TREAT FOR FEET! A new process puts s-t-r-e-t-c-h into nylon yarns

just as though they were elasticized ... makes possible these socks

for men that always fit perfectly. There's less chance of buying

wrong sizes now that nylon "stretch" socks are available. Just two or

three basic sizes fit all sized feet from very small to extra large.

CROW CONTROL during the spring provides hunting thrills for this

lad, as well as being a good protective measure for the more useful

forms of wildlife. During the off-season, more and more experienced

hunters, too, find that shooting gophers, groundhogs, magpies and

other pests as well as the wily crow helps to keep their eye "sharp"

for the fall hunting season. C-I-L makes dependable ammunition

Drury, Drury who was Prime Minis-The funeral was held ter of the first farmer's govfrom Jennett Funeral Home, ernment spoke of Canada's de-Barrie, on Thursday afternoon. velopment relating his remarks Interment was made in Thorn- mainly to Agriculture. This fine old gentleman with his heart in Canadian farming deplores the declining farm population, the empty farms, the useless barns as alarming conditions, and pointed to the danger signals in the whole economical and social set-up.

He spoke against protective tariffs, how they restrict trade and prevent free enterprise. He pointed out the good and the evils in unions and communism, how the theory of each was good but the evils came when too much authority was granted to any one person or small group.

advice from his thinking to the Federation of Agriculture. He feels that floor prices are wrong because the natural cor-1-Hereford Cow, 3 years old, ollary would be ceiling prices. He felt that education was the great necessity because he believes that the town is unknowing in its oppression of the farmer. The humour, the speaker mixed with his words of Wisdom made his address

spoke to the meeting taking an optimistic view to the future of Agriculture and stressing ation of Agriculture because he said the Federation was one of only three groups who are privileged to meet with the cabinet at Ottawa and deserves and needs the co-operation of the farm population.

The session then resumed its meeting jointly, with dis-

outlined a pamphlet available on recent activities of the Ont-

sed at the manner in which Mr. Gardiner, Minister of Agriculture at Ottawa and other officials quote farm figures and fail to make clear whether they speak of gross income or net income. It was felt that when errors were made publiely, attention should be drawn

The method of gathering sta-Above will be sold by the acre tistics was discussed and many felt that the Federation should gather statistics for their own use, the feeling being that the present way did not give a true
