San Bernardino, Calif. — H. B. Mower went over to inspect the fine crop of barley he had grown on a vacant lot near his home. The lot was an expanse of charred rubble. Mower blamed vandals until he received a bill from the city for the cost of burning "weeds" from his property. The city council, after hearing his

Stouffville Fire Brigade answered a call on Sunday just at the supper hour, to the home of W. J. Streight, on the 9th con. of Whitchurch, just north of Stouffville. A fire in the fire-place of the new house on the Streight farm had eaten through the tile flu of the chimney and into the wall of the house. A portion of the wall had to be removed before extinguishers could be brought to bear on the flames.

We wish to correct the impression contained in an item last week referring to the income received by the municipalities of Markham Township and Richmond Hill, that in the case of the former, the profits of the system went into the general funds of the township. This is not correct, as it is only the ratepayers located in the first mile and a quarter fronting on Yonge St. who benefit from the profits accrued by the system.

An interesting and unique incident has come to our attention through a subscriber who is an acquaintance of some of our comparatively new English citizens. Mr. Fred Reason, out from the Old Country a couple of years placed a small adv. in a city daily for a bricklayer, but omitted his name. Answering the adv. was Jock Reason, his brother, and neither knew that the other was even in the country. Incidentally Fred Reason is the husband of the Australian-born, Mrs. Reason, who disappeared mysteriously with the Toronto school teacher, Mr. Green, some months ago.

Possibly never before has such a bungling of the fast and slow time routine existed than that which occurred this season. At the present time it is difficult to know who is on what time. For instance, Uxbridge is back on slow time, Newmarket is back on slow time, Stouffville is still on fast time, as are Oshawa and Toronto. Even the local division court is feeling the effects of the ball-up, and Judge Denton was more than an hour late arriving for the court session scheduled in Markham on Friday just due to the upset in the time. Next Sunday, Nov. 26th, will see centres still on the fast time, return to Standard.

The Stouffville-Sutton deer hunters have returned home from their hunting ground near Zebra with two deer and one big wolf. The bullet which killed the wolf believed to be a leader of a pack, came from the gun of Vince Baker. This club is one of the older Hunt Clubs in Stouffville district. Sam Armstrong, the oldest camp member, has been cook for the last two years. Frank Baker, another member, has the distinction of celebrating 32 birthdays in camp. The hunters report a splendid holiday despite their lack of deer. During the recent years the wolves have taken possession of the hunting grounds and have driven out or killed all wild game.

Markham Bank Teller Wins New Car  
Bob Cattanach, teller in the Markham branch of the Bank of Nova Scotia, was the lucky winner of the 1950 Ford, given away in the Stouffville Veterans' Hall on Friday evening at the Markham-Unionville Lions dance and bingo. Bob Cattanach, proud owner of the new model is nineteen, and did not have a car. A very good turnout attended the evening's fun in the hall, and was augmented during the evening by a number from the Unionville-Aurora hockey game which was also in progress in the local arena.

An impressive parade of local and district veterans, led by the Markham Girls' Pipe Band, and members of the local branch, Governor General's Horse Guards, proceeded through town and marked the graves of fallen comrades in the Stouffville cemetery. The Provincial wreath was placed by Mrs. Douglas Davis and the Veterans' Association wreath by Mrs. Fred Winn.

Among the distinguished guests at the service were Major Geo. Brown and Capt. Hugh McArthur, B Squadron Commanders from Toronto.

Stockers sold at \$221 each and a fresh Jersey cow at \$305.00. Horses were slow, and a good saddle pony ready to ride away went for \$50. Dogs proved hard to sell.
