Dr. Bell left Stayner, Ont., in 1946 to continue studies in England in preparation for supervision of hospital work in Nigeria, West Africa. A 40 bed hospital was opened in 1950 which has been under his direction.

Dr. Bell was given a Medal of Recognition from the Queen in honor of the fine work done in connection with the Mission Hospital operated by the United Missionary Society. On Sunday evening he will graphically picture the desperate need of mankind physically and spiritually in the Stouffville United Missionary Church.

Even this early we're betting there won't be enough April showers to satisfy the June brides.

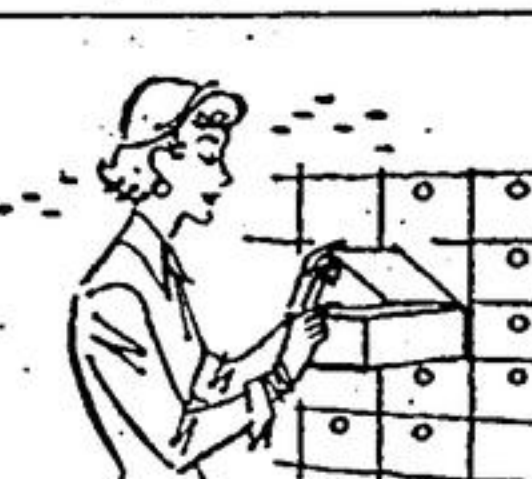

Each year there are more labor-saving devices for the good housewife to keep running. No wonder woman's work is never done.

"Through the use of atomic energy, man will have an exceedingly bright future," says a writer. Yes, but it may be too bright—and too short."
