## Mrs. C. Stinton Heads Cedar Beach Cottagers

At a recent meeting of the Cedar Beach Ratepayers Assoc., Mrs. C. Stinton was re-elected to the office of President for another term. The other officers are Mr. E. Cox, Vice Pres., Miss Phelma Hess, Sec., and Mr. John Nagy, Treas. The Association has 65 members.

The organization has been divided into sections this year and the various activities will be handled by six conveners. Each convener appoints assistants to help him in his work. Bingos are held every Thursday afternoon and Saturday evening.

At the present time, five new cottages have been constructed and two more are being erected. Sunday School is conducted every Sunday morning in the Community Hall at 10 a.m. Church service is held at 11 o'clock.

School's out and before long mother'll be all in.

## CHURCHILL DRIVE ASSOCIATION HOLDS ANNUAL MEETING

The Churchill Drive Ratepayers Association at Musselman's Lake held their annual meeting on June 19th. The treasurer's report showed a nice profit from last year. Mr. Eric Hadfield was re-appointed to the position of President for the coming year. Mr. Albert Rickerby is the Treasurer and Mrs. Ruth Brown, Secretary. The Association now has close to thirty members.

The Association is planning to hold a corn roast during the latter part of August. Arrangements are also being made to place more sand on the beach opposite Pidgeon's booth.

### STRANGE Tales ABOUT PROTESTANTS

Strange tales are being circulated about Bible-believing Protestants. The Church in the first century was not an organization; it consisted of groups of individual believers. The true Church today is not an organization, nor a group of organizations. It is the total number of those who are believers in the Bible message of salvation.

The basis of membership in the true Church has not changed since the first century... it has never been by sacraments or by membership in any church organization... it has always been by spiritual birth, as Christ explained to Nicodemus, "Except a man be born again he cannot see the kingdom of God." (John 3:3)

You may have other questions about the true New Testament Church, and about membership in a local Bible-believing church. Many of your questions are answered in an interesting FREE pamphlet which will be sent to you if you mail the following:

### Game Warden Located At Musselman's Lake

Mr. Frank Griffith, local game warden, is a resident on the South Shore, Musselman's Lake during the summer months. In the off season he resides at Aurora. Mr. Griffith has been game warden for the past eight years. In that length of time he has seen Musselman's Lake stocked with 800,000 pike and 1,200,000 green mouth bass. The fish were placed in the Lake in an effort to kill the goldfish and the move has proved highly successful. A few years ago the goldfish were so thick that one could pull them ashore with a rake. Now there are very few in the water. The dead goldfish were used for mushroom fertilizer.

Mr. Griffith goes over the beach carefully every morning and cleans the sands of all waste materials that might be washed ashore. He has seventeen boats at his disposal, eight of which are left in his care by vacationers who come to the Lake only on weekends.

Mr. Griffith was formerly an employee at the Sisman Shoe Factory in Aurora. Still active and energetic despite his more than seventy years, he is "everybody's friend". He is one of the first to take up residence at the Lake in the spring and one of the last to leave in the fall. He acts as game warden, lifesaver, rowing instructor, bait salesman and a general information bureau.

### Canoe Rules

The safest thing to do if you feel like a canoe ride is to get into a large, flatbottomed rowboat.

Every year people disregard this fact of life — and death. This year non-swimmers and inexperienced paddlers have lost their lives by treating canoes like play things.

The canoe is possibly the most treacherous form of transportation. The most experienced bushmen and prospectors will tell you so. Many of them have had close calls and they treat their trim craft with respect.

**Rules for Survival**

If you do want to paddle a canoe, here are ten tested rules for survival. You can take them or leave them. If you leave them be prepared to leave a lot of things. Like this world for example.

DON'T get in a canoe unless you can swim well.

Once you're in DON'T sit on a thwart. Kneel and slouch well down. You can kneel on both knees or curl one leg under you and kneel on the other.

DON'T move around and DON'T stand up.

If you are alone sit in the CENTRE.

Only TWO persons should get into one canoe.

DON'T overload.

BE SURE to carry a kapok life-jacket or pillow. One for each aboard.

DON'T SWIM ASHORE if the canoe capsizes. HANG ON. The canoe is more visible than the top of your head.

DON'T paddle out into the lake. STAY CLOSE TO SHORE.

IF A STORM BLOWS DOWN TRY TO FIGHT IT. Get down as low as you can and just steer. Go with the wind if you can.

The slick surface of wet asphalt roadways has sent many a motorist limping to the garage with flattened fenders and shattered headlamps. But now research engineers have come up with something that sharply reduces this accident hazard. When their special aluminum oxide abrasive is applied to the road surface, it cuts down by more than 30% the stopping distance of your car when you apply the brakes at 30 m.p.h.

So in addition to saving weight and work in a thousand everyday and special applications, aluminum may prove a major factor in saving lives, too.
