

DEEP IN THE RED

Operators of a Sr. 'B' hockey club may think that expenses run high, but according to the financial statements being revealed by Jr. 'A' teams, there is no comparison. It is estimated that Hamilton Jr. and Sr. 'A' clubs lost \$70,000 of which \$45,000 was in cash; Kitchener, \$40,000; Galt \$5,000; Guelph \$3,000 and Barrie is supposedly in the red. That leaves St. Mike's, Marlboro and St. Catharines as the only possible winners. It's no small wonder that Ken Sobie is anxious to dispose of his Hamilton hockey franchise for an estimated \$10,000. We think that Sobie had better try paying someone to take the franchise off his hands.

HART OR HEART TROPHY

The awarding of the Hart Trophy to Chicago Black Hawk goaltender Al Rollins has raised considerable comment from sports writers across the country. The trophy is awarded to the player who is considered to be the most valuable to his National Hockey League team. Many believed that Red Kelly of Detroit, Harry Lumley of the Leafs or Maurice Richard of Montreal would walk off with the coveted silverware. From our point of view the lanky six-foot-two native of Vancouver, Saskatchewan, rated the award for bravery if nothing else. Perhaps the trophy should be spelled "heart" in this particular case. Rollins was credited by many with holding the Hawks together last season. They won only twelve games in the 70-game schedule and finished in last place. During the question and answer period following Ted Kennedy's talk at the Lions Sports Night dinner on Monday evening, Ted was asked what his choice would have been for the award. Ted stated that he would have selected either Gordie Howe, Red Kelly or Maurice Richard. He stated further that he rated Rollins as the third best goaltender in the league being bettered only by Harry Lumley of the Leafs and Terry Sawchuk of Detroit.

TED KENNEDY, FROM PEEWEE TO N.H.L.

Ted Kennedy, Captain of the Toronto Maple Leafs was the centre of attention on Monday night at the Stouffville Lions Club's annual Sports Night! Ted recalled how he received his start in hockey as a member of the Port Colborne minor league team which were operated by the Lions Club of that town. It was while playing with the Port Colborne midgets that he met a member of the Stouffville Clippers club, Jerry Jenkins, who was playing with Lindsay at the time. Ted spoke highly of Stouffville's Bob Hassard stating that while Bob was taking his regular turn he was the best hockey player on the ice. "Chicago's gain is Toronto's loss," said Ted. He also paid tribute to trainer Tim Daly stating that while there would be other Kennedy's and other Hassard's there would never be another man to replace Tim Daly.

In directing his remarks to the members of the Peewee champion Detroit Red Wings, Ted pointed out that playing in the National Hockey League was not the important thing, but for young boys to get out on the ice and play was what really counted. Ted stated that the game of hockey developed four main characteristics in growing boys. It produces co-operation, team work, respect for one's opponent, and good physical development. To eat well, play hard and get plenty of rest all tends to produce a top-notch athlete. Mr. Kennedy seriously stressed the need for boys to attend Sunday School and Church. Ted admitted that Sunday hockey had interfered with his Church attendance, but recalled during his youth how he would be found in Sunday School and Church every Sunday. "Such a foundation has helped me considerably during my hockey career," said Ted.

TIM DALY, FIFTY YEARS OF HOCKEY EXPERIENCE

Mr. Tim Daly, trainer of the Toronto Maple Leaf Hockey team was one of the guest speakers at the Stouffville Lions "Sports Night" program on Monday evening. Mr. Daly became connected with hockey in 1905, nearly fifty years ago and since that time he has become as much a part of the Toronto Maple Leaf team as Conn Smythe, Hap Day, Joe Primeau or King Clancy. He has also been keenly interested in lacrosse, baseball and boxing. He held the Canadian Lightweight Championship for two years.

In his remarks the Toronto Trainer pointed out the various ways in which the game of hockey has progressed over the past fifty years. Back in the early 1900's according to Mr. Daly, the players wore little in the way of protecting equipment, but now "You'd think they were going to war." Back in the early days of the game, clubs carried eight players and played thirty minute periods. The cost of equipment has increased considerably. Professional hockey players use skates costing \$57.50, sticks \$2.75, goal sticks \$5.00, hockey pants \$17.00. The installation of artificial ice arenas has tended to speed up the game. Players skate faster, take more shots and hand out more bodychecks today than they did in yesteryears according to Mr. Daly. In explaining the lack of "stickhandling" hockey players, Mr. Daly explained that in today's game of hockey there isn't much time for stickhandling as players were rushed on every play.

In comparing the progress of hockey with baseball over the past fifty years, Mr. Daly pointed out that the latter had not progressed but had gone backward in many respects. Since the days of the fabulous Babe Ruth, many ball parks have pulled in their home run fence in order to produce more "out of the park" hits; a "liveller" ball is being used to allow players to hit it harder and farther.

Tim Daly has gained considerable knowledge through travel. He personally has met the President of the United States, King George and Queen Elizabeth, Margaret Truman and movie stars such as Barbara Stanwyck and Robert Taylor. He paid tribute to the Capt. of the Toronto Maple Leafs, Ted Kennedy and termed him "A star of all stars."

PEACHES

We are glad to report the arrival of Debbie, youngest daughter of Mr. and Mrs. Stuart Watson, home from the Hospital for Sick Children. She will be extra care for her mother but aren't all new babies?

A number of friends gathered recently at the home of Mr. and Mrs. Charles Hisey in Stouffville to present them with a lovely tri-lite floor lamp and walnut end-table as a token of appreciation for all they and their family have done while at Peaches. We will miss them but also realize living in Stouffville, they will visit their Peaches friends often.

The Peaches Young People's Union gathered at the home of Mr. and Mrs. Jim Painter on Thursday evening last, for the May-community social. Miss Fern Hoover was in charge of the entertainment and had all present join in a variety night—songs, stories, jokes and poems. To close the enjoyable evening lunch was served by the hostess.

There were six children christened during the Mother's Day Service at Peaches United Church on Sunday. They included Susan, daughter of Mr. and Mrs. Jack Barkey of Toronto; Sharon and Audrey, daughters of Mr. and Mrs. Tommy Francis; Margaret, daughter of Mr. and Mrs. Lorne Hoover of Altona; Barbara, daughter of Mr. and Mrs. Don Miller; and Valerie, daughter of Mr. and Mrs. Jack Warriner.
