## Middleweight Mat Champ Here on Friday

Stoney Boroks, popular Campbellford wrestler, has run up quite a winning streak at the local arena wrestling shows lately. Last Friday he racked up speedily Bobby Davies of Toronto, this match was a little different from the others on the card as it was strictly a clean scientific bout with a lot of clever fast mat work and was very well received by the fans. Brooks emerged the winner but had to go all out to get the fall from the agile little speedster.

Hassan Bey, the Turkish powerhouse, emerged the winner in his match with rugged Jack Flicker of Aurora. The Turk won the last fall with his Turkish back stretcher, a new one hereabouts but very effective. In the other bout Blonde Jim Hopkins took the odd fall in three from Ronnie Ronescu, clever Hungarian grappler who hails from Windsor and probably wished he was back there as the big blonde crusher stretched him for the last fall. Next week another all-star card will be presented Friday, June 3, in the local arena. Stoney Brooks will wrestle Tom Sullivan, Canadian Middleweight Champion, in a non-title bout. Bobby Davies who was a hit on the last card, will meet Ron Ronescu in the semi final and Chivo Ward will clash with Tommy White in the opener.

Chairman Gar. Brown replied that the Planning Board had prepared a plan which would be submitted to the Minister of Planning & Development for approval and if sanctioned would become the official plan for Stouffville. This plan as prepared by the Planning Board set forth certain districts for residential buildings only, others for commercial and still other areas for industrial.

"Would the sewage plant handle any industry?" The Engineers replied "no," but it would handle any normal industry barring those which might be classified as undesirable and which put forth great quantities of waste material. Many large industries, he said, used very little water and had very little waste material.

Main Street Drains Will be Cut  
Engineers Hisey & Barrington have been engaged to prepare the necessary plans for the storm sewer which the Highway Department is placing under the Main St. pavement from Church St. east and they told the ratepayers that all house drains found entering the present storm sewer would be cut off. "These drains were apparently put in without anyone looking and they'll be cut off the same way."
