The 130th anniversary service of our Ringwood Christian Church was well attended on Sunday evening. The speaker was Rev. John Henderson and the music was by the Jess Pike Trio.

Our community was shocked last week to hear of the sudden passing of Dr. Cecil Kruger in Toronto. Dr. Kruger had a cottage at the Lundy pond and although he was one of Canada's best known radiologists to his many friends in this district he was just "Doc" who was anxious and willing to help anyone who needed X-ray or medical advice. To his wife and daughter Ann we extend our sympathy. Dr. Kruger was in his 53rd year.

The W.I. met at Mrs. James Hope's home last Wednesday when a quilt was completed for the flood victims at Holland Marsh.

Three Basketball Teams for Pickering District High School

With the football season just completed, boys of Pickering District High School are thinking of the coming basketball season.

First practices have already been held for Bantam age boys under direction of Mr. Rapsey. Many small boys have turned out, but there is a noticeable lack of the tall stringy type so necessary for strong teams.

Mr. Ron Hall, head of the Boys' P. E. Dept., will carry two teams this year. He will coach both Junior and Senior Clubs.

In the Junior division, there could well be a 3rd group championship in a row for Pickering. Mr. Hall has measured several prospects and found that (providing of course, the boys pass the present set of examinations) he could field a team including five 6-footers. Terry Bannock, a first year player, is 6'2". David Fantham and Jim Kennedy both cover 6'3" of space. Tony Alloway towers 6'5". John Newell is the smallest tall type at 6'1". Combined with such ball handlers as Roland Bullock, Brian Rapsey, Carl Giovannella, Bill Boyd, Terry Skelcher, Joe Rennick and others a good team is in view.

The Senior ranks are as usual, very thin, as the local school does not have a large senior body of students. However, Coach Hall has high hopes for a better year than last year when the team compiled a 7 & 5 won-lost record.

Bill Tyas and Ed. Bibeau will rank "highest" both towering between 6'3" and 6'5". Bill Max, the heady centre, is 6'2" and always a wonderful team player. Ed. Tovey, the ball handling T-quarterback, will be teaming with buddy Clayton Cary with their ball handling gyrations. Bill McKee, starry shot-maker, is expected to be ready to play in league games. His back, injured last year, is coming along well and we all are hoping to see him flying 'round the basketball court this year.

Jack Garrett, a newcomer, and Jim Neill, a football team end, are also expected to show.

The Board of Education has purchased two additional goals this year and these are presently installed in the gym-auditorium. The court will be twice as large as last year, 84' x 50', a regulation high school court.

It is anticipated that large crowds will be in attendance this year at all home games. Parents and well-wishers are welcome. The Dances after the games are limited to the student body, but all are welcome to the games.

All these sports are financed by gate receipts, so turn out and enjoy yourself and give your school a boost.

Watch this paper for a season schedule in the near future.

There is free skating on Tuesday afternoons for children eight and under at the local arena, and for all children on Wednesday afternoons after school.

Port Perry Votes Against Establishing Liquor Store

For the third time, "wet" forces in Port Perry have gone down to defeat at the hands of the "drys." At the conclusion of a plebiscite in the village on Monday only 89 votes were lacked by the backers of a liquor and beer warehouse in the village which has been without legal outlet since 1916.

The ballots were no sooner counted than the leader of the "wets", Tom McNeil, announced that he would launch a protest to His Honour Judge J. E. Pritchard, in Whitby.

About one hour after the 3 polls closed, Village Clerk, J. Raines, was advised by returning officers that those voting in favour of the establishment of liquor stores totalled 560; those voting against such stores totalled 521. This gave the wets a margin of 51.8 percent but was considerably short of the 60 percent required to bring liquor into the village. This was considered a very high vote in the village where only 1,239 persons are eligible to vote.

McNeil, who had championed the "wets" in what has been reported as a very quiet campaign, shortly asked Clerk Raines to consult Judge Pritchard about the irregularities which he claimed had been reported to him. He stated that it had been reported that ballots in one polling division had not been folded properly and had not been deposited in the ballot boxes according to the regulations. He also charged that one ballot box was carried unsealed from the polling station to the village clerk's office. This, he said, was improper. He stated that instructions had been received from His Honour to have the ballot boxes all sealed immediately pending the outcome of his complaints.

The only excitement of the day occurred just as the ballots were being counted in the clerk's office on the village's main street. There a crowd of interested spectators, including the leader of the "drys", Elmer Lee, and Mr. McNeil, had gathered. When the defeat was reported to Mr. McNeil, he stated, "If everybody in Port Perry who drank had voted 'yes', we would have won with 98 percent."
