinerant painters are travelling about the county fleecing farmers of thousands of dollars by engaging jobs to spray paint barns, silos

From reports sent in to the Bureau, these gangs carry some five-gallon cans of nationally advertised first quality paints in their trucks to use as bait to get jobs. However, it is said that a mixture of old motor oil, kerosene, red brick powder and carbon is used for the actual painting which

is washed off by the first rain. These racketeers are a menace to the paint industry and it is hoped that word may be passed to all rural areas, county agents and others to warn farmers of these

TORONTO MILK SHIPPERS' MEETING

Milk comes from a cow and costs 19c a quart. This is about all the average housewife knows or cares about it, stated Miss Harriet Parsons, studying - Producer-Consumer relations in the fluid milk industry, in a speech to the annual meeting of the Toronto Milk Producers' Association at the King Edward Hotel on Dec. 7th.

The meeting which was well attended despite hazardous driving conditions, also heard Miss Parsons state that when the Toronto family moves to the cottage for the summer they create a seriious problem for the farmer who has to adjust his production main reason Toronto is a relatively poor market as little milk is required when production costs are low (pasture) and much more when costs are high (stable feed-
