

Skating Champs Here For Local Ice Revue

The Stouffville Figure Skating Club will hold its annual Carnival on Friday, April 1st, at 8 p.m. in the local arena.

This is the highlight of the year for the local figure skaters. In varied and colorful costumes from the smallest tot garbed as an Indian, to the Senior Group with their nautical drill, every member will take part.

The following Champions of 1955 have graciously consented to perform on the programme: Wanda Beasley, Ladies' Junior Figure Skating Champion of Canada.

Donald Jackson, Men's Junior Figure Skating Champion of Canada.

Barbara Jean Jacques and Gordon Manzie, Junior Dance Champions of Canada.

A trio composed of our own attractive Robb sisters, Myrna, Christine and Jo-Anne will be of great interest to the audience. An added attraction, the "Club Bumps", Wally Pryce and Keith McKenzie of the Granite Club will perform a comedy number.

This event occurs only one night in the year, so get your tickets early to be sure of a good seat. Reserved seats \$1.00 now on sale at Arena, O'Neill's, Mathewson's, Weldon's, Wagg's and the Tribune.

Peewee Teams Battle To Scoreless Draw

The first scoreless game of the Lions PeeWee schedule was played between Canadiens and Rangers on Saturday afternoon. Goalkeepers Roger Beasley of the Rangers and Lynn McMullen of the Canadiens turned in flawless performances and held attacking forwards off the score sheet.

Marvin Betz of Boston performed an almost impossible feat on Saturday as he blanked the powerful Chicago Black Hawks 2-0. John Collier and Larry Malloy blinked the light behind Hawk neminder Glenn Jackson.

In the other game of the afternoon the Maple Leafs edged the Red Wings 2-1 to move into sole possession of first place ahead of the slipping Hawks. Defenceman Roger Stover and right winger Don Edgington scored for the winners. Bill Hoover, hard working 2nd line forward, notched the lone Red Wing goal.

On Friday evening Rangers edged the Hawks 3-2, Canadiens and Detroit battled to a 3-3 tie as did Boston and the Leafs.

Don Watson, Cliff Lumley and Feasby were the goal scorers for the Wings. Larry Spang, Jack Paddle and Gerald Patterson scored for Montreal. A breakaway by Glenn Barkey in the dying minutes of the Hawk-Ranger contest gave Bill Lennox' New Yorkers a 3-2 edge. Barkey made no mistake with his shot after skating the entire length of the ice.

CAMERA CATCHES TV SPIDER WEB

FLIES BEWARE—Looks as if a four-legged spider made this square web, but it's only the inside of a 500-foot television tower in Pittsburgh. The photographer took this shot from the base of tower, which contains more than two miles of structural steel.

High School News

The party which will probably be voted "Most Enjoyable of the Year" was the square dance held last Friday night. It was entirely different from all others this year in more than one way. Certainly square and folk dancing is a new venture in Stouffville High, but not the least strange was the fact that nearly everyone was dancing at the same time and there was a shortage of girls. Instead of the usual group of eager females lining the benches along the side of the gym, and the huddle of boys in one corner claiming that they can't dance, everyone was stamping his feet in time to the excellent old-time music supplied by Bill Brodie and his orchestra, and swinging his partner with a spirit that threatened to bring down the roof. After spending our energy in such a fashion, the cold pop and doughnuts served by the food committee in the cafeteria were very welcome.

In school sports at the present time the playoffs in the Girls' Junior Interform Basketball teams are being held at noon-hours. The winning team will be known before the Easter Holidays. In the Senior group only one game has been played so far. This was won by

Grade 12 who eliminated Grade 11B. For the last two weeks the last period of every day has been turned over to commencement practice. In this time, the girls go to the gym for dancing, and the boys for tumbling, also in the gym. The band and choir practise in classrooms. Those who are not participating have a chance to get their homework done. After the amount of work both teachers and students have spent on it, it is certainly hoped that the big night will be a success.
