Double Victory
Boosts Altona's
Lead in Group

Altona chalked up two more victories in Claremont Community League activity during the past week to strengthen their hold on the top position in the group. They downed Peach's and Claremont in succession to give them a 5-point lead over their closest rivals. There's a three-way tie for the second rung with Mt. Zion, 4th Line and Claremont all deadlocked each with 14 points. Mt. Zion has a game in hand on the other two rivals.

Hodgson with one on gave the league leaders a thrilling 5-3 victory over Claremont in the first game of Monday evening's doubleheader. Hodgson's four bagger came in the last inning and was hit into deep centre-field. Bill Towner and Lloyd Pascoe shared the pitching chores for Claremont. Frank Hendy went the distance on the hill for Altona. These 2 teams square off again on Monday night in what promises to be another tight contest.

In the other game, Peach's and Fourth Line battled to a 5-5 deadlock. Peach's held a two run edge going into the final stages of the game but they couldn't hold the opposition in check. They are scheduled to meet again in the second game on Friday night.

Altona 19, Peach's 3
Claremont 13, Greenwood 3
Claremont remained in the heat of the battle for a top position in the group by downing Greenwood 13-3. The winners have played less games than some of their rivals. Bill

most Community Softball League by beating Peach's 19-3 in the first game of Friday night's doubleheader 13-3.

Doug Card and Murray Johnson shared the mound work for Altona. Bert Beckett and Bruce Middleton handled the pitching chores for Peach's.

Card, a regular with Pine Orchard in the Lake Simcoe circuit, and also a pitcher with Frigidaire in a Toronto Industrial league, turned in his first game in an Altona uniform. Although clipped for six hits in five innings, he was never in trouble as he received fine support at plate by his hard-hitting 'gam mates.

Altona scored two runs in the first inning on a single by Bruce McDowell and a home run clout by Glen Byer. Murray Johnson added another run in the second. Altona started to roll in their third turn at the plate when they hammered out six hits and scored four runs. They added four more in the third, six in the fifth and two in the sixth.

Glen Byer was the power batsman for Ray Hill's squad, tapping out four hits in four times at bat. Two of these safeties were home runs. Bob Stouffer and Bruce McDowell each had three hits.

Peach's started the game with only seven men. Two Altona players rounded out their lineup. Merv Bunker, one of the imports, counted the first run for Peach's in the second inning. Bert Beckett and Jack Warriner romped home with 2 in the fifth.

Claremont 13, Greenwood 3

NEWMARKET BINGOS
Monster Bingos will be held in the Newmarket Arena on Friday, Aug. 5 and Friday, Aug. 12. \$1.50. in prizes each night. Admission 50c. Proceeds for swimming pool fund. 11-2

Towner & Lloyd Pascoe worked on the hill for Claremont. Neil Pascoe started on the mound for Greenwood with Bill Brent pitching in relief.

Bill McCarthy, one of the best performers for Greenwood, scored the first run for his team in their opening inning. Claremont bounced back, however, in their half of the first and counted five runs. Wayne Redshaw, Walter Murray, Reg Sanderson, Gord Gauslin and Geo. Jerome crossed the plate for the winners. Jerome's hit was a four-bagger into the deep outfield.

Wayne Redshaw, the Claremont short stop and lead-off batter, scored Claremont's 6th run in the second and Reg Sanderson added another. Earl Gauslin romped home with a single run for the winners in the third and Claremont counted four more in the fourth. A walk to Lloyd Pascoe and a hit by Don Neal ended the scoring for the homesters in the sixth.

Bill Mitchell, one of the top third basemen in the league, scored a single run for Greenwood in the fourth. Catcher Joe Izaat homered in the sixth for Greenwood's final tally.

Although the score was somewhat one-sided, the contest was completed in one hour and fifteen minutes.

Many friends of Clarence Lagerer will be pleased to learn that he is recovering after being rushed to Toronto General Hospital Sunday for an operation.

Rev. E. Moddle
Succumbs to
Recent Operation

Rev. Ernest Charles Moddle, pastor of the Christian Memorial Church, Stouffville, and well respected in a large surrounding area, died unexpectedly in Toronto on Thursday, July 28, 1955, following a recent operation.

Rev. Moddle was born in Buxted, Sussex, in December 1884. Leaving school at the age of eleven years, he worked at several trades until his conversion in a Methodist Chapel in England. After he accepted Christ as his Master, he gave his free time to work in open air services among the poor and conducted evangelical services in the public houses of London.

In 1910 he came to Canada where he hoped to farm and give his time as lay preacher in the Methodist Church as his father was doing and is doing today, at the age of 70. Here he was convinced by ministers of the Methodist Church that he should enter the full-time work of the church. His fiancée, Maude Macey, who he had met in the mission work in London, joined him and they were married in 1911.

Under severe hardship he returned to school and in 1917 he was ordained in the Toronto Conference of the Methodist Church in Canada. He served that church in Northern Ontario, opening work in lumber and mining camps and new settlements around Elk Lake, New Liskeard and Thornloe.

The forest fires of 1911 and 1913 brought much hardship to that area and although much personal loss was suffered, Ernest Moddle worked strenuously in these years as minister and relief officer. Later he served the United Church of Canada in and around Toronto, culminating a lifetime of service in the Wesley and Mt. Pisgah churches in Whitchurch. Following superannuation he spent several very happy months among the beloved people of the Christian Memorial Church in Stouffville where he was minister at his death.

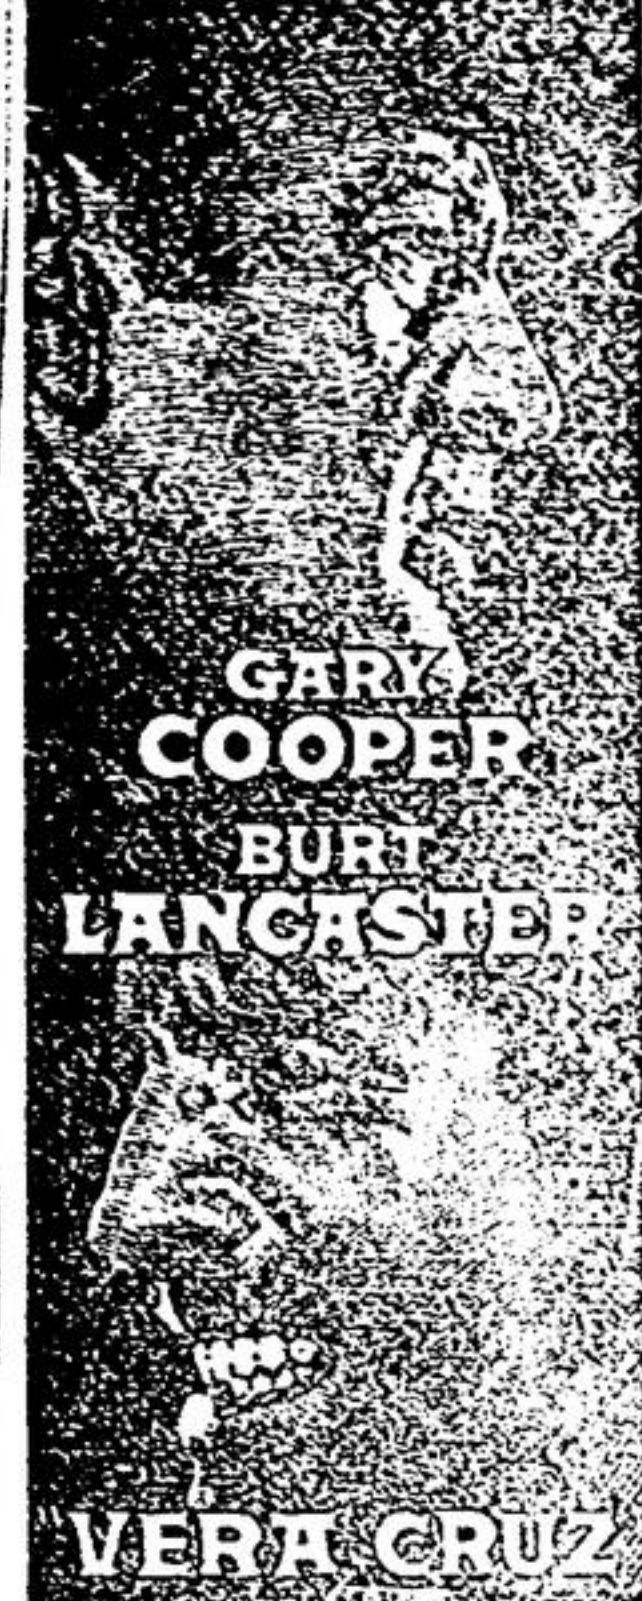

He is survived here by his wife, three sons, Rowland of Aurora, Douglas of Toronto, and Harold, minister of the Melville-Ballantyne United Churches, and two daughters, Ethel (Mrs. H. Dickin of Weston) and Betty (Mrs. J. Reed of London, Ont.). In England he is survived by his father and several brothers and sisters.

Funeral services were conducted on Friday, Aug. 1st, by Rev. Hughson, Victoria Square, chairman of Toronto Centre Presbytery, and Rev. V. Wood, minister of Wesley United Church, Aurora. Rev. W. Hunisett preached the funeral sermon, assisted by Rev. Harold Moddle. Pallbearers were Messrs G. Richardson, Art Starr, Allan Cooper, Harry West, W. Dickin and Stan Outhouse. Interment was in Aurora Cemetery.

GOODWOOD

Mrs. W. Slack of Stouffville was visiting her son Stanley and Mrs. Slack for a few days.

Mrs. Yakely and John spent two weeks with relatives at Island Lake and returned on Wednesday.

Walter Taylor spent an afternoon painting the picket fence. Keep up the good work Walter, it is a real good job for an eight-year-old to do.

A number of parents took advantage of the closing exercises of Vacation School at Fifth Line last Friday evening.

We are pleased to learn that Mrs. Andrew Wilson was improved enough to be moved to the home of her daughter, Mrs. Martin Galt. Mrs. Morley Symes nursed her last week at the home of her brother, Mr. David Symes.

Prayer meeting will be in the cool of the church basement on Thursday evening. Prayer is the foundation of a community — you are welcome.

Miss Doris Woodland is helping out at a summer resort at Miner's Bay.

Mr. and Mrs. Ron James and Marilyn had Saturday dinner with Mr. and Mrs. Dan Wagg.

Mr. and Mrs. Jack Todd and Teddy were holidaying a few days last week. The Slack family is away this week.

Mr. and Mrs. Don Spencely are holidaying at home these days.

Mr. and Mrs. John May Sr. and Mr. and Mrs. Wm. May attended the funeral of their cousin, Geo. Pierce, who dropped dead at the home of his sister while visiting from Iowa, U.S.A. Interment will be made at his home in the U.S.

Miss Phyllis Bowen, who is stationed with the R.C.A.F. near Montreal, spent a few days recently with her parents, Mr. and Mrs. W. Bowen.

Over one hundred sat down to supper at the United Church Sunday School Picnic held last Tuesday at "The Maples". Everyone reported a good time.

Sunday School and Church attendance seems to be decreasing. No doubt the current heat wave is partly responsible.

Sorry that part of the Goodwood news was listed under Glen Major last week.

Congratulations to Mr. and Mrs. Ken Wagg (nee Ruth Jefferson) on the birth of their son.

FIFTH WORLD
CONVENTION OF
CHURCHES OF
CHRIST

Dignitaries of church and state from 32 different countries of the world will participate in the Fifth World Convention of Churches of Christ to be held in Maple Leaf Gardens, Toronto, from August 16 to 21.

The prime objective of this convention, which has as its theme "Our Commitment — a Christian World," is to bring about a greater unity of the church and to enlarge and enhance the fraternity of world brotherhood.

The convention president is Edgar G. Burton, of Toronto. Guest speakers will include the Honourable Leslie M. Frost, Premier of Ontario, Mrs. Anne Miles of Argyll, Scotland, and Albert Anderson of Australia. Other important personages and celebrities who will participate in the five day program will include the Honourable Garfield Todd, Prime Minister of Southern Rhodesia, George Page of New Zealand, Basil Hala of South Africa, and Kenneth C. Hendricks of Japan.

Some of the more interesting highlights of the convention will include a mixed choir of 500 voices from different countries, a pageant of flags on opening night as a tribute to the various nations represented, and a world Communion Service. Approximately 12,000 delegates will be registered.

Cottage Season
Brings Hazards

Cottage fires and drownings, due mainly to carelessness and inadequate precautions, take hundreds of lives each summer, warns the All Canada Insurance Federation.

Officials of the Federation, which represents more than 200 fire, automobile and casualty insurance companies, said that half of all drownings occur during June, July and August and that the average summer cottage contains more fire hazards than most other locations.

Insurance experts recommended the following precautions for the holiday season:

1. Adequate fire-fighting equipment should be on hand

at all times.

2. Floors directly under heaters and stoves should be reinforced by sheets of galvanized iron, concrete or brickwork.
3. Chimneys should be equipped with spark screens and reflectors.
4. Pipes passing through partitions should be fitted with metal guards or collars.
5. Grass, brush and small trees near the cottage should be trimmed frequently.
7. Consult local health department for information on artificial respiration, water purification and other safety measures.
8. Never swim alone, when tired or too soon after eating.
9. Avoid excessive exposure to sun.

SWEET CORN STUDY MADE BY ECONOMICS BRANCH

Growers of sweet corn for processing will be interested in a study on the production of sweet corn for processing in Ontario which has just been issued by the Ontario Department of Agriculture.

The study, based on over four hundred production records during the crop years of 1945, 1949 and 1950, covers the subject exhaustively.

Compiled by J. B. Nelson of the Farm Economics Branch, the study shows total costs per acre of production; pre harvest costs; harvesting costs as well as setting forth the economic and physical factors affecting the successful growing of the crop.

The study shows that the average grower planted 8 acres of sweet corn and obtained a yield of 2.8 per acre. Net returns were \$75 per farm; \$9 per acre or \$3 a ton.

The study also indicates that the average amount remaining for risk and management, after all costs had been provided for, was 16 percent of the gross returns. Break-down of the cost of production shows 31 percent for labor; 28 percent for power and machinery; 15 percent for materials and 10 percent for land use leaving the net return at 16 percent.

Have Your Dropped In Milk Production?

MOST COWS ARE DOWN IN PRODUCTION BECAUSE OF THE EXCEPTIONALLY DRY SUMMER

Bulky Lax will help in supplementing dry pastures and builds body condition.
