Old people can learn, but many of them can scarcely learn as fast as they forget—in fact, many of them have to study like the very Dickens to keep even.

TODAY, SUCCESSFUL FARMERS RELY UPON MACHINE HELP

Profitable, efficient, low cost farming depends largely upon the effective use of machinery to get more work done in less time and at the lowest possible cost per unit of production.

This trend to mechanization of more and more farm operations and to the utilization of the greater advantages in work output of the latest machines has been speeded up by the scarcity and high cost of dependable, experienced farm labour.

When checking your work program be sure to look into the labour-saving features of the latest Massey-Harris and Ferguson machines. Designed and built to help you do more work quicker and at less cost, Massey-Harris and Ferguson machines fit ideally into present-day farming operations.

For high quality equipment and for fast dependable service see your local dealer.
