

Sheep Ranch Near Meaford Is Believed To Be Largest In Ontario

Specializing in breeding sheep for only three short years, Mr. and Mrs. Richard N. White of Meaford, have developed what is believed to be the largest herd in Ontario on their farm at Heathcote.

Extending over 600 acres, their farm houses 275 ewes and 325 lambs; three of which are special house pets. The only other animals it contains are a cow, one calf and a team of horses.

Rural School Music Festival

Every school under the supervision of Miss Mona Armstrong of Zephyr participated in a music demonstration at the close of the school year.

In the Stouffville United Church late in May the following schools took part: Ringwood (Mr. Carl Grove), Melville (Mrs. Laidlaw), No. 7 Markham (Mrs. Murray), No. 7 Whitchurch (Mrs. Percival, principal, Mrs. Evans, Juniors), Vivian (Miss E. Jackson) No. 8 East Gwillimbury (Mrs. Glass). Guests at this festival were Mr. O. M. MacKillop (Inspector of Public Schools for York 1) and Mrs. MacKillop, and Mr. H. B. Galpin (Inspector of York 9). Both Mr. MacKillop and Mr. Galpin spoke to the gathering expressing their happiness at being present and praising the children, the teachers and the music supervisor for the splendid performance. Mr. Galpin suggested that he hoped that Miss Armstrong would make the festival a yearly one. Rev. Douglas Davis, minister of the church, welcomed the group. Pianists accompanying the numbers were Miss Verna Wideman, Mrs. H. Murray, Miss Marion Eves, Mrs. E. Grose, Mrs. Doner and Mr. Carl Grove.

On June 20th, seven class rooms gathered at Queensville. They were Queensville Juniors and Seniors (Mrs. MacMillan and Miss Davidson), Poplar Bank (Miss Edith Belfry), No. 3 Whitchurch-Bogartown (Miss Shirley Bredin), No. 7 East Gwillimbury (Miss Harrison), No. 8 E.G. (Mrs. Glass), No. 11 E.G. (Mr. Galloway). The pupils, parents and friends were welcomed to the Queensville United Church by the minister, Rev. E. Warren. Rhythm bands played from Poplar Bank, Queensville and Bogartown accompanied by Harriet Farris, Miss Beth Theaker, and Judy Watts and led by Bobby Vernon (Poplar Bank) and Marilyn Dew (Queensville). Pianists for the choruses with accompaniments were Misses Marion Eves and Beth Theaker. The final number of the Bogartown school "Beyond the Sunset" was accompanied by Miss Theaker at the piano and Mr. Harry West, secretary of the school board, with his violin. It was originally planned to be held in the Newmarket High School Auditorium. Due to a postponement, the High School was not available. The children, teachers and Miss Armstrong were very grateful to the board of Queensville Church for putting the church at their disposal. Special thanks are also due the good folk at Poplar Bank who provided beautiful flowers to decorate the platform. These were given afterwards to Miss Armstrong and the pianists Miss Eves and Miss Theaker.

The Mount Albert district festival was held June 24th in Mount Albert Community Hall. Schools were Holt (Mr. Dawson), No. 12 E.G. (Mrs. Willbee), Franklin (Mr. Ferguson), No. 10 Scott (Mr. Jones), Mount Albert (Miss Campbell, principal, Mrs. Ross, Intermediates and Mrs. Pearson, Juniors). In addition to the usual choruses there was a rhythm band and a folk dance from the Mount Albert Junior Room and a rhythm band from Franklin. Pianists for the Franklin Rhythm Band were Joan Murphy and Margaret Tindall and the leader was Larry Rose. Taking part in the folk dance were Patsy Harden, Darlene and Evelyn Dike, Tommy Crosier, Rickey Snider and Billy Mooney. Pianists for the choruses were Misses Beth Theaker and Ruth Rutledge. At the conclusion of the program Mrs. Pearson asked Miss Armstrong to the platform. Lorna Thompson of the Mount Albert Senior Room very ably expressed the thanks of the pupils and teachers to Miss Armstrong and Valerie King of No. 12 East Gwillimbury presented Miss Armstrong with a beautiful English bone china cup and saucer. God Save the Queen was played by Betty Rolling (Mt. Albert Senior), after Miss Armstrong had expressed her thanks to the girls and boys and the teachers.

\$1,250,000 LOSS LOOMS IN '52 DEER SEASON

(By Pete McGillen in The Toronto Telegram)
Do you realize that Ontario faces the prospect of losing more than \$1,250,000 during the deer season as a result of Canada's hoof and mouth disease. Last year 10,000 non-resident hunters paid \$257,500 for licenses to hunt in Ontario. It is reasonable to believe that it cost each visitor another \$100 for transportation, food, lodging, guides, dogs, beverages, tips and incidentals. That's a conservative estimate and it totals \$1,000,000. Because of the hoof and mouth disease outbreak in Saskatchewan, the U.S. Department of Agriculture slapped an embargo on all cloven-hoofed animals, which includes deer, elk, moose, mountain goats. This order blocks the export of all such carcasses to the United States. There has been a recent modification of the order, which permits a hunter to take home a trophy head provided certain border regulations are observed. The embargo is still in effect, and might easily still be in effect when the deer season rolls around next October and

Can Put Vitamin 'B', Iron in Bread, Ottawa Decides

The national council of the baking industry announced Friday that after Jan. 1 Canadian bakers will be able to enrich white bread with both vitamin 'B' and iron.

Local manufacturers, The Stouffville Bakery operated by Messrs. Ambrose and Harry Stover, are contemplating making some of these improvements to their product, now that Ottawa has given the go ahead.

In a statement, the council said new flour and bread standards set by the federal health department will enable bakers to enrich white bread.

Enriched white bread has been mandatory in Newfoundland both before and since confederation and has been the standard bread throughout the U.S. for many years.

"We believe that enrichment of bread in Canada will be a major step forward in the nutritional improvement of white bread," said the council.

The new standards, outlined in an order-in-council passed June 30, also cover whole wheat bread, brown bread, raisin bread and specialty breads.

Any bread described as whole wheat must contain not less than 60 per cent. whole wheat flour. The wrapper must give the percentage of whole wheat in the loaf.

Brown bread made with less than 60 per cent. whole wheat flour, or with no whole wheat flour, must be so labelled.

November. The U.S. visitor can't take the carcass home. He could store it in a deep freeze for a few cents a day and recover it if and when the embargo was lifted. I feel that for most Americans this annual pilgrimage into the north woods is attractive because of the exercise, the thrill, the relaxation and the good fellowship. But the main attraction is the fact that the hunter, under ordinary circumstances, can drive into his home town with a mighty deer slung across the hood of his car. There is another rub too. The Ontario Government this year boosted the price of non-resident deer licenses from \$25.75 to \$36. Of course, the U.S. dollar is now worth two cents less than the Canadian dollar, but this does not mean much as most tourist operators are accepting the money at par.
