UNIQUE C.N.R. WEED SPRAYER CALLS HERE

(Photo by Cadieux)

The Chipman Chemical Ltd. with headquarters in Buckingham, Quebec, and Winnipeg, Manitoba, and operating on the C.N.R. lines passed through Stouffville on Wednesday on a weed killing expedition throughout Eastern Canada. Although there are twelve such machines operating in Canada, this is the first ever

to move into this district. The front car contains the pressure pump and spraying mechanism while the three trailing tank cars transport the water and chemical mixture. Each tank car carries 6,000 gallons of water and 1400 gallons of chemical which will spray a distance of 16 miles of track. The pump in the lead car

draws the chemical mixture from the tanks and forces it through the hose at twenty pounds pressure covering a track width of fourteen feet. While passing through Stouffville the machine stopped to take on 6,000 gallons of water. A locomotive provides the pulling power.

Uxbridge Tp. Council Buys New Truck

At the regular monthly meeting of Uxbridge Township Council on Monday night it was agreed that a new International L180 truck be purchased to replace an old vehicle. The chassis and cab only is to be bought as the gravel box on the old truck is to be used on the new one. The price of the new truck is \$2900.

Building Chairman's Resignation Accepted

Councillor Lennie of Markham Township Council tendered his resignation officially on Monday night as chairman of the building committee. His written statement was brief and gave as the chief reason for resigning the fact that only one tender had been received for the job.

"That is not the letter you read to me and sent to the reeve three weeks ago," Councillor LeMasurier charged.

"You promised to read that letter," stated Councillor LeMasurier.

"No I didn't," replied Reeve Timbers, "I only said I'd bring the letter here."

Following this flurry, the meeting adjourned.

Cosmetic Firm Interested in Stouffville Location

The president of a large cosmetic manufacturing firm visited Stouffville on Tuesday, being directed here by the Toronto Industrial Commission with whom our local Industrial Committees are registered. This firm is presently employing between fifty and sixty persons, and are anxious to either rent or erect a building with a view to expansion. Some 20,000 sq. ft. of floor space is required.

SALE:—Coats, Dresses, Hats and Blouses, July 17, 18, 19, after which this store will be closed until further notice. Mrs. M. Watts.

Protest Park Board Action In Charging Picnic Groups

Stouffville Community Centre Board which administers the affairs of Memorial Park came in for considerable criticism at the regular meeting of the Chamber of Commerce on Thursday evening concerning their action in making a fixed charge on picnic groups. It was stated that both outside and local groups were being called on to pay as much as \$15.00.

A letter of protest was agreed upon and will include protests from the Business & Professional Women's Club and the Lions Club. While it was agreed that the Board was within its legal right to make a charge, members stated that considerable business was derived from these visiting picnic parties and a charge might tend to drive them away from town. It was argued that most municipal parks are kept up without charge to those who use them. President Ken Wagg told the meeting that

160 Enrolled At Bible School

The D.V.B.S. under auspices of the Sunshine Sunday School was held in the Oak Ridges School from June 30 to July 10.

One hundred and sixty boys and girls enrolled. The highest attendance was 136 with an average of 122.

On Thursday evening the school room was filled to capacity when the parents and friends enjoyed a fine program rendered by the boys and girls in each class.

The teachers in charge were Misses Velma and Jean Brillinger, Luella, Marjorie and Erma Heise, Eileen Wideman, Nancy Hill, Carol Hudson, Lois Wright, Blanche, Ruth and Freda Henderson, Mrs. L. Steckley and Rev. R. Nigh, Supt.

TENNIS COURTS COMPLETE

Since our local sports page went to press, the newly surfaced tennis courts in Memorial Park have been completed and are now ready for use, a member of the Lions Club executive has reported to us. This will be welcome news for all the racket fans in the town.

GREAT CLEARANCE SALE OPENS AT GOLDEN'S

One of the greatest bargain sales to be offered here in many a day opens this week at Golden's Clothing Store. A large display advertising the many offerings appears in this issue. Prices have been cut to the bone for this great summery clearance and many items are being offered, two for the price of one.

Mr. Milton Goode, twin brother of Mrs. L. E. O'Neill, passed away at his home in Oshawa where he had been residing since May. Born and raised in Port Perry, the late Mr. Goode operated the creamery in that town and later took over Silverwoods Ice Cream products. It was while working with Silverwoods that he passed through Stouffville and became quite well known to many residents here. During his short stay in Oshawa the deceased was employed at the Canada Dry Bottling Works in that city.

Farewell Gathering For Rev. H. S. Hallman

After serving the Stouffville and Altona United Missionary Church for nearly six years, Rev. and Mrs. H. S. Hallman bade farewell to their many friends here this past weekend.

On Friday afternoon a joint picnic of the Stouffville and Altona Sunday Schools was held in the Stouffville Park with over 350 in attendance. A happy time of games was enjoyed by the children and young people followed by a picnic supper. A presentation was made to Rev. and Mrs. Hallman, a gift of money to show in a small way the appreciation for their services. Rev. and Mrs. Gibson Brown were also in attendance and he spoke fitting words of farewell.

The services on Sunday saw the church well filled morning and evening, with the night service being Rev. Hallman's final address. The local Christian-Congregational Church with their pastor, Rev. Muir, joined in the service.

Rev. and Mrs. Hallman and family moved to their new pastorate at Kitchener on Monday of this week. A welcome is extended to Rev. and Mrs. Huson from Toronto who have come to Stouffville to take up the duties of pastor.

Mr. and Mrs. W. S. Graham and daughter Ella, long-time residents at Musselman's Lake, are out to the summer resort for a two week's vacation.

Civic Holiday concert tickets on sale in the stores Saturday.

Motion of Censor Passed On Markham Councillor

Charge Councillor with Untruth Over Visit to Department of Highways — General Argument Continues Throughout Meeting

Monday evening's regular meeting of Markham Township Council followed the general pattern of a large percentage of the meetings held this year with general argument and charges between the members featuring the session.

In the midst of a continual round of verbal fireworks, Deputy Reeve James and Councillor Hooper brought in a resolution asking Councillor LeMasurier, for the general welfare of the township, to quit playing politics and try to do something constructive for the municipality. Councillor Lennie abstained from voting.

This outburst followed a heated argument between Councillor LeMasurier and other members of council who charged the councillor with visiting the Department of Highways and upsetting the work of the road committee. A resolution was read by Reeve Timbers asking Councillor LeMasurier to explain why he did not tell the truth when asked if he had visited the Highways Department.

Councillor LeMasurier stoutly denied ever being to the Highways Department.

"Mr. McGinnis of the Department will take his oath that you were in his office," declared Reeve Timbers.

"Let him take his oath," returned Councillor LeMasurier. "I don't even know the man."

"You've tried to scuttle this council all year with your dirty business," charged Deputy Reeve James.

The oft discussed matter of the township's 33-ft. right-of-way known as Johnson Avenue which has been the subject of so many previous controversies entered the picture once more when a group of Doncaster ratepayers appeared before council. Several members of the delegation chorused, "leave it open", immediately the subject was mentioned.

Deputy Reeve James after some argument finally gained the floor and gave a concise explanation of what had transpired concerning the right-of-way. As has appeared in previous meeting accounts on numerous occasions, Mrs. F.J. Ross whose property is flanked by this right-of-way has appeared many times in an effort to have the township close it to through traffic. In June the road supt. was instructed to put up posts closing the right-of-way. However the posts were no sooner up than they were knocked down and in the meantime (to back page, first section)

North York Plowmen Set Locale for Match

This fall's North York Plowing Match will be held on October 15th, on the farm of George Richardson, 4th con. of Whitchurch, just north of Vandonf. Mr. Richardson's property provides an excellent location with 200 acres of land.

The match is being held earlier than usual due to the fact that the International Match is being held earlier this year.

An innovation at this year's North York show will be an extended display and demonstration of farm equipment.

Town Parking Lot Now Has Lights And Attendant

Local shoppers to Stouffville on Tuesday and Saturday open evenings will now find a well lighted parking lot with an attendant in charge for their convenience. The lot is at the Arena which is only a few steps from the main business section. The municipal hydro department recently installed flood lights on the lot and at the regular meeting of the Chamber of Commerce on Thursday evening, this group agreed to engage an attendant to be on the lot from 7 p.m. until 11 p.m. each open night.

This is a problem which has provided discussion here in town for several years, and ample facilities have now been provided which should please both visiting shoppers and the business folks.

Markham Farm Wins Photo Quiz

Mr. Herb W. Thomas, who resides on the ninth concession of Markham, four miles south of Stouffville, was the winner of the Lucky Farmer Photo Quiz in the Tribune last week. The farm, containing 80 acres of land, belonged to the late Peter Pike and was the childhood home of the well-known Jacob, Abram and Isaac Pike and the late Mrs. Bryson Johnson, mother of Russell and Wm. Johnson on the ninth concession. The farm was purchased by the present owner's father, Mr. Wm. H. Thomas from the late Jacob Pike in 1911, over forty years ago.

LOCAL MEMBER VISITS TOWN

Hollis E. Beckett, local member of the Provincial Legislature, visited in Stouffville on Wednesday during a brief tour of his riding of East York.

Whitchurch Tax Collection Up \$10,000 Over Last Year

Tax collections in the Township of Whitchurch are approximately \$10,000 ahead of collections at this time last year, according to information given council at the regular meeting on Saturday afternoon. Taxes collected this year to date total \$55,583.04.

Final payment amounting to \$782.03 was authorized Saturday to Arthur Melroy, secretary of S.S. No. 1 Whitchurch, for payment to the architect of the new school in that section.

An account was passed for payment for oil dust layer this year amounting to \$6,568.25. The road superintendent's accounts also contained \$1875.36 for a new weed spraying machine recently delivered and now at work on township roadsides.

There was some discussion concerning a disagreement which arose over oil being placed on the roadside in front of the Cedar Valley Store operated by Mr. Bolton. Mr. Bolton, it appeared, requested some oil in front of his premises, and Mr. Chapman, operator of the Pine Orchard Store, immediately put in a similar request. However by this time the oil truck had left Whitchurch and calcium was placed on the Pine Orchard store front. Both men agreed to pay for their dust layer.

Councillor Legge stated that he would recommend in future that calcium be given and paid for at cost wherever such requests crop up.

"I have no objections," stated Reeve McLaughlin, "but we might find ourselves faced with a lot of requests."

Council all agreed that the storekeepers who had received the benefit should pay for this year's dust layer, but calcium only would be used in doing such, "off the beat" jobs in future.

Dumped Refuse on Road

Road Supt. Davis revealed that a trucker had dumped a quantity of refuse, plaster, stones, boards, bricks, etc., along two hundred ft. of the Bethesda sideroad. Through investigation the Provincial Police located the driver of the truck at Agincourt. Rather than have the man appear in court, he was allowed to settle, and paid \$20.00 into the municipality who had had to send road men to clean up the mess.

Council agreed to a trip over the municipal roads on Tuesday of this week.

BALLANTRAE HAMLET RALLIES TO PUBLIC SCHOOL PICNIC

At the end of the regular term, Ballantrae Public School grounds were the scene of a large scale community picnic as over 225 parents, students and residents gathered together to take part in an afternoon of sports and entertainment. In

the past few years Ballantrae Public School has grown in attendance until it was necessary to build a new \$50,000 addition which was completed last year. At the close of the school term there were 91 students attending the school but

the attendance is expected to increase over the 100 mark in the fall. A third teacher, Miss Ann Stalter of Markham will be added to the staff of Mrs. Robt. Windsor and Mrs. Willis Hoover. During the picnic celebrations a presenta-

tion of a coffee table and a tri-light floor lamp was made to the former Joan Reesor on the occasion of her recent marriage. Ballantrae Public School is situated in one of the most picturesque settings, and is well supported by community.
