The 8th concession of Markham is rapidly becoming the terror of motorists, the policeman's headache and the garageman's business place after every rain. The surface of this thoroughfare becomes as slippery as glass when wet and although the Roads Commission has covered various sections with sand, the accidents still occur. On Sunday morning Mr. and Mrs. Clyde Steckley of Stouffville skidded on the water soaked pavement after receiving a push from a car following their vehicle which was also out of control. The Steckley auto ended up in the ditch. Later in the morning a Toronto car plunged into the ditch and snapped off a hydro pole.

Uxbridge Twp. Councillor Clarence Bunker reports that potatoes are selling at \$5.25 per bag at the present time with some growers in the Mount Albert and Zephyr districts hoping to retire when their crop is harvested in the fall. Mr. Bunker has nine acres of sprouts and on one acre alone he took off some three hundred bags. Some growers have as high as forty acres planted this year. One potato farmer claims that on a single truck load he was handed \$1,000.

While not all accounts have been received by Stouffville Municipal Council in connection with the 75th anniversary celebration, it would appear according to Clerk Garfield Brown that the municipality will be well within the estimated cost. An amount of approximately \$500 was placed in the budget this spring to cover the celebration expense.

Local councils are suffering vacations and busy harvest days. Whitchurch Township Council could not raise a quorum for their regular meeting on Saturday and had to postpone their meeting until Monday night. Stouffville Municipal Council just managed to squeeze through on Monday night with three members, Councillors Stouffer and Harry Ratcliff being absent on vacation.

Red Sox Meet Sunderland in League Semi-Final

Stouffville Red Sox will swing into action on Wednesday night of this week when they meet Sunderland in the first game of a best of three semi-final series.

At a meeting held in Oakwood on Monday night representatives from every club in the Tri-County League were present with the exception of two. It was decided that there should be a semi-final and final series within the group with each district declaring a winner to meet in a round robin series for the Tri-County League Championship. The two clubs completing the series with the most points will play off for the honors. Last year you may remember each district declared two winners and a round robin series with six clubs was run off with Sutton and Stouffville playing off for the Championship.

Following the contest here on Wednesday night the two clubs move to Sunderland for a game on

A local ladies trio composed of Mrs. Geo. Middleton, Mrs. M. Watts and Mrs. Carl Boadway as skip, were the winners of the fine trophy donated by the Robt. Simpson Co., last week. Mrs. Brock, North Toronto Club, second for two wins and Mrs. Mahon of Mimico Lake-Shore Club, high for one win.

A mixed trebles rink, Mrs. Elgin Wagg, Mrs. Gordon Lemon and Elgin Wagg, skip, won second place for three wins at Richmond Hill on Saturday.

Mrs. Ken Laushway and Mrs. Fred Crossen, District 13 Doubles winners, played in Belleville on Wednesday in the semi-final round of Provincial Doubles.

Friday night. Should the series be deadlocked and a third game be needed the diamond probably will be decided by the toss of a coin. Port Perry and Sutton will battle it out in the other semi-final round.

Ken Wagg, Bob Hassard and Ted Cadieux represented the Red Sox at the Tri-County League meeting. Little Britain and Uxbridge did not have a representative in attendance.
