20th Year for Temperance Trophies

This is the twentieth year for the present trophy system for the winners in the Oratorical Contest on Temperance topics in the North York unit of the Ontario Temperance Federation, as 1933 is the first date on the Dr. Boyd Cup awarded that year to Harold Draper, of Mt. Albert. Because there was then a wide variation in the ages of the speakers, arrangements were made the next year for cups for junior and intermediate classes, as well as senior class.

The participants are now divided into three age groups, juniors from 6 to 12 years of age; intermediates, 12 to 16 years, and seniors from 16 to 21 years. There are trophies for each group. The Dr. Wilson Cup for juniors, the late J. M. Walton Cup for intermediates and the Dr. S. J. Boyd Cup for seniors. Dr. Boyd is a former Mayor of Newmarket who now resides in Toronto. Dr. Wilson for the past 15 years the President of this North York Temperance Association, resides in Richmond Hill, and the late M. Walton lived in Aurora.

If any trophy is won by the same community for three successive years, it is retained by it permanently. Wesley Sunday School near Vandonf, won the T. Eaton junior trophy in 1937; the intermediate trophy in 1938 and the George Wark intermediate trophy in 1943.

This manifestation of intensive activity on the subject at Wesley is largely due to the keen interest and diligent efforts of Rev. Garnet Lynd and the Temperance Superintendent, Mr. L. E. Ewart, both then of that church.

"Snowballing" Health Costs Pose Problem for Markham

What are termed as "snowballing costs" in the York County Health Unit posed a problem for Markham Township Council on Monday evening. A motion by Councillor Lennie and Deputy-Reeve LeMasurier that Markham agree to the increased budget for 1953 was before the reeve when it was agreed that it should be tabled until the heads of other municipalities concerned had been contacted and the Ontario Health Dept. questioned on their further share.

The question arose when Deputy-Reeve LeMasurier who is the Markham Council's representative on the Health Unit Board, presented his report of the board's latest meeting. Mr. LeMasurier explained to council that the board found that under the present agreement of a one mill levy on the equalized assessment of each of the eleven municipalities in the unit, there would be a deficit of \$6,000 in this year's budget. Mr. LeMasurier told council that it was the board's suggestion that councils continue to levy the one mill and in addition pay the amount of 25c per head of population. The increase was said to amount to about \$2,000 in Markham Township.

Deputy-Reeve LeMasurier said that the unit might be forced to "fold" or at best to curtail services if the municipalities did not come through with the additional funds. However, he said that he was only carrying the information from the board to the council and would take to the next meeting whatever decision council deemed advisable.

Councillor Hooper strenuously opposed the 25c per capita system

and he said that Markham with their heavy influx of population would only be subsidizing the northern municipalities.

"I believe our representative should fight any attempt to change from the assessment system," Councillor Hooper said.

Councillor Clark referred council to the time at which the Health Unit was commenced and said it was his understanding that at that time the Ontario Health Dept. agreed to carry any deficit over the one mill levy.

"Well why doesn't the government get out and get some more money from the government then," questioned Councillor Hooper.

"It seems a little sudden to me, the unit must have seen this coming, the ground work should have been done before," commented Councillor Clark.

At this juncture Councillor Hooper and Lennie proposed a motion which stated that Markham wished the Health Unit agreement amended to allow more than one mill to be levied on the equalized assessment, and this resolution carried.

Councillor LeMasurier explained that the order came to raise the nurses from a salary of \$2,000 to \$2,400 and the unit had no alternative. He said there were eight nurses employed.

"I still think this thing should be tabled until we have some word from the government, we're just upsetting the whole arrangement," said Reeve Timbers.

Councillor Hooper took the view that the unit had planned to get more money through the perhead basis. "If they do it this year, they'll try it again next year," he concluded.

Markham Tp. Farmers Shoot Wild Cow in Rodeo Battle

Posse Corners Animal in Toronto Suburbs

About twenty Markham and Scarboro Township farmers took part in a thrilling wild west round-up drama last week, that might easily minimize the daring of movie heroes Roy Rogers and Gene Autry. Last summer a number of farmers placed their young cattle together on a rented farm on the Don Mills Road. Early in November when the cold weather began to set in the different cattle owners loaded their heifers into trucks to take them home. One two-year-old Holstein belonging to Mr. Bill Tapscott decided, however, to extend her holiday and resisted all attempts to be captured. After hours of fruitless running and chasing her owner decided to let the wild animal have her freedom until a later date.

Last week after receiving numerous reports from farm residents that a wild cow had been seen in their district, Mr. Tapscott along with about twenty men armed with rifles, horses and lassos started out on the cross-country roundup. By this time all ideas of domestication had vacated the heifer and when first sighted west of the Don Mills Road she sped away into the distance with the speed of a deer. The animal jumped six foot fences with comparative ease, raced through the estates of E. P. Taylor and MacLean-Hunter and crossed Yonge Street at Hogs Hollow. The horses winded by the five mile jaunt were of little use in rounding up the fleet-footed heifer so the men decided to lay snares in her path and then chase her into the traps. This plan, however, proved unsuccessful as the animal outwitted every attempt at capture. Whenever a horse or human being stood in her way of escape she lowered her head and raced headlong at her adversary.

The posse then sought the permission of the North York Police to use rifles in the suburban area which was granted. However, every attempt at shooting the four-footed beast with 22 rifles failed until Mr. Bruce Cowan of Milliken climbed atop the Avenue Road viaduct and when the animal sought refuge under the bridge he brought her down with a single shot through the heart with his 303 deer rifle. Thus ended one of the longest and most thrilling roundups ever to be recorded in this district.

Mr. Tapscott was willing to leave his heifer alone until spring but when motorists reported the animal running up the middle of the highway and school children complained to the North York police that they had been attacked on the way home from school it was decided at once that something should be done.

Another virtually incredible thing about an atomic bomb explosion is that the resulting temperature is even higher than that of the interior of a freshly baked potato.

BLOOMINGTON

Mr. and Mrs. H. Kee and family of Orangeville were Sunday visitors with Mr. and Mrs. E. A. Story. The January meeting of the Ladies' Aid was entertained at the home of Mr. and Mrs. H. Thought for To-day
Swearing is the effort of a feeble mind trying to express itself forcibly.
Thou shalt not take the name of thy Lord in vain.—Exodus 20:7
