Community Mourns Loss of 15-Year-Old School Student

The sympathy of the entire community went out to Mr. and Mrs. Cecil Story and family of lot 23, con. 8, Pickering (Claremont R.R.2) when it was learned their fifteen-year-old daughter, Mary, suddenly passed away early Sunday morning, Oct. 8th, from a heart attack. Mary had suffered from heart trouble since she was a small girl and had missed most of the final term of school last year because of poor health. Recently, however, she had a check-up which showed she was improved. She attended public and high schools at Claremont, being a gifted student in Grade XI of the High School this year, of which Mrs. Kenneth Laushway of Stouffville is principal.

On Friday last, Mary had attended the Joint Field Day and had permission to take part in less strenuous events, being twice a winner in ball-throwing entries, and she kept records also that day. On Saturday she had enjoyed a happy day at Markham Fair, and it was felt her unexpected passing within five minutes of the attack was probably due to too much excitement.

The late Mary Story was identified with Claremont Baptist Church, and funeral services were conducted on Tuesday afternoon, Oct. 10th, from the family home by her pastor, Rev. Mr. Davison. Eight boys, students of the Claremont High School, acted as pallbearers, and interment was made in Claremont Union Cemetery. Surviving are Mary's parents, Mr. and Mrs. Cecil Story, a brother Andrew at home, two sisters, Jean of Toronto and home, and Mrs. D. R. Appleby (Betty) of St. Catharines, as well as her grandfather, Mr. Harry Found, who lives with the Storys.

Travel Funds

New regulations covering travel funds were announced by the Minister of Finance on Wednesday, October 4th.

The main point to remember is that Canadian residents require Form H Permit to take out of Canada more than \$50 U.S. or more than \$100 of Canadian and U.S. currencies combined. Form H Permits will continue to be available at banks.

The regulation covering the use of Form H for the export of currency is a safeguard against the export of capital sums where such export would not be permitted through other channels.

Authority has been given to banks and other agents of the Foreign Exchange Control Board to approve applications for U.S. travel funds without reference to the Board for amounts up to:

- \$500 per trip for bona fide business travel.
- \$500 per person in the calendar year for other travel.
- \$2,000 Canadian per year, or its equivalent, for attendance during a full academic year at a university, college or boarding school in the United States.

Applications in excess of these amounts may be referred to the Board and will be approved for reasonable amounts, having regard to the duration of the proposed journeys.

Border Travel—Individuals may obtain up to \$50 U.S. in any calendar month for use on a trip to the United States where the applicant will not be taking out of Canada more than a total of \$100, of which not more than \$50 is in U.S. funds.
