

# Motorists!

## Follow These Rules —FOR SAFE WINTER DRIVING

Slippery road surfaces, unfavourable weather conditions, and early darkness, combine with thoughtless driving to make the late Fall and Winter months the most dangerous period of the year.

For your own safety and the safety of other road users—pedestrians and motorists—observe the following suggestions:

1. On wet, snowy or icy road surfaces drive at reduced speed.
2. When stopping, apply brakes lightly and intermittently. Jamming on the brakes may bring about a skid.
3. Keep windshield and windows free of snow and ice outside, and fog and frost inside.
4. Be sure that brakes, steering mechanism and tires are in safe condition to help offset the extra hazards of Winter driving.

### Drive and Walk Safely

ONTARIO DEPARTMENT OF HIGHWAYS

GEO. H. DOUCETT  
Minister

CHEVROLET for 1951 presents a new profile, with extended rear fenders, newly designed grille; longer, lower, more sweeping lines; and many other features. Chevrolet also offers Powerglide automatic transmission, as an option at extra cost. Powerglide is fully automatic and eliminates the clutch pedal and the mechanical shift. This is the first fully automatic transmission to be offered in the lowest price field. Also offered are new Jumbo-Drum brakes which require 25 percent less pedal pressure. Shown above is the 1951 Chevrolet Styleline Deluxe four-door sedan. There are 11 other models including the Chevrolet Bel Air, Canada's first "hard-top" convertible.

### May Help Relatives To Settle in Canada

Persons in Canada or the United States may help friends or relatives in the U.K. or Europe to settle in Canada under the Canadian Government's new immigration plan by prepaying their passage, it has been announced by Trans-Canada Air Lines who have entered into an agreement with the Department of Citizenship and Immigration for air transport of immigrants to this country.

The Government plan to stimulate immigration enables approved immigrants to travel to Canada with TCA at a cost to themselves of \$160.00, the Government making up the difference between the special fare and the regular one-way fare.

Under Canadian law an immigrant is a person entering Canada with the intention of acquiring permanent Canadian domicile. Immigrants must be resident in Canada for a period of five years before becoming eligible for Canadian citizenship. Steps are being taken to ensure that only bonafide immigrants are sold air transportation.

Arrangements for the purchase of prepaid transportation can be made at any TCA office, Travel Agency or other airline office providing the applicant qualifies as an immigrant and can produce the documents necessary to gain entry into Canada.

By this method of prepaying air transportation, immigrants will be contacted through TCA's overseas offices who will arrange the journey without the payment of any additional charges by the immigrant.

### GORMLEY

(Thursday, Dec. 14)

Mr. and Mrs. D. B. Corfield are planning to leave this Friday for California where they will spend the winter with Mrs. Corfield's brother, Mr. J. Bremner, at La Jolla. Mr. and Mrs. Corfield will be accompanied by Mr. Ross Brillinger and Mr. Carl Heise.

Mr. and Mrs. Wallace Bond and family of Richmond Hill also Alex of Toronto had supper Sunday evening with Mrs. J. Bond.

Mrs. F. Warwick of Thornhill was a supper guest Sunday evening with Mrs. J. Forrester and Arvilla.

Mr. and Mrs. Geo. Barrett, Dawn and Joan had dinner Saturday evening in the home of Mr. and Mrs. E. Smith.

Congratulations to Bonnie, Brenda and Barbara Harvey who celebrated their first birthday on Wednesday of this week. The triplet girls are in splendid health with Barbara weighing 21½ lbs., Bonnie and Brenda each 19½ lbs. Barbara also is the tallest of the three but Bonnie took the first step alone. All three are making wonderful progress.

Rev. and Mrs. A. G. Doner had Sunday dinner in the home of Mr. and Mrs. W. Henderson.

Mrs. Moses entertained the ladies in her home Friday evening at a Nylon demonstration.

On Monday evening of this week a lovely shower of gifts was given to Miss Eileen Gooding and Mr. Kenneth Jones in honour of their approaching marriage. The shower was held at the home of Mr. and Mrs. Murray Bennett.

Mr. and Mrs. Allan Doner had dinner last Wednesday evening with Mr. and Mrs. Harrison Schlichter.

Congratulations to Mr. and Mrs. Jack O'Connell of Erindale (nee Pearl Bond) on the birth of a daughter Sunday evening.

Miss Mary Gibson of Toronto had Sunday dinner in the Pelling home.

Mrs. E. Jones was a guest of Mrs. Wm. Bruce and Genevieve Sunday evening.

Last Wednesday evening Mr. and Mrs. F. Harvey entertained members of the Doner family on the celebration of their wedding

### OBITUARY

Albert Gooding, 69, of 39 Eby St. South, Kitchener at his home last week after a brief illness. Born at Roseville, son of the late Mr. and Mrs. Stephen Gooding, he had farmed in Blenheim Township for many years before going to Kitchener. He attended Alma St. United Brethren Church. His wife, the former Melissa Fried, died four years ago.

Surviving are two sons, Leonard Gooding, Baden and Sherwood of Bright; four daughters, Mrs. Lorne (Fannie) Hebel, Haysville, Mrs. Leighton (Pearl) Shantz, New Hamburg, Mrs. Gordon (Mabel) Bullock of Bright and Miss Isabel Gooding of Kitchener; one brother, Alonzo Gooding of Gormley; one sister, Mrs. Agnes Loker, Galt, and eleven grandchildren. One daughter, Irene, predeceased him in 1925.

The funeral was held Thursday at 2:30 p.m. from Detwiler Menonite Church, Roseville, with Rev. Ward Woolner, pastor of Alma St. United Brethren Church officiating. Interment was made in the adjoining cemetery.

### WEEDS FLOURISHING AT 100

Gaunsall, Worcestershire — William Weeds, 100, says his longevity is perhaps due to the home-brewed dandelion wine which he has been drinking for 75 years.

### JUST LOOKED GOOD

Hillsboro, N.H.—Carpenters tearing down a wall in Ernest Berger's newly purchased home uncovered a bushel basket full of \$2 bills. They were excited at first, but it developed that the money was counterfeit.

When turned loose to feed at will, a horse will eat himself to death, while a mule will eat only his fill.

anniversary: Mr. and Mrs. C. Doner, Donald, Mr. and Mrs. S. Doner, Grace, Mrs. Victor Stover, Mr. and Mrs. Lloyd Harvey, Dean and the triplets Mr. and Mrs. Lloyd Doner, Marilyn and John and Mr. and Mrs. Geo. French.

Mr. and Mrs. Jos. Jones visited Sunday with Mr. and Mrs. E. Honsberger and Mrs. Barkey of Stouffville.

### POTATO SEED AVAILABLE

Good seed is the first requisite in obtaining a profitable potato crop, according to an official of the Crops Branch, Ontario Department of Agriculture. In spite of this fact, some high quality seed potatoes are sold as table stock every year, while, on the other hand, some off-type, diseased potatoes from non-inspected fields are used for seed. This latter practice, he claims, can only result in low yields of poor quality potatoes, which in turn bring unsatisfactory returns.

However, there is no need to plant the poor quality seed next spring for, at present, good seed may be secured at reasonable prices. However, he suggests that if buyers delay in placing their orders, it is likely many seed growers will dispose of their stock, and then not have sufficient supplies to fill later demands.

Potato growers who are looking for a new supply of seed which is pure to variety would do well to get a copy of the list of seed growers whose crops met the requirements for certification last season. These lists have now been

completed and they give the address of the grower, the variety, grade and probable available quantity. Further particulars may be secured from the Agricultural Representatives in most Counties or Districts in Ontario, from the Crops Branch of the Ontario Department of Agriculture, Parliament Buildings, Toronto; or from the offices of the Dominion Seed Certification Service at Guelph, Barrie, London or Ottawa, Ontario. Growers in Northwestern Ontario might contact the Seed Certification office in Winnipeg if necessary.

IN 50 YEARS  
ALUMINUM HAS GROWN TO  
BE A LARGE PART OF  
CANADIAN LIVING

Aluminum plant - Kingston, Ont.

Unloading ingots

Final inspection

### Half-way House

between Aluminum Ingot and You

With an axe and a few other hand tools, our ancestors could chop down trees and make houses, chairs, bowls, canoes—lots of things. But all these were heavy and had many other disadvantages. It's different now that we have aluminum—which is light, rustless, won't burn, doesn't rot... is practically everlasting.

It takes a whole series of unusual and complicated "tools" to make things of aluminum. To start with, it takes ships to import the ore, ports for unloading, powerhouses for electricity, smelters... all these to produce the aluminum itself, still only in ingot form.

Next, it takes a plant like the Alcan one at Kingston to receive these ingots from the smelters and to shape the metal into tubes, sheets, extrusions, forgings and foil. Finally, it takes more than 1000 Canadian manufacturers to form all these into chairs, kitchen utensils, building materials, aeroplanes, etc.—things Canadians use every day.

So, you see, this Kingston plant is "half-way" house between ingot and finished article, between the original aluminum and you. It is a link in the chain of "tools" with which, over the last fifty years, Canadians have equipped themselves to make aluminum articles—creating work and wages for thousands, bringing greater convenience and comfort to modern living.
