**DICKSON HILL**

Congratulations to Mrs. S. McKuen who won several prizes on needlework and baking at Markham Fair.  
 Mrs. J. W. Wideman and Mrs. K. Walker, teacher and assistant of a boys' class in Sunday School, entertained the lads and their mothers at a weiner roast Monday evening at the Walker home. During the coming year Miss Doris Hoover and Miss Lois McKuen will have charge of this interesting group.  
 Mr. and Mrs. Cliff Schell of Peterboro visited at the Barkley home over the Thanksgiving weekend.

People from this community have been attending the evangelistic services conducted at Mt. Joy by Rev. Mr. Mitchell with the Tompkin Sisters in charge of the music. These meetings, conducted by Pastor Berry were very inspiring and closed Sunday evening with a full church.  
 Mr. and Mrs. C. A. McDowell and

## Inspector McKillop Discusses School Area Question

Public School Inspector O. M. McKillop was present at Saturday's meeting of Whitechurch Township Council to discuss problems relative to allocation of school assessment, and other municipal problems related to public school welfare. Some of the difficulties encountered in the formation of a public school area of 2 or 3 schools in the Wilcox Lake region were cited, among them being the problem of choosing a suitable site for the school.

"Regardless of where they choose the site, we have a problem there," Inspector McKillop stated. One suggested location was in lot 5, down the second in section 7, another was on the property of Sniveley's alongside the dance hall.

Regarding the discussion of council passing a by-law creating a school area, Inspector McKillop advised, "The council has the power to pass the by-law if they find it expedient. Three hundred dollars would be paid to you in the year of formation, and each successive year. If you pass your by-law this year, you would receive your first payment at once. I'm Scotch enough to want to see you get that three hundred," he concluded.

"And I'm Scotch enough to think

we'll reach for three hundred and lose a thousand," Councillor Baycroft countered.

"It's the wrong people who pay," Clerk Crawford objected.

"The owner has to pay school tax, but not the fee," the Inspector clarified.

Some discussion centred around taking away some of the property of section 7 and putting it in 13.

"Where are these children attending now?" was asked.

"On the south side, number 7," came the answer, with the added information, "in number 6 there are a lot of children not attending at all."

"I think I should be instructed to call all these boards to meet the council and that you should be there," Clerk Crawford stated to Inspector McKillop, to which suggestion Inspector and council agreed.

"If an area is formed, who elects the trustees?" Councillor Timbers wanted to know.

"They're elected. The boards remain in power until the end of the present year, then the Area Board comes in," advised the Inspector.

Monday evening, Oct. 23rd, was set for the joint meeting to discuss formation of the area.

family had Sunday dinner at the Moyer home.

The Plowing Match at Alliston attracted people from local farms who enjoyed an outing in autumn and have an interest in plowmen's skill.

Mrs. Geo. Webb, Darlene and Paul of Stayner visited her mother Mrs. A. Rayer recently.

Mrs. Raymer and Mrs. Moyer called on Mrs. Sambrook last week.

## Film Library Operating Again in Claremont

This week the Claremont District Film Library begins operating again for the fall season.

The library is stocked with a new batch of films including Choral Concert, Introduction to Gaspe, Canadian Cruise, Invisible Armour, Are You Safe at Home, Canada Callin', gPainters of Quebec, Soil for Tomorrow, Feeling of Over-Dependency, The Loon's Necklace.

The above films are available for the use of organizations, schools, and other groups without charge. Sound projectors and equipment to operate on either 25 or 60 cycle may be rented from the Film Library for \$1 per program.

In the very near future another group of projectionists will be trained to operate the equipment, and the Film Council hope to have trained projectionists in every village and town in Pickering Township. At the moment, there are a dozen trained operators who are giving their time without remuneration to put on programs for any interested group in the township.

In addition to the above films, there are thousands of other 16 mm. films available for rental for a very small fee. These films must be looked in advance as they must be ordered from other libraries in Guelph, Toronto and Ottawa.

For further information about films and equipment available, contact Clare Keevil, Claremont, Chairman of the local film council.
