Late to bed and early to rise,

OW valuable is your driver's licence? Does your job or business depend on it? Do you really need to drive?

Does that vacation you are planning include the operation of your car?

THINK Don't take your licence for granted. The operation of a motor car or motor truck is a privilege which can be suspended.

REMEMBER Your driver's licence will be suspended if you are convicted of a criminal offence or of any offence arising out of an accident. 21,000 licences were suspended in 1954. Many of those whose licences were suspended lost their jobs-others had to find a new line of business. What would YOU do without a driver's licence?

THINK and keep your licence.
