NO SUNDAY MILK TRUCKS?

A recent executive meeting of District No. 4 of the Toronto Producers' Association devoted considerable discussion to the matter of no Sunday pick-ups. Points which came out of this were: The dairies took this step without any previous discussion or notice to those concerned, that is truckers and farmers. Many shippers have been embarrassed by lack of cans to carry over the weekend. In the hot weather next summer cooling systems will have to handle double their normal capacity. How many will be able to do so? How much milk will be lost by spoilage and lowered quality?
Other topics discussed were the failure of the quota system and the dairies' threat to withdraw bonds in February. Resolutions concerning these matters were adopted.

SEALD TENDERS addressed to the undersigned and endorsed "Tender for Office Building for Geophysical Services, Agincourt, Ontario" will be received until 3 p.m. Wednesday, January 4, 1950, for the construction of an office building for Geophysical Services, Agincourt, Ontario. Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, Ontario, and the District Architect, 36 Adelaide Street East, Toronto, Ontario.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada payable to the Order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

Note.—The Department, through the Chief Architect's office and the office of the District Architect, 36 Adelaide Street East, Toronto, Ontario, will supply blue-prints and specification of the work on deposit of a sum of \$15.00 in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on return of the blue-prints, and specification within a month from the date of reception of tenders. If not returned within that period the deposit will be forfeited.

By order, Secretary,
Department of Public Works,
Ottawa, December 15, 1949. 36-2

Hear Explanation of High Taxes Whitchurch Nomination

(continued from front page)

Deputy-Reeve McLaughlin said no money was squandered, that every cent spent was necessary, and when it came to decisions he always asked himself what he would do or the question if it was purely a personal expenditure.

Mr. Campbell said that he was interested in the Wilcox Lake development, where he maintained conditions had become so bad something had to be done. Not asking the ratepayers for anything, since the proposed new road improvement would be a local improvement, all chargeable to the area. Mr. Campbell is a tool worker in Aurora and a family man, he stated. He is interested in getting a park and better school conditions for the settlement. His boy is attending school only half a day because of lack of accommodation. He said the Wilcox Lake tax payers pay more taxes per foot of property owned than did the farmer.

A mile and a half of ditching was done this year and certain bulldozer work, that will make the roads better for snow plowing, Fred Timbers told the meeting. Weeds had been destroyed by spraying and cutting using township machinery for cutting with local workmen. Being a substantial taxpayer he regretted the increased taxes as much as anybody, but there was no escape.

Mr. Sid Legge's nominator called attention to the fact that Mr. Legge was the only man on the council road, and Mr. Legge said that he took the blame for the increased costs for policing. He was proud that there were no outbreaks last summer at the lakes such as had marred the life of other communities. He realized that perhaps one constable might meet the needs of the township for a few winter months, but it was never possible to pick up a trained man in the spring. Police, like other people want steady employment, and do not wait around for a job in the summer only. Anyway, as things are today, it is no longer safe for one constable to go out at midnight alone. Police expenditures were over \$5,000 and total receipts about \$500.

Mr. Baycroft felt that after having served a year on council he should be a more valuable man next year. He didn't think police costs too high protecting the over three million dollar assessment of

ALMIRA

We wish one and all a very Happy and Prosperous New Year.

Mr. and Mrs. John Timbers spent Monday with Mr. and Mrs. Oran Lovelace and family of Agincourt.

Mr. and Mrs. Peter Stickley had Christmas dinner with Mr. and Mrs. Edgar Stickley and family of Victoria Square. They also spent the evening with Mr. and Mrs. Lewis Heise.

Mr. and Mrs. Bill Simpson, Ronnie and little Karen Stewart of Monday with Mr. and Mrs. Chas. Ballantrae had Christmas dinner dinner. Miss Doris Conner of Stouffville was home for the day.

Mr. and Mrs. Mansell Timbers and Mr. and Mrs. Harley Timbers had Christmas dinner with Mr. and Mrs. Sanders of Richmond Hill.

Mr. and Mrs. Andrew Steiner of the 8th line spent Christmas day with Mr. and Mrs. Allan Wideman.

Mr. and Mrs. Geo. Cober and Mary had dinner Sunday with Mr. and Mrs. Clifford Winger and family of Gormley.

the township. If actual values were totalled they would run to double the figure quoted, he said.

George Styles said he came from that place called "Seldom Seen," but it's always seen by the assessor and the tax collector, he noted. election campaign. As a garage owner he said the settlement he represented spent all their money repairing their cars. Fix their roads, and they could spend the money improving their properties.

Returning officer John W. Crawford wound up the meeting by explaining the tax slips sent out this year. Some misread them and complained about 17 mills for relief. Actually relief was only two-tenths of a mill, the 17 being for general township expenses. The tax rate was struck without the knowledge that the provincial subsidy of one mill would be paid. Later the government decided to make payment in some form, and they did, so the finances will be that much better off.

He said the Teachers' Federation was forcing salaries higher which reflects in the school costs. They had forced the government to set a minimum salary of \$1800 for teachers and if this is not paid he had to withhold the township grant on salaries.

Somebody shouted from the audience that the Federation was a closed shop. Ballantrae School, said Vern Davies from the audience had a second teacher about 19 years of age getting \$1600, and the grant couldn't be paid. Some other ratepayer said "I think that is a good salary for a girl just through Normal school."

May the joyous bells ring out the news of a New Year and greetings of joy and success.
