The speaker for the evening was Mrs. Huston of Victoria Square, who showed very interesting pictures and told of the ministry which she and Mr. Huston carried on among the Indians at Nelson House in northern Manitoba and the surrounding reserve. We were glad to have several members of the W.A. and W.M.S. join with us in hearing a most interesting talk. The Layette which the group is contributing to the W.M.S. was displayed as well as distributing the tickets for the May 23rd trip to the Crest Theatre. The meeting closed with the serving of delicious refreshments by Toots Taylor, Dorothy Smith and Sylvia Scarlett.

The Shorthorn herd which had a fine reputation throughout the continent was sold earlier in the spring, and last Tuesday's sale was of implements and other stock.

There was not a large attendance, but those present were buyers and the bidding was lively with satisfactory prices reached. Everything in the sale belonging to Braedoon was sold, some implements belonging to other parties were not disposed of.

Mr. Gray has rented the acreage, and Mr. and Mrs. John Black and their two sons will move to the vicinity of Acton later in the season, where Mr. Black will go into business for himself.

Church service at 2:30 p.m. on Sunday, June 3rd.

Mr. Wilmot Vague has retired from his job as one of the road gang and is enjoying life. His fellow workers helped a lot by presenting him with a fishing rod.

Neighbors showed their interest by attending, with over one hundred guests, the wedding of Miss Barbara Hisey and Mr. Stewart Wideman in the church on Saturday afternoon. Barbara has attended Sunday School here all her life, helping out in many ways, as pianist, teacher and always a faithful pupil. We shall miss her very much, now that she will be moving to her new home in Stouffville, where she will attend the United Missionary church with her husband, and will also teach school in town this year.

It was encouraging to see so many at the prayer meeting last week. Keep coming.

Mr. Cliff Morganson delighted the hearts of seven small boys on Saturday when he took them on a fishing trip, also treated them to ice cream and pop. One boy remarked, "We filled all the seats and one boy left over," at the snack-bar. It paid off. Every boy was to Sunday School the next morning. Good for you, Cliff!

Mr. and Mrs. Thomas Grove called on folks of the neighborhood on Sunday afternoon to stir us up and remind us that our prayers are needed everywhere, and requesting prayer

THE RIGHT PRICE

THE PRICE of a basic industrial product in an expanding country such as Canada should be low enough to encourage maximum sales against world-wide competition.

The price should also be high enough to recover all costs and provide an adequate profit.

Without profits further expansion could not be paid for, and expansion is necessary if there are to be new jobs for our increasing population.

In fact, without profits there would be fewer and fewer jobs than now, instead of more and more.

And without profits there would be no return for the shareholders on their investment; and there are almost as many shareholders in industrial companies as there are employees.

The right price for Canada, then, must include a profit for investment in our future growth.
