hogs may have serious results. The total revenue from the hog crop will be lowered, that is, HAM-Mr. and Mrs. Winfred there will be a lower general pork products may turn to competitive products which would result in a lower consumption of pork. The price this fall, or whenever there are surplus hogs in relationship to the United States market, will depend to a large extent on the quality of our pork products. Una dear husband and father, ested in fat hogs. They raise

Ever remembered by This is a free country and the wife and family. farmer can raise any type of hogs he may choose, but he should know what he is doing to his business, i.e. the hog business, by marketing overfat carcasses. The packer cannot change the fat content on a carcass after it is hanging on the rail. It is up to the producer to make the required improve-

The forecasts of increased marketings of hogs in Canada per cent. For the last three months of 1953, weekly gradings of hogs were 93,880 in Oc- dredweight. cober, 100,892 in November and 98,104 in December.

If there is a 30 per cent increase this fall it will mean an average of about 130,000 hogs a week to be graded. In the first five months of this year estimated average domestic consumption of hogs, out of gradings was 82,300 a week. It seems reasonable to expect that domestic consumption for the last quarter of the year, even if penses due to transportation

Whitchurch Park Development

A popular spot in Whitchurch township, and one which is being used ever more frequently is the Community Centre park on Don Mills Rd. located opposite the township's smart office building a mile. south of the Aurora sideroad.
