Sale at 12 sharp  
DEL GOULDING, Clerk  
A. S. FARMER, Auctioneer.

The Regular Family Film Night will be held in the church here on Thursday, March 22, at 8 p.m.  
The choir are busy practicing for Easter and also for the Sacred Concert to be held in the church Good Friday Night.  
Mr. and Mrs. S. Davies and son, of Toronto, were Sunday visitors with Mr. and Mrs. B. Draper.  
Mr. and Mrs. R. Pearce spent Sunday with Mr. and Mrs. A. Pearce and family.  
Next Sunday evening Mr. Simmons will be in charge of the evening service and will show slides on the mission work in Bolivia.

The United States has decided to market another 10 million pounds of surplus butter abroad. Canada still has a surplus and a fresh influx of butter supplies from spring production lies ahead. Possibly, in the long run, the only way to deal with the problem will be to put cows on a 40-hour week.

## Buttonville Ladies' Guest Speaker Visited Russia

Mrs. Jean Leaf Harmony Club to hold luncheon  
Mrs. B. C. Sisler will be the guest speaker, when the Harmony Club of Brown's Corners Church entertains the women of this community at a dessert luncheon to be held in the church parlours on Monday of next week. Mrs. Sisler has returned from a two year sojourn in Europe, where she spent some time behind the Iron Curtain. A musical programme is also being planned.

On Saturday of last week, Mrs. Huston and her Explorer group enjoyed an afternoon out of doors in the flats of Braedon Farm. There wasn't enough snow for the sleighing party which Mrs. Black had planned, but the girls had an outdoor fire, and they cooked beans and roasted marshmallows in true camping fashion. Everyone went home wet but happy.

There were 13 tables of euchar when the Buttonville W.I. held its usual party on Friday evening of last week in Buttonville Hall. Prizes were won by Mrs. E. Walton, Mrs. Jamieson, Mrs. J. Calvert, Messrs Bert Nichols, Jim McLaren, and Wm. McGimpsey.

The lucky draw, a box of groceries, was won by Miss Elizabeth French. Hostesses for the evening were Mrs. George Oakes, Mrs. Wm. McGimpsey, Mrs. George Hooper and Mrs. Charles Hooper. The next euchar will be March 16.  
Mission Band members presented Miss Ellen Boynton with a Royal Doulton figurine—"Blythe Morning", when they met at Brown's Corners Church last Saturday afternoon for their March meeting. Miss Boynton, who has been a leader with the group for several years, will move from the area shortly and cannot continue the work. Janet Oakes, a past president of the Davidson M.B., made the presentation speech. Mrs. Freeman Barker, of Headford, was the guest of the afternoon. She brought with her a film entitled "Family Affairs" which the children found interesting.

At the conclusion of the meeting, prizes for Christmas card sales were presented to the following members:— 1st prize, Dale Brumwell; 2nd prize

Margaret Patterson and Joy Fuller (tied); others were John Rodick, Mary Hooper, Lynn Arnold, and Patsy Watters. This year the prizes were cash. Neighbourhood Notes  
Mr. and Mrs. A. W. Miller have returned from a motor trip to Florida, which they took in company with Mr. and Mrs. Joe Symonds. The highlight of the holiday was a weekend flight to Havana, Cuba, during fiesta time.

We are glad to welcome Mr. and Mrs. Doring and their son to the community. The Dorings have taken the house recently vacated by Mr. and Mrs. V. Bank.

We note by the Sales Register that the sale of Stock and implements belonging to Mr. Wm. Champion will be held on March 28, 1956. Another farm sold.  
Last Sunday morning at Brown's Corners Sunday School Joy Fuller was presented with a beautiful Bible. The presentation marked four years of perfect attendance for Joy.

And speaking of Sunday School, don't forget the Skating Party scheduled for next Saturday afternoon. Mr. Norman Reid will have his bus at Don Mills Road and No. 7 Highway to convey children to the Unionville Skating Rink. Bus leaves at 2:15 p.m. sharp.

After skating, the party will proceed to Brown's Corners Church, where refreshments will be served.  
Victoria Square W.I. members will be guests of Buttonville W.I. when the March meeting is held in Buttonville Hall on Thursday, March 15. Hostesses will be Mrs. John Williams and Mrs. Wm. McGimpsey. CGIT Girls Attend Open House At U.C. Training School  
On Friday afternoon of last week when the United Church Training School for Women held Open House, ten girls from the Victoria Square circuit C.G.I.T. group made a tour of inspection. Accompanying them were leaders Mrs. A. C. Huston, Mrs. John Black and Miss Nancy Spears. Mrs. Stan Defoe, who leads girls' work in this area, was with the party also.

Last Thursday, when March made its lamb-like entrance, we heard our first robin, and the cawing of crows has been heard for several weeks now—spring can't be too far away.

## Act on Rabies Report In Markham Township

Police of Markham Township reported to the Council that immediate steps were taken by them when the threat of rabies infection was first made known in this area. Already, they report, members of the force have made the rounds of schools in the township, warning the children not to touch any animals, wild or domestic.

Also submitted to council was the monthly report of the York County Health Unit, in which the director, Dr. Robt. M. King outlined the matter of rabies in detail. Following is the text of his report:

Laboratory examination of 2 foxes, one in the Newmarket area and one in the Schomberg area have shown rabies infection of the animals, and appears to indicate that we must assume that there is widespread rabies infection throughout susceptible wild life in the County. We can expect ultimate spread of the infection to domestic animals with increasing risk of human infection from bites of pet dogs or homeless strays.

Municipal officials should take immediate stock of their provisions and facilities for dog control with the close cooperation and assistance of the Federal Department of Agriculture and the provincial authorities in the wild life field. Every responsible adult, parent or otherwise, should ensure that every child coming under

his or her supervision is adequately instructed to avoid playing with roaming dogs. Children should be warned not to touch carcasses of dead dogs, cats or animals that might be found on the street or in the country. Should any person be bitten by a dog, cat or wild animal, no matter how friendly the animal, the family physician should be immediately consulted, the animal should be restrained, but not destroyed, and the health unit should be immediately notified."

## Same Names in Court, Convict Wrong Man

The story of a once-in-a-million case of mistaken identity was unfolded in Waterloo court.

It involved William Kinkade and John Kincaid both of Stratford, but not related. Both were charged with traffic-offences in the Twin Cities and both were slated to appear in court the same day.  
The only difference was that they were slated to appear in different courts. That proved to be the bug in the ointment. J. E. Clement, counsel for John Kincaid, told Magistrate Kirpatrick he was under the impression his client's case was being heard in Kitchener court.

He phoned a Kitchener justice of the peace and had "the Kincaid" case adjourned.  
In reality the John Kincaid case was being heard in Waterloo and the William Kinkade case was adjourned in Kitchener.  
The John Kincaid case was heard and he was convicted of careless driving in absentia and fined \$10 and costs.  
At the court session, Mr. Clement asked the court to reopen the case and have it heard in view of the circumstances.  
Crown Attorney Daufman, QC, objected on the grounds it would be setting a precedent. He said that although he sympathized with the inadvertent injustice, Mr. Clement's only recourse would be to appeal it.  
He said the magistrate had no jurisdiction to reopen the case. Magistrate Kirpatrick disagreed. He said he was ready to hear the plea, dismiss the case and let the crown attorney appeal it.  
He decided, however, to allow Mr. Clement to appeal the case.

### Who Will Save Hockey?

A visiting old-time hockey enthusiast who helped build hockey interest in another province a couple of decades or so ago attended a junior game at Lethbridge, Alberta, not long ago. Before 10 minutes he suggested that what present-day hockey needs is a goal in each corner of the arena—that is where the only action takes place.

Commenting on this statement the Lethbridge Herald says: "Some thing sad is happening to hockey as it is played these days—something sad from the spectator's standpoint. And that's why hockey crowds are dwindling. The finesse, the stick-handling, the passing game have gone. And in their place has come a wrestling battle-royal in the corners with arms and elbows taking the place of the smooth skating and stickhandling that made hockey Canada's national game."  
"Who's going to revive hockey and get 3,000 people into the Lethbridge arena instead of the few hundred? Who's going to save hockey from going the way of lacrosse?"

## Attention FARMERS

We need 1000 Farmers to attend a mass meeting to be held in Toronto. Marketing problems will be discussed and the serious decline in Net Farm Income. How can you expect anyone to be interested in your affairs if you are not willing to give some of your time to this cause?

## A Neater, Lighter Look In Shoes For Youngsters

### SLIM LOOK BACKED BY THE BOYS

For the school and college crowd this Spring and Summer, whether on vacation, at work or on the campus, there is no shoe that holds more interest than the one or two-eyelet oxford or moccasin.

The new low-top look continues this year. Many models are not so low cut as they were last year, but they still maintain that low slim look so fashionable today and in keeping with general fashion trends.

The Continental look that came over to this country a year ago is more popular with Canadians today than it ever was, with its slimmer look; lighter, more flexible lines and soles and the new glove-soft leather, putting it way out in front of the men's shoe picture.

Soles are trimmed closer to the upper part of the shoe to enhance that slimmer look. Less stitching and decoration creates a more modern lean look that appeals to Canadian youth.

The low-top-line combined with inserts of nylon mesh, shantung or woven leathers will have wide appeal for the coming season.

The moccasin continues to be an increasingly important shoe style, with the young man or the older man with young ideas and should be tops for Spring and Summer wear.

Browns in varying shades and black will be important in the colour picture. Colour combination too will be a style factor, and in this category white, off-white and ivory tones will show up with dark and light browns, blues and blacks.  
Young Fry Copy Dad  
In Low Tops

Just like Dad, the Canadian boy this Spring and Summer will wear shoes which have a continental flair. Boys will have new low-top shoes with one and two eyelet ties presenting a cleaner, leaner look with less ornamentation.

The sleek trim lines have been achieved by the use of new tapered lasts in both dress and casual shoes.

Left, for the spry young lad, a four-eyelet tie oxford with perforated vamp, giving a woven leather effect, for good ventilation in warm weather. Right, for the boy growing up here's a three-eyelet tie casual in tan brown with insert of white at vamp.

Sleek and slim are these low-top moccasins in crushed leather. An all-time favourite, this shoe has taken on a new look with a Continental air in this very slimmed-down version.

The two-eyelet oxford is among the top choices this coming season. It will be worn in grained leathers, perforated leathers and two-tone combinations.  
Following closely behind this Spring is the moccasin in the new two eyelet version. The slip-on shoe without gores, sleek and slim looking, will also be a popular choice for boys.
