The September gathering of the Afternoon Auxiliary of the W.M.S. of the United Church was held in the Ladies Parlour on Thursday afternoon. Following the formal opening exercises Mrs. Riches, president, chose as her devotional topic "The Significance of the Bible in the Lives of People the World Over in Building up God's Kingdom". Mrs. Harris in her remarks on Christian Stewardship reminded those present that they ought not to think of their givings in terms of dollars and cents but rather in terms of what they actually accomplish in relieving suffering and need. Mrs. Fred Brown introduced the new study book "Along African Trails." Africa is called the "Land of Tomorrow." The Africans are awakening and want their rightful share of the blessings that come from the resources of their country. One of their educationalists has said "You can play a tune of sorts on the white keys. You can play a tune of sorts on the black keys, but for Harmony you must use both the white and the black keys." So the black and white people must co-operate in the building of the Kingdom of God. Miss Joy Wood gave a piano solo and Miss Marion Atkinson told of her visit to the United Nations. An invitation to visit the Whitevale W.M.S. early in October was accepted.

Mrs. Jas. Ridout has returned home after spending a month motoring through the States visiting friends and relatives at Los Angeles, Seattle, Washington, San Francisco, Redley, Cal., and other points, returning through Michigan. Some time was spent in Salt Lake City. The party covered 8,000 miles.

Mr. and Mrs. Jack Barkey will leave their home in the east end of Stouffville next week and take up residence in Toronto in the Davisville Mt. Pleasant district. Mr. Barkey has been employed in the city for some time. Chas. Lotten will occupy the house being vacated by the Barkey family.

You can purchase a fine new Remington Portable typewriter from The Tribune—just the thing for keeping those High School notes in neat order. Enquire about our time arrangements for students. New models will be on display at the forthcoming Trade Fair.

A long-distance visitor in Stouffville last week was George Stouffer, brother of Wilmot Stouffer, resident at the east end of town. George Stouffer was a native of Whitechurch Township and has been in Western Canada since 1906. He visited Stouffville for a brief period in 1911, but returned later to the west where he engaged in ranching, operating a half section of land. On the trip east Mr. Stouffer came by T.C.A. in eight hours from Edmonton. Brother Wilmot could scarcely believe that it was his brother not having had the pleasure of seeing him in some forty years.

Flower arrangement is a national art in Japan.
