HIGH TAXES CAUSE HIGH PRICES

Some of us are paying more than we need to in Income Taxes. ALL OF US are paying more than we should in hidden taxes to pay for surplus budgeting, waste and extravagance. Every time we spend a nickel or a dime or a dollar.

These hidden taxes which we all pay are the means by which the present government hopes to make their money grab painless. They are their devices to conceal from you the real burden of taxes in Canada today.

The Sales Tax alone accounts for from 17% to 20% of the cost of everything you buy. (The tax is 10% but mark-ups and taxes-on-taxes bring it much higher). Then there are the excise taxes on top of sales taxes. Under the present crazy system of Ottawa taxation you even pay excise taxes on the sales tax. (Over half the price of a package of cigarettes is still Ottawa taxes.)

On the cheapest automobile there is, the Government takes more in taxes than the men who build it get in wages. As your Progressive Conservative candidate, I am glad to tell you that my Party is pledged:

- 1. To reduce income taxes and raise exemptions.
2. To reduce all hidden taxes.
3. To bring down prices by reducing the chief cause of high prices—Ottawa taxes.

WE WILL CUT OUT WASTE — WE WILL REDUCE TAXES.
