Whitchurch Council Will Hold Extra Evening Session Monthly

Following the lead of numerous other municipalities experiencing an ever-increasing volume of problems arising for solution, Clerk John Crawford advised Whitchurch Township Council at their meeting on Saturday that he felt the time had come to set a regular time for an extra council meeting each month. He stated these long sessions they now held were exhausting, and felt breaking it up into two regular sessions would relieve this somewhat, and it

would often save arranging a suitable time at which all the council could meet to cope with some special situation. On motion of Councillors Legge and Timbers a resolution was carried that having regard for the increased business before them, the council meet in regular session on the fourth Thursday evening of each month at 8 o'clock.
