Support the

FLOODLIGHT CAMPAIGN

for

CLAREMONT Community Park

Enjoy your Softball under the lights

Claremont has always been noted for years for their smart softball teams, and have many local championship awards to prove it. Likewise in the field of soccer which is regaining some of its former popularity, the local village has excelled in the past. To be able to play these games in the evening when many more will be free to go to the park and enjoy the pastime will be a real municipal improvement, and one which warrants the support of every sport-loving citizen, and others who want to see Claremont a better place to live and do business.

Chas. Cooper, General Motors Dealer,
has opened the campaign with a splendid
contribution of \$300.00
