TRIPLET HOLSTEIN CALVES AT PICKERING

A purebred Holstein cow owned by A.W. O'Connor & Sons, of Maplehurst Farm, Pickering, has given birth to triplet calves. One of these is a heifer and the other two are bulls.

This is a most unusual case since the birth of triplets is more rarer in cattle than it is with humans.

Pickering Twp.

Included in Toronto Planning

Pickering Township was added to the Metropolitan planning area by the Metropolitan executive committee yesterday.

This brings the proposed planning area to include Toronto, the 12 suburbs, the townships of Pickering, Toronto, Toronto-Gore, Markham and Vaughan and all the incorporated towns and villages in those townships.

Earlier the planning committee, on the advice of Chairman Fred Gardiner, had excluded Pickering on grounds that there was still a great deal of undeveloped land in Scarborough.

Chairman Gardiner explained to the executive committee that the Ontario Department of Planning and Development, which must give final approval of the planning area, thinks Pickering should be included because there is a certain amount of development under way there already.

Before the plan goes to the department it must be approved by the metropolitan council.

Assessment in County Is Up Two Millions

Amid strenuous objections from two townships within the county, the Ontario County Council passed a by-law to equalize the assessments of the municipalities within the county. The by-law makes a total equalized assessment of \$14,422,661 in Ontario County. This is an increase of \$2,479,337 from last year's total in new assessment picked up during the year alone. Added to this new assessment was an adjustment of \$75,000 levied against three municipalities by the special assessment committee of the council. Added to the Reach Township assessment was \$10,000; to Scott Twp. was \$50,000; and to Uxbridge Twp. was \$15,000. When the report was presented at the county council meeting on Monday the representatives of these three municipalities voiced their disapproval and G. McLean, the county assessor made his explanations. The report was drafted into the equalization by-law that passed.

New School Sections Created in Pickering

An indication of the continuing growth of the Township of Pickering is given in a record of the June meeting of the council at Brougham.

Council members adopted two bylaws which will form two new school sections. Councilors have taken steps to investigate zoning water, and telephone and explore powers of appropriation of lands to be sold for industrial purposes.

By-law 1959, which was duly passed creates a new school section to be called School Section No. 1 of the Township of Pickering from School Area No. 1 By-law 1960 also establishes a new school section to replace township of Pickering lands which formerly comprised a part of Scarborough School Area No. 2. At a special meeting of the Council later in the same week, Councilors hear Messrs. H.A. Newman, A.E. Calvert and Joe Edwards of the Industrial Development Committee. Following their hearing the council agreed that arrangements must be made immediately for zoning water, Toronto telephone, signs and explore the powers of appropriation of lands to be sold for industrial purposes. The clerk will write to the Bell Telephone asking when it would be possible to have the Toronto Telephone service in the industrial area and get the procedure of land appropriation from the Township of Scarborough.

GOODWOOD

At the Rural School Music Demonstration held in the United Church Tuesday, June 16th, Dr. G. R. Fenwick, Director of Music for Ontario Public Schools, complimented the children, their music teacher, Mrs. Colby, Mrs. Dobson at the piano, and the teachers on the performance. All schools in the South Section, Uxbridge Township, took part in the demonstration which consisted of choruses by whole schools, classes and groups. A collection of nursery rhymes sung by the small children with actions and costumes to suit was very well done. Selections by a frotophone band trained by Mrs. Foskett and Songs of Faith by the Inter-school Boys Choir conducted by Mrs. Colby were excellent. The second part of the program was made up of a series of national and native songs of different parts of the British Empire. During the singing of these, the various crosses were put together on a large flannelgraph to form the Union Jack. For part of the Scottish number Mary Tindall and Elizabeth Munginger danced the Highland Fling and were called back for an encore. A number of the Empire songs were done with special lighting and costumes making them very effective. All the pupils together joined in the last two choruses, one of which was "Canada" written by Dr. Fenwick. At the close of the program gifts were presented to Mrs. Colby and Mrs. Dobson by the children, two of the fifth line girls making the presentation speech. Mrs. Colby thanked the children and especially the teachers for the hard work and effort given by them to make the demonstration such a success that the church overflowed to the grounds. The singing of "God Save The Queen" ended the evening's entertainment.

HISTORICAL SOCIETY TO HOLD PICNIC AT REMODELLED TEMPLE

The York Pioneer and Historical Society will hold its annual picnic in co-operation with the Women's Institutes of the county at Sharon Temple on Saturday, June 27.

There will be a short program about the temple itself and about the remodelling of the museum which has been taking place this spring. The Institutes will be presenting a

musical program as well. Considerable effort has been put into the re-arranging of the museum at the temple the past few months. Members of the Society and of the museum committee have given at least 400 hours of voluntary work on Saturdays to improve the museum. Miss Dorothy Drenner of the education division of the Royal Ontario Museum has given leadership and 15 days of work toward the improvements.

The Institute at Sharon has helped with the work of cleaning the interior of the temple. Visitors will see a changed museum with well planned displays, attractively presented and clearly labelled.
