PINE ORCHARD

Mr. James Hope is sporting a new Dodge.
Mr. and Mrs. Pratt and family of Orillia, were Sunday guests with Mr. and Mrs. Rae McClure.
Mrs. Galley and Carolina were weekend visitors with Mr. and Mrs. Wesley Lundy.
Mrs. Hendry is nursing a sore arm after chipping the bone in her elbow and her young daughter, Janet had an accident at school which required eleven stitches to close the wound in her face. We trust both will soon be feeling tops again.
We would like to congratulate Mrs. James Harper of Boggartown and formerly of Pine Orchard on her 90th birthday.
Mr. Harvey Gibney and family were Sunday visitors with Mrs. W. Reid and family.
Miss Jean Johnston, Toronto, spent the weekend at her brother Walter's home and visited their

aunt, Mrs. Foote who is ill on Sunday.
We are pleased to report Mrs. Baxter is doing well, following an operation at Newmarket hospital.
Several of our girls attended Achievement Day program in Newmarket, held in connection with the girl's homemakers' club.
We were pleased to see a good crowd to S.S. Sunday, June 4th. S.S. will be at 10 a.m. and church service at 11 a.m.
Wedding bells are ringing on 5th Line and also on 6th Line.
The home as a place of consumption has increased in importance for serving beer to the American family during the past decade, it is revealed in a survey made by the American Can Company. The proportion of at-home-only beer drinkers has increased from 34 per cent in 1940 to 43 per cent in 1949, the survey showed, while a decrease was noted in the proportion of those who drink beer away from home only.

Mennonite Manager Tells of Flood Conditions

C.J. Rempel, manager of the Central Mennonite Committee with headquarters in Kitchener, states: "The battle seems to be won as there was another drop of almost an inch today bringing the level down to an even 30 feet. It is remarkable what a difference in morale such a small drop in the river level has upon the people. They think the worst is over and it now is but a matter of keeping watch and waiting for the river to settle to its natural level."
"My first reaction to the sight of the dikes and the height of the river levels was admiration for the people of Winnipeg and district for the tremendous effort which must have been put into the construction of these dikes. There were days when almost the whole city was out en masse to slug and sweat—but it has paid off and it is a wonder that not more buildings are inundated. Particular credit has been paid to the teen-agers who used their last ounce of youthful energy to carry heavy sandbags.

"The city takes on an ominous appearance with millions of sandbags piled along the various rivers with the banks of the Red being fortified to the height of 12-15 feet. Beautiful lawns in residential areas have huge holes scooped out by bulldozers which push the dirt against the sandbags to strengthen the erected barriers. Sewers on the streets are either completely locked or have sandbags piled around them for heights varying from one to five feet, depending upon the level of the street."
"The destruction in certain areas is alarming. To see newly constructed homes in water up to the windows and as high as the doors is a very unnerving sight. Many homes were given up to the paralyzing rise of the rivers and it seems strange and sad to see a row of sandbags running between buildings with water inundating some and lapping jealously at the dikes in order to get at the ones on the other side of these man-made barriers.

In certain areas the bulldozers have scooped tons and tons of earth against rows of houses with dirt being as high as the roof. These buildings are of course written off as almost total losses."

RINGWOOD

Many from here attended the Sunday School Convention held in Hartman United Church last Thursday, with three interesting sessions.

An offering for Manitoba flood relief amounting to \$100 was taken up in our Ringwood Sunday School last Sunday morning.

The sincere sympathy of the community is extended to Mrs. Tom Cracknell whose father passed away in Winnipeg on Monday morning. Mrs. Cracknell and little daughter Sharon, also a sister from Toronto left for Winnipeg on the Monday night train to attend the funeral.

A delightful miscellaneous shower was held at the Elmore Barkey home on Monday evening in honour of their son, Lawrence's approaching marriage to Miss Eileen Lewis of Stouffville.

Mrs. Allan Hoover of Gormley, brought a very inspiring missionary address to our Monday evening Endeavour meeting. Mrs. Hoover was formerly a missionary in Syria.

We are glad to see Ed. Brownberger out again, after an extended illness from pleurisy.

EDITOR'S MAIL

The Editor, Tribune, Stouffville, Ont.

Dear Editor:
On behalf of the National officers, I should like to tell you once more, how sincerely grateful we are to the press of Canada for the generous co-operation and the strong editorial support given the Canadian Red Cross Society in the 1950 campaign. Such support has played an important part in the success of the appeal.

We are pleased to be able to advise you that the 1950 appeal is approaching a successful conclusion, and that when we have heard from the localities where delayed campaigns have been—and are still being held, the success of the campaign will be assured.

For your help and that of your publication, please accept our grateful thanks,

Yours sincerely,
Mrs. J. R. Nairn,
National Publicity Director.

Stouffville, Ont., May 27, 1950

To the Editor,
The Tribune, Stouffville.

Dear Sir:
The editorial, "Let's Get On With The Job", which appeared in last week's paper brings to mind a project dear to the heart of our late Reeve, Mr. A. V. Nolan. It was his desire to see the Memorial Park Gates rebuilt at Main street. At his request, prices on material and labour were obtained from the Maye Contractors at Goodwood. A second skilled bricklayer offered his services at a greatly reduced price. Volunteer labour was available for the demolition of the pillars and for the digging of the foundation. One citizen, in his eagerness to have the work done, was willing to give a cash donation.

This information was placed before the Council. Three members rejected the idea of complete rebuilding in favour of a repair job. This repair job, like the putting up of street signs as passed by the Council two years ago, has been shelved. Nothing has been done about it to date.

Our park is a beauty spot appreciated by our visitors as well as ourselves. That we have allowed the Memorial Park Gates to fall into such a state of disrepair is a disgrace to us all. It shows a lack of appreciation of what the men whose names appear on them did for us 1914-1918.

Council of 1950—Let's Get on With The Job—NOW!

Yours respectfully,
John Scott,
Councillor 1947-1949.

That the Council, backed by the Business Men's Association, is building the long needed Public Rest Rooms shows an awakening to the needs of our growing community.

WHITCHURCH TOWNSHIP
